CADILLACS.

Cadillac dependability cannot be limited to the original purchaser of the car. If it is no desirable to own a new Cadillac, it certainly must be equally as desirable at a comparative figure to own a used one.

The original purchaser receives in service only a small fraction of his total depreciation when he makes it possible for you to buy, through us, such a car after one year's driving.

Our careful inspection and cor-rection of any imperfection is your guarantee of satisfaction.

We now have several beautiful models for you to select from.
