CANADIAN PACIFIC RAILWAY LAND.

YOUR LAST OPPORTUNITY.

In Central Alberta and Sankatchewan are rich park lands—open prairie ready, for the plow, interspersed with trees, which afford excellent shelter for stock. Here grain growing, dairying and live stock raising are being carried on successfully. The country is ideal for mixed farming. The Canadian Pacific Railway is offering a large area of these fertile lands in Lioydminster and Battleford districts. This fertile land will become the home of thousands of presperous farmers. On similar land Scagar Wheeler srows the world's prize wheat. Near Lleydminster the world's prize what have been grown, and butter of the highest quality is made. A man can soon become independent on a farm in this disperier. These lands can be bought now at prices averaging about \$18 per acre. You may down 10 per cent. If land is purchased under settlement conditions, no further payment of principal until end of fourth year; then sixteen annual payments. Interest is 6 per cent. Also thousands of acres of irrigated lands in Southern Alberta at \$50 per acre, on which the company will loan \$2000 for improvements to approved purchasers, with twenty years to pay for land and loan. Reduced rates issued to land-seekers. For further particulars see Canadian Pacific Railway Co., 208 Railway Exchange bidg. L. P. Thornton, district representative.

FOR SALE-1919 Cadillac 7-passenger,

AT THE COVEY MOTOR CAR COMPANY PLANT.

The volume of business done by an organization is the greatest comparative basis upon which to judge the successful operation of such an organization.

FOR SALE-AUTOMOBILES.

It is implied through the successful operation of any business that the general public concedes that it is getting true value for its -money, that it is receiving perfectly satisfactory services and that it has implicit confidence in the entire personnel of the organization.

Even in the face of such great influencing conditions such as the closing of our shippards, the mid-summer tightesing up of money prior to election, the so-called gasoline shortage, and recent declines in prices, we have felt no appreciable irregularity in our monthly turnover. We have adjusted our prices to

We have adjusted our prices to meet such conditions without sac-rificing our adopted principles re-garding rebuilding and remnishing so as to always offer the highest possible value, and as a result our sales from one month to another vary but little and our total vol-ume of business is maintained.
