ican nominee dealt with many other subjects in his barbecue speech. He attacked the democratic party as party of "phrase-making" and praised the republican protective policy as

an example of constructive "perform ance" under republican guidance.

Conl Car Snarl Assailed. He also again assailed the interure to pro-rate coal cars under th provisions of the Esch-Cummings

ct declaring that were he president, he would "set aside" a commission which pursued such a policy. In his reference to the tariff ques-

tion he made particular reference to the iron and steel industry as an instance of helpful development under protection. He called attention to th southern tariff congress recently held at New Orleans and added:

They weren't quite ready to accept the republican covenants but they were good and ready to accept the ioctrine of tariff protection. They took the first step toward emancipa

tion from paralyzing democracy." Detailing the provisions of the Each-Cummins law, Mr. Harding said not only contained a "new bill of political matter sept through rights for labor." but offered a means of improving the coal situation by authorizing the interstate com-

mission to insure an equitable distribution of cars. Rail Stand Not Clouded.

"That's the Cumming-Esch bill," he continued. "I know it is not enforced under the present administration. Th interstate commerce commission took Pronounced Shocks Reported in it upon liself to set the law aside and were president I'd set aside the interstate commerce commission that did it?
