

GEDEON, ROTHSTEIN ABSOLVED IN PROBE

Testimony Is Said to Have Strengthened Other Cases.

HEARING IS COMPLETED

Both Appear Against Attell, Chase, Burns and Others on Whom Jury Has Acted.

CHICAGO, Ill., Oct. 26.—Joe Gedeon, St. Louis American league second baseman, and Arnold Rothstein of New York today gave testimony before the Cook county grand jury investigating the baseball scandal...

The jury will vote no more than 15 minutes, according to state officials, who said that Rothstein and Gedeon were the only men said to have been implicated in the scandal against whom trial bills had not previously been voted and that the jury now was convinced that these two were innocent.

Gedeon Believed Innocent.

President Johnson of the American league declared he felt that Gedeon was "entirely innocent," and Alfred Austin, former Chicago American league club, declared that "Rothstein, in his testimony, today, had proved himself guilty."

Mr. Rothstein has told me, as counsel for the White Sox, everything he knows of the series fixing," said Mr. Austin. "He has completely vindicated himself."

"Rothstein," said Austin, "said that every newsworthy in New York knew the series was fixed."

Tip Related by Gedeon. Gedeon told the jury he was tipped by a White Sox player that the series was "fixed" in the Chicago hotel.

Both Named by Chase. Both were named by Chase, who was also named by the St. Louis players. Attell and Chase, Gedeon told the jury, believed the investigation of the game fixing was the state's business and was to be handled by the state.

Both Named by Chase. Both were named by Chase, who was also named by the St. Louis players. Attell and Chase, Gedeon told the jury, believed the investigation of the game fixing was the state's business and was to be handled by the state.

PULLMAN AND CALIFORNIA ARE BEST IN CONFERENCE

Game With Corvallis Aggies to Be Test of Southerners' Game—Oregon Team Weakened by Seattle Game.

BY L. H. GREGORY. THERE are two football eleven in the Pacific coast college conference that at this writing will bear the closest watching. Without regard to section strength, probably the two varsity teams that appear on the scene to be the class of the conference are those of the University of California and Washington State college.

The University of California, which plays Oregon Agricultural college at Corvallis Saturday, has swamped everything it has run into this season. All last fall California has amassed a total of 337 points, even this early in the season, against seven of its opponents. The only team to score on her was that of the University of Nevada, which managed to slip over touchdown on Kalky's three games. But at that California defeated Nevada 79 to 7.

True, some of California's opponents have been pretty much on the "set-up" order. As, for example, the Washington State college, which St. Mary's college, overrun by 17 to 0, and the Mare Island sailors, buried under an 85-0 score. Just the same, the Oregon Agricultural college, which this same Olympic club turned around and defeated Stanford 10 to 7, and the University of California, which St. Mary's college held California to a final score of a 16-10 score.

The really surprising fact is that Coach Andy Smith has developed for the Bears a team with a powerful front. In her full strength, the Oregon Agricultural college, which St. Mary's college held California to a final score of a 16-10 score. The really surprising fact is that Coach Andy Smith has developed for the Bears a team with a powerful front.

Unfortunately, Oregon Agricultural college will not enter this critical period at her full strength. George Powell, her line-smashing fullback, is out of football for the rest of the season. He was injured in the final two minutes of Saturday's game against the Washington State college. Hugh McKenna, quarter, will probably be in the lineup at the beginning of the game, at least, though it may be held up by an accident.

As compared to California's 337 points in five games, Washington State college has totaled 78 points in four games. The comparative scores, of course, mean almost nothing at all. Washington State has beaten in the conference an alumni team 29 to 0. Then it defeated Gonzaga college of Spokane in some quarters, 35 to 0, and finally a week ago Friday, won from the University of Idaho, 14 to 7.

One week from next Saturday, Washington State and the University of California clash at Berkeley. Should California have defeated the University of Washington, 18 to 14, and the Washington State have won from Montana, then truly, the hopes of the Northwest will rest in the hands of the Oregon Agricultural college and its stalwart squad. It should be a battle of two great teams. How the game will turn out, however, is a fact that some of last season's letter carriers have been busy in making the first squad this year.

California plays on the two northwestern teams, Oregon Agricultural college and Washington State college. So far, the Oregon Agricultural college, in these games, then California will just about have the conference championship clinched. Already those in charge of the Oregon Agricultural college are looking approvingly toward the Berkeley campus. Not once since the start of the year has the Oregon Agricultural college had a football eleven good enough to represent the west.

Sam Ross, Beaver southpaw, has always wanted to see China, where the noodles come from. Now he is to have his wish. Ross has signed up with an all-star aggregation, assembled by Gene Doyle, which sails from San Francisco for the orient early in November. Twenty-two players, enough for a couple of teams, will go along. In some places exhibitory games will be played between two teams from the all-stars, but at Honolulu and in Japan, selected lineups from the all-stars will cross bats with local teams.

At Tokio the university players are dawning a series of three games with the American professionals, and this may be increased to six. It will be remembered that baseball got its start in Japan from a similar American excursion. Now the Japs play pretty fast ball. The game seems to appeal especially to the Japanese temperament and activity.

Heretofore baseball has never made great headway among the Chinese. The all-stars are scheduled to play at one of the Chinese cities and from reports received the coming visit is creating tremendous excitement. Most of the players on the all-stars will be from the coast league, but with a sprinkling of big leaguers.

This lad Meade, who shone conspicuously at the University of Oregon in the final quarter of Saturday's game with Idaho, played on the 1918 McKinville high school eleven that scored 139 points to 19 by opponents that season and virtually won the championship of Oregon. "Tick" Malarkey, the former Oregon star, coached this eleven. Meade didn't get a chance to play after he got blood poisoning in his arm after the first or second game, but he showed enough in that time to convince Malarkey that he was a real prospect.

Malarkey himself was one of Oregon's most versatile halfbacks in his day. Curiously enough, he played his first game for the varsity exactly six years to a day from Saturday's game at Eugene. Oregon's opponent was the Washington State college. Malarkey scored the first Oregon touchdown in the Washington State game, which was 13 to 0 for Oregon. Malarkey scored the first Oregon touchdown in the Washington State game, which was 13 to 0 for Oregon.

Each to Share in Movies. Each fighter receives a 25 per cent right in the motion-picture profits. The number of rounds, the place of battle and the exact date are subject to change in the opinion of the promoters who are to inform the principals at least 60 days before the contest.

Madison Square Mentioned. This is far in excess of any look purse, that was held by Rickard's contract with Jess Willard and Jack Dempsey, whereby Willard received \$100,000 and Dempsey \$100,000 for their fight at Toledo on July 4, 1919.

DEMPSEY MATCHED WITH CARPENTER

Formal Contract Is Slated for Signing Today.

10 TO 15 ROUNDS LIKELY

Details of Fight to Be Held Between February 1 and July 1, 1921, Not Yet Fixed.

NEW YORK, Oct. 26.—Jack Dempsey and Georges Carpentier were matched here this afternoon for a fight for the heavyweight championship of the world.

Under the terms of the contract agreed upon today the pugilists will meet sometime between February 1 and July 1, 1921. The conditions stipulate a bout between 10 and 15 rounds for a record purse and a percentage of the motion-picture receipts.

Madison Square Mentioned. This is far in excess of any look purse, that was held by Rickard's contract with Jess Willard and Jack Dempsey, whereby Willard received \$100,000 and Dempsey \$100,000 for their fight at Toledo on July 4, 1919.

While the promoters are understood to be planning to hold the bout in Madison Square Garden, ample provision is made for transfer to another place if case opposition arises from any source.

Under the contract it will be possible to hold the fight in Cuba, Mexico, Cuba or the West Indies. The place and date will not be finally arranged for some time.

Promoters Finally Unite. Carpentier was under a pending contract to Charles Cochran of London not to sign with any other promoter before January 1, 1921. Rickard had held the rights to Dempsey to fight for him for some months and it became apparent that the international rule of the teacher. Instead of the principal, Miss Alice M. Hogge, believes in letting the boys decide for themselves.

It was a fight to the finish in the school basement between Salvatore Sorline and Abe Solon, boys aged 12. Neither spoke about the fight, but the agreement was unquestioned decision.

JEFFERSON LOSES TO BEISON TECH

Frequent Fumbles Feature of 14-to-0 Victory.

DEMOCRATS ARE BETTER

Coach Quigley Works Changes in Lineup That Help Work of Squad.

Intercollegiate League Standings.

Table with columns: Team, W, L, T, Pct. Washington 4 0 1000, Columbia 3 1 750, Benson 2 1 500, Portland 2 2 500, Lincoln 1 2 333, Jefferson 1 3 250, Willamette 1 3 250, James John 0 4 000.

Benson Tech's football eleven downed the Jefferson high squad 14 to 0 yesterday afternoon on Multnomah field in a game marked by frequent fumbles on both sides. The inability of the players of both teams to handle the ball marred what would have otherwise been a brilliant contest.

The Jefferson team showed to better advantage in the game yesterday than it has all season. Coach Quigley has worked several changes in his lineup since the blue and gold eleven's last appearance and the shift has made a big improvement in the squad.

Maloney Proves Star. Right end Maloney of the Benson team, stood out as the individual star of the contest. On the defense and in getting down under punts the small mechanic rightwing proved to be in a class by himself. A punt was intercepted by Maloney's first score.

Following an exchange of punts which left the ball in Benson's territory, Jefferson attempted a forward pass. But Maloney broke through and intercepted the ball just as the Jefferson player started to pass and tore down the field 72 yards for a touchdown. Colt kicked goal.

The Benson steam roller got in motion following the Jefferson kick-off. But checked and stopped. The Mechanics smashed their way through to the ten-yard line where Jefferson finally checked the advance. Jefferson punted but the Mechanics soon brought the ball back to the blue and gold's 15-yard line, but the half ended before further damage was done.

Steady plugging away at the Jefferson line enabled Benson to carry the ball over half the length of the field for a second touchdown. Jefferson carried the ball over and Colt kicked goal.

In the last period Jefferson opened up with an aerial attack that worked the ball from the center of the field to Benson's 15 yard line, but the pass which would have counted for a score failed and Jefferson lost the ball.

Maloney's second score, which was chiefly responsible for the showing made by Benson while Willbur, Anderson, McAndie and Sullivan showed up well for Jefferson.

Letting the boys fight out their troubles in the best way in a school such as the Webster, said Miss Hogge. "Of course, the fights must be fair."

WEST HAS BIG FUTURE

PRESIDENT OF UNION PACIFIC PREDICTS DEVELOPMENT.

Mr. Gray Finds Company Lines of Portland District in Excellent Condition, and Starts East.

Future development along industrial lines on the coast in the west was predicted by Carl R. Gray, president of the Union Pacific lines, who left for the east this morning, accompanied by his staff department executives, after a four-day check-up on the coast.

There is nothing that can stop business enterprise and industrial development in the west," said Mr. Gray last night. "You have vast undeveloped resources that inevitably will be transformed into concrete. You have agricultural wealth, mineral wealth, unlimited water-power resources in the mountains and the standing timber in the United States. All of these things will make a bigger and better business in the future."

While the freight problem probably will have a slackening effect on the northwest in the immediate future, I believe these difficulties will be smoothed away before long. Then will come the era of development on an unprecedented scale, and business will increase in volume by leaps and bounds."

During the stay in Portland the inspecting officials went over all the lines in the district, including the Astoria district, and also inspected all of Portland's terminal facilities. Members of the party who had in a statement issued expressed surprise at the amount of port and terminal development that had been completed during the past few years.

The impression that the proposed 3-mill levy on the ballot in the coming election involves a new or additional tax is corrected by City Auditor Funk in a statement issued yesterday showing that the measure involves no new tax or additional tax.

The 3-mill tax was voted by the people a year ago to give the city enough money to meet necessary expenses for the coming year. It appears on the ballot again merely to get a reauthorization so that the same amount can be raised for next year. There appears to be a more or less extensive misunderstanding that the measure means 3 mills more than we have had this year. This is not correct.

Unless the measure is passed at this election the city will be unable to pay next year more than two-thirds of the present service. One-third of every department will have to be cut out. This is because the tax limit is fixed by law at 8 mills, and this has barely enough to run the city in 1919.

Portland's various departments are much smaller and much less costly than those of any other city of corresponding size on the Pacific coast. For example, Seattle's fire department costs \$44,896 a year, while Portland's costs but \$362,030. Seattle's police protection costs \$1,235,822, as compared with \$85,588 for that of Portland, which spends \$126,727 for auditing and clerks, while Portland spends but \$70,050. Seattle's treasury office costs \$109,220, while Portland's costs but \$35,630.

"An one-third reduction of the Portland service, which is what Portland is doing in her race with Seattle, people may say the city will be in a very way out. But there is no way out."

Mayor Percival Missing 10 Days. VANCOUVER, Wash., Oct. 26.—(Special.)—Mayor G. R. Percival has been missing from his home for 10 days.

Community Sing Announced. A community sing of the National Choral league will be held at the Central library tomorrow at 8 P. M. Professor Tom G. Taylor, organist-chor-master of St. David's church, will lead and accompany the chorus. Mrs. R. Fowler Miller, contralto, will be the soloist. Rev. Oswald Williams and Dr. T. L. Perkins will discuss current topics and Professor Crabbe will give a recitation.
