

NEW FLAVS CABINET FOR LEAVING POSTS

Cox Election Means Continued Wilsonism, Assertion.

HOLD ON POWER SOUGHT

Senator New Points Out 10 Men Are on Tour Instead of Running Nation.

CHICAGO, Oct. 24.—(Special)—"Judge Hughes is absolutely correct when he says that if Cox is elected it will mean perpetuating the Wilson administration in power," said Senator New, chairman of the speakers' bureau at republican national headquarters, today.

"Where is the cabinet now? In Washington, at the ship of state where God knows such state craft as any of them possesses is sorely needed? No, with the exception of Burleson of the postoffice, every mother's son of them is out campaigning for Cox. Even the prince McAdoo, they are out defending the league of nations, and all the wonderful and incompetent methods of the Wilson regime.

Senator New pointed out that the 10 men, who ought to be at posts of duty and doing what they can to help the nation back into channels of peaceful industry, are scattered all over the country. Even the secretary of State Colby, secretary of War Baker, secretary of the Navy Daniels, secretary of the Treasury McAdoo, secretary of Agriculture Meredith, secretary of the Interior Payne, secretary of Commerce Alexander, secretary of Labor Wilson and Attorney-General Palmer.

DR. LOVEJOY TO SPEAK

Democratic and Prohibition Candidate to Be Heard at School.

Dr. Esther Pohl Lovejoy, candidate of democratic and prohibition parties will speak in the auditorium of the Lincoln high school at 8 o'clock tonight on the issues of the campaign.

Other speakers on the programme are W. J. Herwig, superintendent of the Oregon Anti-Slavery League, Mr. Green and Mrs. Ada Wallace Urub, executive secretary of the Multnomah County Dry congressional committee.

Yesterday was observed in churches affiliated with the ministerial association as prohibition day, emphasizing the necessity for a strong advocacy of prohibition enforcement in congress. The association endorsed Dr. Lovejoy at a recent meeting and yesterday's programme was a feature of the efforts of the ministers to elect her. Dr. Lovejoy spoke at the Calvary Baptist church at 6:30 and at the Glenwood Baptist church at 8 o'clock last night.

SPEECH WEEK NOV. 1

Better and Purer English Is Aim of Move in Schools.

Better speech week, designed to encourage better and purer English, has been announced for the week November 1 to 5 inclusive in Portland schools. The object of the week, which is observed in almost every state, is a nation-wide pride in the use of the mother tongue, and the development of elegance and force in speech and in writing.

Common needs of Americans in the use of the mother tongue, which are pointed out by the teachers and others taking an active interest in observation of the week are softening and lowering voice pitch, avoidance of provincial and slang expressions and clear enunciation. The backers of the plan also strive to interest all in widening their vocabularies and to afford clear and precise expression.

FLOWERS SCORES WILSON

California Campaigner Addresses Crowd at Grants Pass.

GRANTS PASS, Or., Oct. 24.—(Special)—Montaville Flowers of California, addressed a well filled house last night. Mr. Flowers dwelt principally upon the league of nations, saying that a nation was born, not made. President Wilson was scored for his alleged attempt to create a super-nation.

Mr. Flowers also urged voters to support Stanfield and declared that if Chamberlain were elected the situation would be as bad as the present. One of the chief features of the evening was the singing of political songs by a young men's quartet. The songs were original and were well received.

Wilfred Allen, chairman of the Josephine county central committee, presided.

OIL STATIONS ARE ROBBED

Holdups Are Reported Within Five Minutes of Each Other.

Two oil stations were added to the list of recent holdups last night, both being located within five minutes of each other. The first to be reported was the Standard Oil station at Sacramento street and Hill street. F. G. Boyson, keeper, was confronted by a masked robber at 10:20 P. M., who covered him while rifling the till.

The second was also a Standard Oil concern, at Twenty-fourth and Thurman streets. The clerk was held up and relieved of the day's proceeds while on his way home. Neither man could give an adequate description of the robbers, or could tell the amount of loss.

MAYOR PROMISES TO HELP FINISH ALBERTINA KERR NURSERY'S NEW BUILDING.

MAYOR BAKER AND MRS. BEN W. OLCOTT, HONORARY PRESIDENT, AT NURSERY, EAST TWENTY-SECOND AND SANDY.

The drive of the Albertina Kerr nursery for funds to complete the building at East Twenty-second street and Sandy boulevard was today, Mrs. Ben W. Olcott, wife of the governor, and honorary president of the nursery board, held a conference with Mayor Baker last week and got the mayor to promise that he will sell tags on a prominent street corner November 5 for the benefit of the fund. If he is elected he will buy the first tag himself. All other candidates are willing to sell tags, too, they have declared. But before the day there is the city-wide appeal for money, subscriptions, gifts and donations to help the cause along. Scores of home-owners are without adequate care and shelter, awaiting completion of the building. Every dollar given will go to the building and fitting up of the nursery. Not one cent will be for expenses of the drive, Mrs. R. E. Bondurant, president, and Mrs. Olcott, honorary president, have stated. The headquarters at 402 Artisans building are in charge of Frank Hilton.

U. S. MUST SAVE RUSSIA

FORMER RABBI DECLARES RUSSIA NEEDS LIGHT.

Civilization, Humanity and Brotherly Love Lacking in Asia, Says Jewish Speaker.

America must bring light to Russia in order to save the country, was the substance of the message delivered last night by former Rabbi Joseph Goldman at the Multnomah hotel under the auspices of the Willbur Methodist Episcopal church. "Russia needs civilization," he said. "The world needs also humanity and brotherly love."

"Bolshevism in Russia is just like the teachings of the industrial workers of the world here, he declared, and there must be a 'home sweep' as he termed it, here, before Bolshevism can be eradicated entirely.

"Russia is not lost today," stated the ex-Rabbi, who for forty years went to Poland in 1880. "Russia needs missionaries, Russia needs freedom, not in church, but in God."

The horrors of the methods in which the Russians killed the Jews were related by the speaker, who said he had been an eye-witness of some of these tragedies. Ten Czar killed 2,500,000 Jews, he said, for the sole reason that they were Jews.

Two serious stumbling blocks in Russia today, he declared, are the religion and lack of education. The Russian system had depended on man power and not on civilization, he said. "Nine out of every ten persons today are living in a mystic maze," he said. "Truth, Christ will make you free forever. Call upon Christ in your trouble."

Hawaiian Music Makes Hit at Auditorium Concert.

Cordial Applause Given Numbers by Charles Diamond—1904 Hit Program.

AT the concert of popular music yesterday afternoon, there were 1094 paid admissions, and the cordial applause indicated that the audience liked the kind of varied music presented.

Two dozen singers from the Portland Oratorical society, Joseph A. Finlay, conductor, sang with spirit and commendable attention to phrasing, four choruses, the principal one being Handel's "Hallelujah" chorus. From "Messiah" the extra chorus number, in response to a recall. "The Bells of St. Mary's." The piano accompanist was Miss Dana Lavesay.

Lucien E. Becker played in excellent style several organ solos, the best liked being the "March" from the opera "Aida," Gaultier's "Le Secret," and Mendelssohn's "To a Willow." Next Sunday afternoon, the programme will include numbers from the Schubert club chorus.

Obituary.

KELSO, Wash., Oct. 24.—(Special)—George W. Taylor, 77 years old, justice of the peace in Kelso for many years, and a veteran of the civil war, died at the Oratorical society's home Wednesday. Mr. Taylor was a native of Ohio, and served throughout the war.

A Bad Cough

If neglected, often leads to serious trouble. Safeguard your health, relieve your distress and soothe your irritated throat by taking

PISO'S Dead Men Tell No Tales. A large advertisement for PISO'S medicine, featuring the brand name in large, bold letters and a testimonial about its effectiveness for coughs and throat issues.

VETERANS ARE FOR BAKER

SPANISH WAR CAMPAIGNERS ASK MAYOR'S RE-ELECTION.

Letter Indorsing Candidacy of City's Chief Executive Praises His Work in the Past.

Word was received yesterday by Mayor Baker that the members of Auxiliary 2, United Spanish War Veterans, had unanimously indorsed him for re-election at a meeting held Thursday.

Enclosed in the notice of this action is a copy of a letter which is being sent out to all members by the officers of the organization. The letter follows: "Auxiliary number 2, United Spanish War Veterans, at their last meeting adopted resolutions asking that the support of all members to the cause of re-electing George L. Baker, mayor of Portland at the election November 2."

"This organization is not political in any sense and it is not customary to indorse candidates, but in this particular case the issue is much more than political. Mayor Baker represents and leads true Americanism in this city and has gone down the line on this issue working hand in hand with all organizations for the protection of the cause. Everybody knows his remarkable war record and his attitude toward those who have helped win our wars. For three and a half years he has met an endless number of emergencies and problems in a big, broad way that has put Portland on the map for loyalty and kept the city free from troubles that have beset some other cities. The present and the future will bring forth equally big problems which must be met in advance of disaster and we feel he will meet them in the future as he has in the past."

"We know Mayor Baker and know where he stands and should therefore do everything in our power to retain him in office."

"You will be counted on to join in this work in every way you can."

COUNCIL KEEPS FAITH

3-MILL TAX MEASURE UP THIS YEAR BECAUSE OF PROMISE.

Same Conditions Which Made Levy Necessary in 1920 Said to Exist Now.

The three mill tax measure adopted by the voters a year ago to apply to the voters again this year by the city council merely as a matter of keeping faith with the people, according to an explanation made yesterday by City Attorney LaRoche.

"The three-mill tax was adopted by the voters a year ago to provide sufficient money to carry the city through the year 1920," said Mr. LaRoche. "The council in submitting the issue to the voters, before again imposing the tax for the year 1921 it would be submitted to the voters regarding whether the conditions which necessitated the tax for 1920 had changed. The conditions which made the tax necessary for 1920 have not changed, but the council decided to keep faith and again submit the question."

"There seems to be an impression that the three-mill measure means a new tax or an additional three mills or an increased tax over the tax for the present year. That is not a fact. The measure now on the ballot will, if adopted, permit the city council to levy only the same levy as was levied for 1920. If it is not passed the council will have to levy three mills less next year than was levied this year."

This reduction of three mills would mean the city council would have to make an arbitrary reduction of one-third in every department. This would hit such services as the fire department, police department, street cleaning, etc., an awful job because these services are even now inadequate to meet the demands of a growing city."

WINTER GARDEN SMOKED

Damage of \$250,000 Done by Fire in Theatrical District.

NEW YORK, Oct. 24.—Damage estimated at \$250,000 was caused by fire in the theatrical district today. Flames swept several buildings and the Winter Garden was damaged by water and smoke. J. J. Schubert, manager, and two firemen were injured.

CITIZEN CLASSES GAIN

Y. M. C. A. Forms Additional Groups and Adds Instructors.

A large enrollment in the courses in citizenship conducted by the Oregon

Institute of Technology of the Young Men's Christian Association has caused the formation of additional classes. R. H. Watson of Walla Walla, Wash., has been added to the staff of instructors. He will teach elementary subjects and help foreigners to qualify for American citizenship. Mr. Watson formerly was superintendent of schools at Coquille, Wash.

A division for the education of older men has been organized and instruction in the White home, 121 Florida street, we enrolled a man who had earned \$12,000 a year, but he could not write correct English," said L. R. Reynolds, education director of the institute. "It is surprising to know the number of men who are eager, at their late age, to undertake studies in elementary subjects which will make them more useful."

Many loggers who visit Portland during the winter months only for a few days at one time have shown an interest in elementary subjects this fall, and encouragement has been given by lumber companies and logging superintendents.

BABY FINDS MATCH, FIRE

4-YEAR-OLD IN QUARANTINE, RESTLESS, EXPLORES ATTIC.

H. M. White Dashes Home From Auditorium and Crowd at Concert Jams.

Hal M. White Jr., 4-year-old son of the secretary to Mayor Baker, was restless in the mayor's clothing and a diphtheria warning over the front door and given orders that the youngster should remain in doors.

Because of his enforced quarantine Hal, junior, went on an exploration trip into the garret. He found a match in his dad's hunting shirt. But why tell the rest of the story? About 10 minutes later fire apparatus responded to an emergency call to the White home, 121 Florida street. Diphtheria warning over the front door, firemen broke through the front door, and furniture was damaged by water. The total loss will not exceed \$300.

Mr. White at the time was assisting in the ticket sale at the auditorium, of which he is manager as well as secretary of the mayor. Closing down the ticket window, he hurried home as soon as he had heard of the fire alarm. As a result the crowd arriving at the auditorium for the afternoon concert, became congested and jammed. Some little difficulty was experienced in handling the crowd.

"Troubles never come singly," laughed the mayor's secretary after the fire alarm had subsided, and after Hal Jr. had promised never to experiment with matches again.

STANFIELD GAIN MOUNTS

CHAMBERLAIN BACKER IS OUT FOR REPUBLICAN.

Dr. W. A. Wise of Barview, Or., Says Situation Is Too Serious to Chance Democratic Senate.

Dr. W. A. Wise of Barview, Or., which is on Tillamook beach a few miles from Tillamook city, is a republican who has always been a backer of Chamberlain. He said yesterday he is now one of thousands of such voters, and many democrats, who will cast their vote for Robert N. Stanfield for United States senator.

"The present situation in the United States," said Dr. Wise, "is too serious for the welfare of the country to be jeopardized by possible democratic control of the United States senate. That would be a calamity, indeed, for only by backing the republican president with a republican senate will it be possible for republican policies to prevail."

"My practice requires me to travel each week in my territory from Tillamook to Wheeler. Everywhere I find the same sentiment, and it is becoming stronger every day. Harding will receive a vote that is simply overwhelming, and events of the last three weeks make it certain that Stanfield will not be far behind him."

"The extent of this sentiment may be judged by what has happened to the betting odds. Three or four weeks ago they were 2 to 1 or 3 to 1 on Chamberlain. A couple of weeks ago they had dropped down to 10 to 5. Now they are even money, with at least no Chamberlain coin to be found."

Italians Counter-Attack Turks.

LONDON, Oct. 24.—The Armenian troops, according to a London Times despatch, have begun a counter-attack against the Turks on the entire front.

"The System" To the People of This Section:— AS you read the following, remember that to be Happy, to Carry-on, to Fight the Good Fight and to Succeed, one must have Courage. Remember this as you read and that some of us have the Courage.

The other day a man came into our store and looking wistfully at the different models said, "I really need a new suit, but—" "But what?" asked the salesman. "Well, frankly I dread the criticism of my friends. They tell me not to buy now, that everyone is trying to unload through 'a sale' before prices go lower."

This is a sample of what is today in the mind of the average man in this section—a result of the policy and custom of The System. It is these teeth of The System that sink its fangs into the common sense of men, which we propose to extract—to free The Public of pessimism—to permit the wheels of Progress to go merrily and prosperously forward for you and you and you.

Therefore, if you are one of those within the grasp and the innocent "goat" of The System, press hope to your breasts and prepare for "The Evidence" and a proposition that I will make in a few days, whereby our interpretation of the Golden Rule will break your fetters and convince you that this is no time to preach or practice the doctrine of "skimp and save and deny oneself the necessities of life."

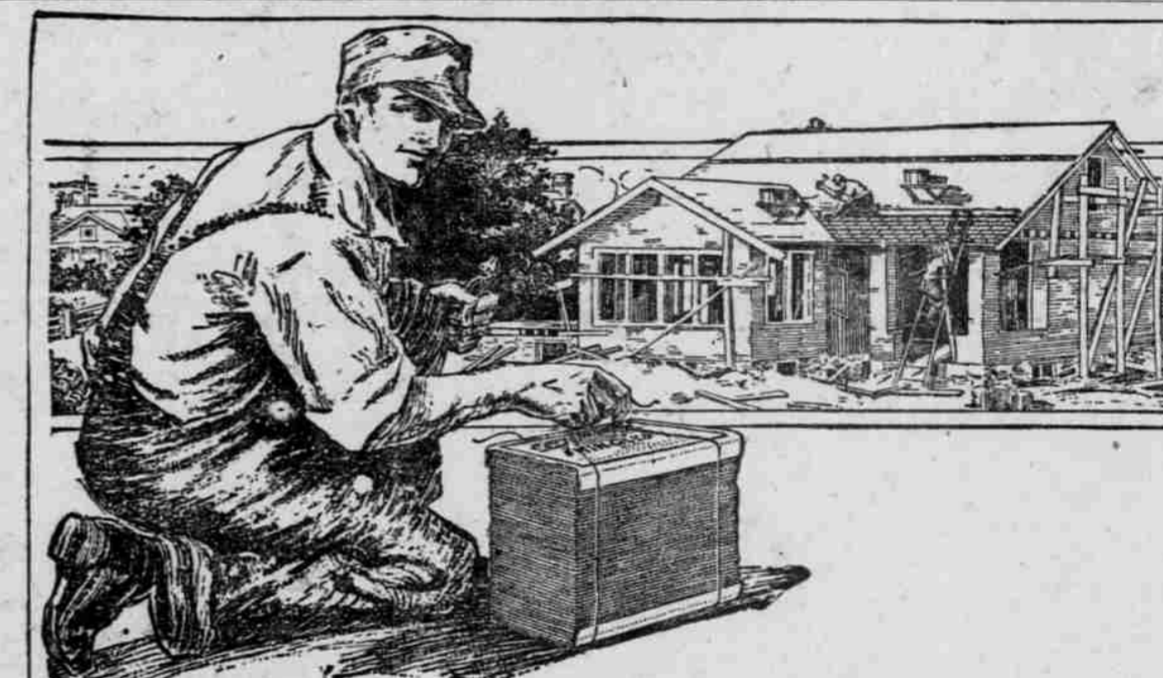

I know the workings of The System. During 25 years' actual experience I have accumulated complete knowledge of it—how, by its system of "sales" and "re-sales," it continually keeps the Public Mind in a state of confusion and uncertainty.

I know it would be frivolous for me to come forward in this way with any ordinary proposition. So you may expect a really unprecedented thing in the history of post-war readjustment periods when the instrument I shall use is ready for application to the proposition I shall make in a modern interpretation of The Golden Rule.

My statement tomorrow will contain "The Evidence."

R. M. Gray

A Beautiful, Long-lived Roof—Certain-teed Shingles

Certain-teed Asphalt Shingles, in subdued reds or greens, add an attractive touch to the appearance of any home. Their surface does not wear off, wash off or change color and they do not crack or break.

In addition to their beauty, they provide weather protection and are, at the same time, fire-retarding and spark-proof. Their cost is low compared with other equally high grade types of roofing and they are guaranteed for ten years.

In addition to shingles, Certain-teed Roofing comes in rolls, mineral-surfaced red or green—much like the shingles in appearance—and also in the smooth surface staple gray kind.

Like all products bearing the Certain-teed label, Certain-teed Roofings are the highest quality. See a Certain-teed dealer the next time you need roofing. He can help you select the best kind of roofing for your purposes and sell you what you need at a real saving in cost.

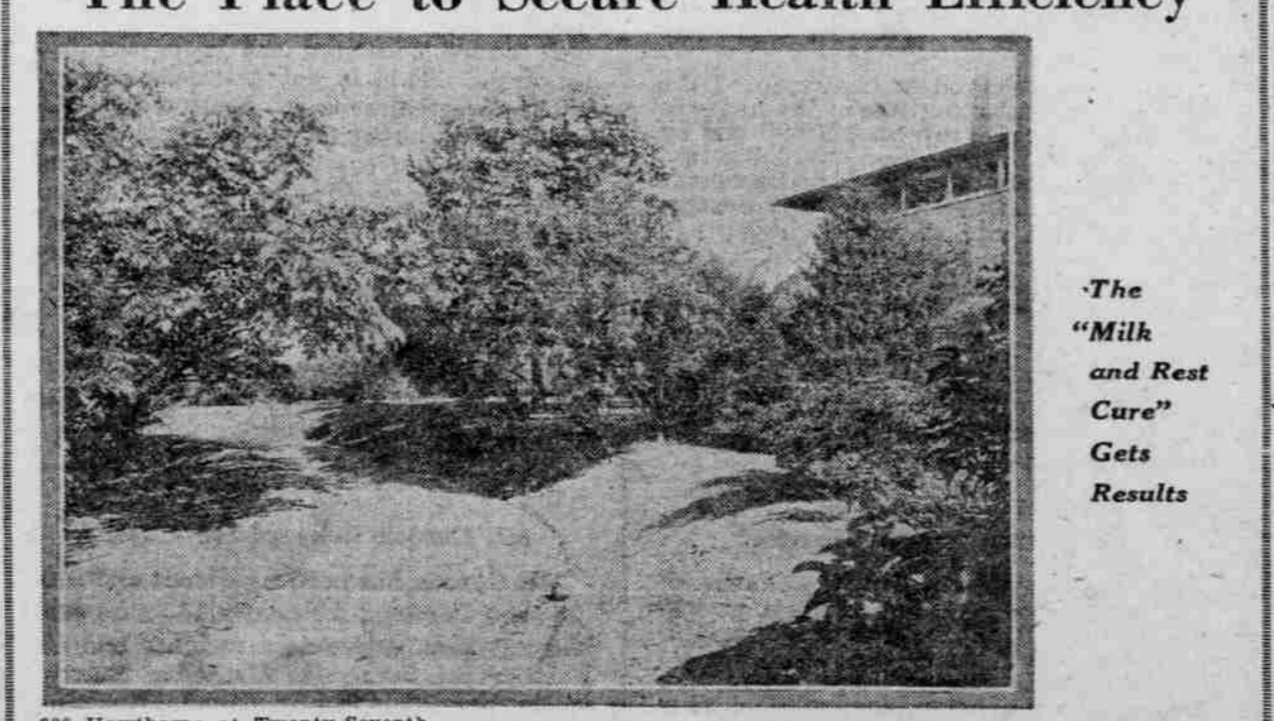

Certain-teed Products Corporation General Offices, Saint Louis Offices and Warehouses in Principal Cities
