

RED CROSS CHAPTER ELECTS DIRECTORS

Report on Work in Portland Read at Meeting.

EX-SOLDIERS ARE AIDED

Comprehensive Programme Mapped Out for Year, Dr. J. Guy Strohm Declares in Report.

The Portland chapter of the American Red Cross last night elected the following directors for three-year terms: Mrs. Dallas Bachle, Charles F. Berg, Mrs. E. M. Blumauer, C. C. Colt, Mrs. T. D. Honeyman, Mrs. C. S. Jackson, James B. Kerr, Dr. F. A. Kiehl, Julius Meier, Charles M. Smith, J. H. Stevenson and W. F. Woodward.

The chapter is still actively at work with a comprehensive programme planned for this year, stated the report of Dr. Guy Strohm, one of the members of the board of directors, read at the annual meeting last night at the Chamber of Commerce.

The Red Cross is looking after 800 disabled ex-service men at present. One of the most important branches of the work is the establishment of courses in occupational therapy for soldiers in hospitals.

Hygiene Classes Conducted. Classes in home hygiene and care of the sick are now being held at the Girls' Polytechnic school, he stated. Red Cross nurses are giving practical demonstrations of the work. Certificates were granted 187 students there for work in these classes and 70 certificates were issued in the adult classes carried on in the Sellwood community center.

The Portland chapter plans to extend this work to various community centers throughout the city during the present year.

Four nurses have been on constant duty, reported Dr. Strohm; have made 2240 visits to patients at their homes or in hospitals, have interviewed 1235 patients at the office of the Red Cross, sent 128 patients to doctors, and officiated and cared for 140 in hospitals and 40 dental cases.

Hospital Patients Visited. The nurses visited all ex-service men in hospitals twice a week and also visited those who were being cared for at home.

Amedeo Smith, president, reported on the development during the last year, stating that branches have been established in Washington, Clackamas, Yamhill and Columbia counties. Miss Grace Phelps, assistant to the president, reported that as far as possible, expenses were being reduced at headquarters. The Red Cross is helping soldiers' families get back to a pre-war basis, she said, and told of the money that has been loaned to ex-soldiers.

In her report, Mrs. E. M. Blumauer outlined the programme of the Junior Red Cross for the year.

BLUNDER AIDS STANFIELD

CHAMBERLAIN STATEMENT TO MAKE REPUBLICAN VOTES.

40,000 Ballots Declared Lost to Democrats by Senator's Partisan Speech.

MEDFORD, Ore., Oct. 27.—(Special.)—That one statement will make 40,000 votes for Stanfield. It clears the atmosphere, "Takes an edge off things as a Chamberlain republican, unless there can be a democrat-republican."

Thus spoke Montaville Flowers, the principal speaker at the enthusiastic republican rally here tonight. A remarking his controversy with Senator Chamberlain, which began at the Women's Research club meeting at Portland this week.

The Chamberlain statement he referred to was the following: "That I am a democrat goes without saying; that those who vote for me are voting for a democrat is certain."

"A democrat is a democrat by principle and practice," continued Mr. Flowers. "The democratic principle and practice provide for a tariff for revenue only. That's why Chamberlain voted for the Union anywhere which is bringing bankruptcy to the producers of Oregon. Being a democrat, he will maintain that law, because the democrat will reform lands as one of the great achievements of the party."

CHIEF ANSWERS GORDON

STATEMENT ABOUT POLICE CALLED POLITICAL BUNK.

Increased Cost in Department Declared Due to Increase in Size of City.

"Portland has the smallest police force and the least crime and vice of any city on the Pacific coast. To hold such a record has been a big task and has meant hard work for our limited force. We have not increased the number of men anywhere near enough to meet the needs of the city's growth and the constantly increasing problems that are adding month by month to the work of the department. In view of the record made by the police department, we resent most bitterly the uncalled-for and untrue attack made on its members by Herbert Gordon in his campaign for mayor."

This was the statement of Chief of Police Jenkins in answer to advertisements published by Mr. Gordon attacking the police department for having shown an increased cost since 1914.

"Naturally the police department has grown since 1914. So has Portland," continued the chief. "We cannot police a city with a village force. If we tried to Portland would be swamped with crime."

"Along with the growth of the city, police work has been enlarged in scope in the last few years. There is the ever-increasing traffic prob-

lem, the problem of the 'reds,' the enforcement of prohibition, the curbing of the narcotic traffic, the fight against social and communicable disease, the pervert or degenerate problem in our suburbs, the growing automobile theft problem, the problem of accident prevention and many others.

"To cope with these various things requires men and equipment. Equipment costs money. Who would say a policeman should receive no more pay now than he did in 1914? What man with a family can live on less than \$120 a month paid policeman? Who will say that these men should still be receiving the \$85 a month they got before the war?"

RETOUR BREEDS TROUBLE

WHITTLESEY'S REPLY LANDS CITIZEN IN JAIL.

David Steele Arrested as Result of Argument With Police Over Friend's Arrest.

That little phrase of Whittlesey's which, coming from the weird depths of the Argonne, sent a thrill of pride through the hearts of the Portlanders, David E. Steele heard the bars last night.

It was a hard night for Steele. His friend, Henry Davis, had been arrested and locked up on a charge of reckless driving; bail \$50. Steele called at police headquarters with the \$50 and would have released him, and while waiting to accompany him to his home, Steele proceeded to talk to the entire police department, according to Patrolman Trapeau and Pratt. They advised him to be quiet and to go home. Then came the famous remark: "I was allowed, it was alleged, by a torrent of abuse. Steele informed the officers, they said, that he had too much money to be arrested—they didn't dare."

They did. While the friend, enjoying his new found liberty through the largesse of Steele, walked forth, temporarily at least, a free man, the individual who had just vacated his warm cell which Davis had just vacated. He was charged with being drunk and was taken to jail this morning to give Whittlesey's answer to the judge, if he desires.

AMERICAN MAY BE QUEEN

ELEVATION OF PRINCESS CHRISTOPHER POSSIBLE.

Brother of Deposed King of Greece Might Be Candidate for Successor to Alexander.

GENEVA, Oct. 27.—(By the Associated Press.)—The possibility of a former American woman becoming the queen of Greece has been much commented on in Geneva. The woman is Princess Christiana of Greece. Before she married the brother of the present king she was Mrs. William B. Leeds, widow of the former president of the Boston railroad.

It is said that the Greek constitution would permit Constantine's brother to pose as candidate for the Greek throne if Constantine should block the accession of his son, Prince Paul.

Princess Christiana was born in the United States. She is the daughter of a former American woman becoming the queen of Greece has been much commented on in Geneva. The woman is Princess Christiana of Greece. Before she married the brother of the present king she was Mrs. William B. Leeds, widow of the former president of the Boston railroad.

Frank P. Walsh, ex-Chairman of War Labor Board, Is Head of Sympathizers' Party.

WASHINGTON, Oct. 27.—A spokesman favoring recognition of the "new republic of Ireland" were formally presented to Secretary Colby at the state department today.

Mr. Walsh was accompanied by Eugene Kincaid, New Jersey; James M. McGuire, ex-mayor of Syracuse; James McGarrity, Philadelphia; and Daniel C. O'Flaherty of Richmond, Va., all members of a larger committee appointed at the Irish peace conference in Philadelphia two years ago and which sent a committee composed of Mr. Walsh, ex-Governor Dunne of Illinois, and Michael Ryan of Philadelphia, to Paris to intercede with the American delegation at the peace conference for Irish recognition.

Secretary Colby listened without comment but cautioned the chairman when reference was made to Eamonn De Valera as "president" of the state that as secretary of state he could hear them only on the understanding that they were there as American citizens, not as representatives of officials of the Irish people.

"We demand recognition, not as a favor, but as a right," said the spokesman. "The Irish republic is now established as a de jure and de facto government."

LOCAL CHAPTER ENDORSES CITY EXTRA 3-MILL LEVY.

Organization Declares Against Bird Refuge Measure and Interest-Fixing Amendment.

Measures to be voted on at the coming election received the consideration of the local chapter of the American Association of Engineers in a meeting at the association's club-room last night.

The consensus of opinion in regard to the three-mill tax was that it is a necessity for the maintenance of the city government, and the interest-fixing amendment was held to be a menace to the future development of the state.

The engineers declared themselves vitally interested in the defeat of the Roosevelt bird refuge measure and every member of the association was urged to go to the polls "prepared to defend the welfare of the city and state."

It was pointed out that the passing of the measure would work a gross injustice on the people of Oregon and the people of Clatsop county in particular, in that 47,000 acres of land available for development would be taken away.

ALWAYS HUNGRY, BUT FOOD DID HER NO GOOD

This Woman's Life Nearly Wrecked by Nervous Indigestion, but She Is Well Now.

"I was so nervous that a cross word would set me crying," said Mrs. Fred Roberts of No. 234 West North Temple street, Salt Lake City, Utah, whose complete recovery should encourage every nervous sufferer. "My blood was thin, I could sleep better at night so that I could hardly sleep at all. I had a ravenous appetite, but my food did me no good. I lost weight, had shaky spells, was melancholy at times and would be compelled to sit down while at my housework to save myself from falling. My complexion was bad."

"My nice doctor Dr. Williams' Pink Pills for St. Vitus' dance and got well, so I decided to try them. After taking them for a week I felt improved. I was looking up to that of Mrs. Roberts a good rest. Soon the neighbors began to speak of how much better I was looking. I have recommended Dr. Williams' Pink Pills to many others, for I know that they are a splendid medicine."

HART DENIES DEATH PLOT

ALL BLAME IS TAKEN FOR SHERIFF TAYLOR'S DEATH.

Statement Signed in Presence of Pendleton Pastor in Effort to Save Lives of Pals.

SALEM, Ore., Oct. 27.—(Special.)—Emmett Bancroft, alias Neil Hart, now in the penitentiary here awaiting execution for the murder of Til Taylor, sheriff of Umatilla county, yesterday signed a statement in the presence of Rev. W. H. Cox of Pendleton, in which he denied there had been a prearranged plot among the prisoners to shoot their way out of the Pendleton jail.

According to union officials, 2000 men in Jefferson, Waid and Boulder counties will respond to the strike call, issued as a result of a vote taken Monday night. "The men demand a working agreement and adjustment of wages. Four mines, employing about 400 men, which have unexpired contracts with the unions, will be exempt from the strike order."

In his statement today Governor Shoup declared that the strike will deprive one-third of the state of coal and added "life and property will be protected and law and order will be maintained by the police force."

State officials declared the strike illegal on the grounds that the state commission already had assumed jurisdiction in the strike controversy under state laws and had set a hearing for November 4. The men contend that the strike order is illegal because notice had been served on the Pendleton court pending disposition of their appeal to the supreme court.

In case the supreme court should affirm the verdict of the lower court, it will be necessary to return Rathie Taylor, sheriff of Umatilla county, for sentencing. In the event the verdict of the lower court should be reversed, they would be entitled to a retrial.

I have recommended Dr. Williams' Pink Pills to many others, for I know that they are a splendid medicine."

Nervous indigestion is not a disease of the stomach, but of the nerves that control the digestive processes. The only way to strengthen the nerves is to build up the blood. Dr. Williams' Pink Pills do this, as hundreds of cases similar to that of Mrs. Roberts amply testify. If you have symptoms of nervous dyspepsia or indigestion try this remedy that restored her to health.

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 60 cents a box. Write for the booklet, "Diseases of the Nervous System."

Portland Man Speaks at Ogden. OGDEN, Utah, Oct. 27.—(Special.)—Dr. George H. Young of Portland, Ore., was the speaker at the closing session tonight of the first day of the thirty-fourth annual convention of the Utah State Sunday School association, which opened here today. He spoke on "The Value of the Proper Training and Importance of Religion and Education." At the morning session Dr. Young spoke upon "The Teacher." He will speak again tomorrow.

How Would an Apartment House Landlord Run the Police Department?

WOULD HE still be paying policemen \$85 a month and charging them \$75 a month for apartments and \$7000 for \$3000 homes?
WOULD HE still be paying 1916 prices for supplies?
WOULD HE still be answering hurry-up calls with horse-drawn rigs or street cars?
WOULD HE have ignored the growth of the city and added no police since 1916?
WOULD HE have ignored the war and let alien enemies and reds run wild?
WOULD HE have ignored the growth of crime?
WOULD HE have let the growing traffic problem handle itself?

These Are Some of the Things That Mayor Baker Has Met They Have Raised Police Department Costs Since 1916
Seattle pays \$1,225,822 for police protection. Portland pays \$865,598.

LEST WE FORGET: Mayor Baker's "unbusinesslike" methods in not charging apartment house rates for the 800 flu patients at the Auditorium and permitting the patriotic, charitable and other public affairs to use the building free have caused the Auditorium to not show a profit.
