CANADIAN PACIFIC RAILWAY LAND.

TOUR LAST OPPORTUNITY.

In Central Alberta and Saskatchewan are rich park lands—open prairie ready for the plow, interspersed with trees, which afford excellent shelter for stock. Here grain growing, dairying and live-stock raising are being carried on successfully. The country is ideal for mixed farming. The Canadian Pacific Hailway is offering a large area of these fertile lands in Lieydminster and Battleford districts. This fertile land will become the home of thousands of prosperous farmers. On similar land Seager Wheeler grows the world's prize wheat. Near Lloydminster the world's prize oats have been grown, and butter of the highest quality is made. A man can soon become independent on a farm in this district. These lands can be bought now at prices averaging about \$18\$ per acre. You pay down 10 per cent. If land is purchased under settlement conditions, no further payment of principal until end of fourth year; then sixteen annual payments. Interest is 6 per cent. Also thousands of acres of trigated lands in Southern Alberta at \$50 per acre, on which the company will loan \$2000 for improvements to approved purchasers, with twenty years to pay for land and loan. Reduced rates issued to land-seekers. For further particulars see Canadian Pacific Railway Co., 208 Rallway Exchange bids. L. P. Thornton, district representative.
