

## BEWARE, M'ARTHUR WARNS OF RADICALS

Extremists Now in City Striving to Overthrow U. S.

### DOCTRINE ONE OF HATE

Majority of Public Blind to Red Menace, Says Representative in Sellwood Address.

All loyal Americans were urged to be on guard against radicalism and those who seek to overthrow the government of the United States by C. N. McArthur who addressed a republican meeting at the Sellwood Community house last night.

"Radicals are in our midst—right here in Portland," said Representative McArthur. "My attention has been called to a meeting which was held in this city the night of October 17, attended by about 500 men. This meeting was in the nature of a protest at the imprisonment of Dr. Marie Equi, the convicted seditionist."

"Addresses of the most inflammatory character were made by speakers of great ability—well-dressed and highly educated men. One of these men is a college graduate and the others are men of ability and force. They protested at the Equi conviction and declared our courts of justice to be 'tools of Wall street.'"

**Jurist Considered Impartial.**

"Can any sane person imagine either Judge Bean or Judge Wolverton being anything but a learned and impartial jurist?"

"This doctrine of hate of our institutions is but part of a general campaign to overthrow the constitution and government of the United States and to set up a soviet government here. This campaign is under way in all parts of the country, but the great body of people do not appreciate the threatened danger. It is time to stamp out this menace and here are two ways of doing it."

"First, deport all alien radicals, and second, punish all native born or naturalized citizens who preach the doctrine of the overthrow of our government. It is no time for time-serving politicians to temporize with the radical element."

**Public Blind to Danger.**

"America offers ample opportunities for the industrial, the prudent and the patriotic and we have made great strides in the enactment of protective and humane legislation. The great majority of the people are believers in our form of government and they are loyal and patriotic, but many of them do not appreciate the dangers which confront us."

"I am in a position to know something about the activities of the secret enemies of the government during the recent war and I know something about what is happening today and I admonish you all to bear in mind that familiar quotation: 'Internal vigilance is the price of liberty.'"

### VETERANS INDORSE PERKINS

Society So Far Supports Only One Candidate.

Indorsement of Dr. T. L. Perkins for city commissioner was announced yesterday by officers of batteries A and B, Veterans society, Dr. Perkins, who is a veteran of the Spanish-American war, was the only candidate for city commissioner proposed by this organization, which consists of veterans of both the recent war in Europe as well as the Spanish-American war. In addition to his indorsement, Dr. Perkins also received the unanimous indorsement of the Spanish War Veterans of which organization he is a member.

### SHINGLES TO GO BY WATER

55,000 CARLOADS SHUT OFF FROM EAST BY RATES.

Deal With Ship Companies Will Stimulate Industry in Pacific Northwest.

SEATTLE, Wash., Oct. 25.—The vast bulk of 55,000 carloads, or 13,750,000 shingles, now said by manufacturers to be shut out of the eastern markets by the new high railroad rates, is expected to be moved by water from Seattle and other northwest ports to the Atlantic coast ports.

### ARREST FOLLOWS BLAZE

Allen James Charged With Starting \$10,000 Sunday Night Fire.

CENTRALIA, Wash., Oct. 25.—(Special.)—Fire that started about 10 o'clock Sunday night destroyed a poolhall and the residence of Mrs. C. M. James at Rochester, west of Centralia. The loss is estimated at \$10,000, about half of which is covered by insurance.

While the townsfolk were fighting this blaze, another fire broke out in John Furlong's barber shop, but this structure was only slightly damaged. Numerous other buildings were threatened by the fire and calls for help were sent to Gate, Centralia and other nearby cities. A dancehall occupied the upper floor of the burned structure.

Allen James was arrested following the fire on a charge of having been responsible for it. He was taken to Olympia and placed in jail.

### MURDER SUSPECT BURIED

Man Believed to Have Murdered Harry Gregg Partly Identified.

PROSSER, Wash., Oct. 25.—(Special.)—Under orders of Sheriff C. C. Rolph, the body of the man found in the Columbia river near White Bluffs, suspected of having murdered the murderer of Harry Gregg of Othello, this afternoon was buried in the Prosser cemetery.

The fact of the fact that the murderer of Harry Gregg and the assailant of Mrs. Gregg wore a red handkerchief that concealed all but his eyes during the fiendish attack at the Gregg home, it was decided that it would not be worth while to hold the body until Mrs. Gregg could personally view it, as it would not be possible for her to add anything to the partial identification that was yesterday made by her brother and brother-in-law.

Local officials are convinced that the man who was buried, committed the Gregg crime and then killed himself a short time after by wading into the Columbia river near White Bluffs, 20 miles from Othello, and blowing his brains out with a revolver.

### PAVING NEARS COMPLETION

ST. HELENS, Or., Oct. 25.—(Special.)—With the exception of 1400 feet between Honeyman station and Warren, the pavement is completed between Portland and Tide creek, seven miles from St. Helens. The Warren Construction company will have the gap completed Wednesday night, and will then pave at Tide creek. Two-tenths of a mile is incomplete there and it will take four days to finish.

### SCOUT PATROLS ORGANIZED

ABERDEEN, Wash., Oct. 25.—(Special.)—Three patrols of a new boy scout troop were formed at a meeting Saturday night in the gymnasium of the First Methodist church. The patrols are the Eagles, Elliott Pulver, leader; Fox, William Turnbow, leader; Wolf, Earl Williams, leader. The fourth patrol will be formed Friday night. All four patrols will meet on that evening to evolve a programme of activities. Gordon Williams is acting as scout master, with T. R. Black as assistant.

giving excellent results in a coal mine in Europe.

## HOW MRS. RIGGE RECOVERED COLOR AND STRENGTH

Thin Blood Robbed Her of Energy and Made Her Melancholy, Despondent and Weak.

Many different symptoms are caused by thin blood. If you are nervous or melancholy, sleepless, run down and despondent try building up your blood. There is no better treatment for anemia and a run-down condition than that used by Mrs. Emma Rigge, of No. 300 Wadsworth street, Saginaw, Mich. She says:

"I was terribly run down, had no ambition and would get dizzy spells. My color was poor and I had numbness in my hands. My blood was so thin that I was cold all the time. I had to be very careful as I caught cold easily. My appetite was fickle and I slept badly."

"One day I read about Dr. Williams' Pink Pills in a newspaper and decided to try them. I noticed an improvement while I was taking the first box. My appetite picked up and I gained strength and ambition. Dr. Williams' Pink Pills did me a wonderful lot of good. I have no dizzy spells any more, am not melancholy and my color is good. I cannot say too much in favor of the pills and I want others who suffered as I did to try them."

Dr. Williams' Pink Pills enrich the blood and strengthen the nerves. They have been used with benefit for anemia, rheumatism, sciatica, neuralgia, nervous indigestion and, in fact, for every disorder caused by or dependent upon thin blood.

A useful booklet, "Building Up the Blood," containing a special chapter on the after-effects of the grip, will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 60 cents a box—Adv.

as a result of conferences begun at the week-end by the Pacific Coast Shippers' association and steamship companies operating in the inter-coastal route.

The deal with the steamship companies, it was said, would stimulate the entire shingle industry of Washington, Oregon and British Columbia, benefiting not only the manufacturers and dealers, but also the great army of workers employed in the mills.

Negotiations were begun Friday, and representatives of the steamship companies asserted today that every indication pointed to the ships landing the huge volume of traffic that formerly was carried overland by the trans-continental railroads to the eastern market. A reduction in the existing steamship rates on the coast via the canal is necessary to start the all-water movement, but steamship experts said they believed the necessary readjustment could be made.

The new railroad rates from Seattle and other northwest points to the eastern and gulf markets follow:

To Charleston, S. C., \$1.25 a hundred pounds; to New Orleans, \$1.16 1/2 a hundred pounds.

These rates, said Mr. Shumm, are prohibitive.

The Pacific Coast Shippers' association now asks the steamships in the inter-coastal trade to establish a rate of 75 to 80 cents a hundred pounds.

o'clock Sunday night destroyed a poolhall and the residence of Mrs. C. M. James at Rochester, west of Centralia. The loss is estimated at \$10,000, about half of which is covered by insurance.

### UNDERWOOD FIRST

IN SPEED, ACCURACY AND DURABILITY

At the International Typewriting Contests held in New York City, October 25th, 1920, the UNDERWOOD, for the fifteenth consecutive year re-established its record.

WORLD'S CHAMPION, GEORGE L. HOSSFELD.

ACCURATE WORDS PER MINUTE, 131.

Official International Records, beginning 1906 when Speed Contests were inaugurated:

YEAR	WINNER	MACHINE	WORDS PER MINUTE
1906	Rose L. Fritz	Underwood	82
1907	Rose L. Fritz	Underwood	87
1908	Rose L. Fritz	Underwood	87

## Peterson's Viva Voce

UPSTAIRS STORE INC.

Second Floor Pittock Block  
Washington at West Park

### Smartest Coats \$29.50 To \$165

—There are "sales" that save you nothing.

—There are sensational prices often, but their application to inferior fashions means but little.

—Why not buy your attire at Peterson's and get the supreme achievement in style at a minimum price? WHY NOT?

—Comes now, another allotment of wraps and coats—the very vogues which this day are the admiration of knowing buyers in the principal salons east: Garments in so many exclusive effects that we will not attempt to describe them here.

—Chamestyn, Bolivia, Chenille Cords, Duvetyn, Peachbloom and Novelty Fabrics—in mountain blue, dark brown, reindeer, taupe, navy, gray and black.

### Stout Women Please Note

—Fashioners look first to the needs of average figures—there are so many more of them.

—Stout women admire those graceful creations and wish they could wear them.

—We have secured special slim line stout models that have the grace of the more slender ones: Coats, suits and dresses—all the big sizes—at Peterson's. No extra charges for stouts.

## No. 9 FACTS Stencils

The Noiseless Typewriter cuts a perfect stencil. It matters not if the keys are struck with undue force, their distance of travel is limited. Therefore they cannot perforate the stencil sheet, and perfect uniformity is assured.
