

VOLUNTEERS GUARD LORD MAYOR'S BODY

Late Terence MacSwiney Lies in State in London.

FIRST SERVICES TODAY

Inquest Jury Ascribes Death of Prisoner to His Refusal to Accept Food.

LONDON, Oct. 27.—(By the Associated Press.)—The body of the late lord mayor of Cork, Terence MacSwiney, lay in state tonight in St. George's cathedral. A bodyguard composed of members of the Cork and London brigades of the Irish volunteer army, dressed in civilian clothing, kept vigil throughout the night beside the coffin, which was shrouded in a Sinn Fein flag.

The first services will be held tomorrow morning at 11 o'clock, when a requiem mass will be celebrated. Absolution will be given by Archbishop Mannix, other dignitaries officiating. At 2 o'clock in the afternoon the funeral procession will proceed to Euston station through the busy downtown section.

The inquest at the prison ended shortly after noon, but it was 6 o'clock before permission for the removal of the body was obtained and arrangements completed for the taking of the body by the family. Six Irish political prisoners confined in Brixton prison shouldered the coffin from the prison mortuary to the gates, where it was placed on a motor hearse and the procession of mourners, in which were members of the family, Father Dominic and the Cork deputation, moved slowly off on the four-mile journey to the cathedral.

Big Cathedral Thronged.
A small crowd stood silently with bowed heads as the cortege slipped away in the thick mist, the watchers then quietly dispersing. The progress to the cathedral was without incident, but throngs of people overflowed the spacious edifice and lined the streets awaiting the party at St. George's.

Churchmen met the body at the door and headed the solemn passage down the aisle to the chancel. The widow and other relatives followed, chanting and saying prayers for the dead, after which the bodyguard took up their posts and the congregation filed slowly past the casket.

The rosary was recited and prayers were offered during the 90-minute wait for the arrival of the body. At the cathedral, the headquarters of the Irish Self-Determination League, and even at the prison, floral offerings poured in throughout the day.

Inscriptions Are Varied.
The inscriptions varied from formal expressions of sympathy to such as "from a regretful conquerable soul," "from a regretful Englishman," and "a lover of Ireland."

The funeral party left Euston station at 8:20 o'clock this evening on the regular train for London. Transfer will be made to the channel steamer for Dublin, which will be reached early Friday.

A jury of 10 men after 12 minutes' deliberation this morning returned an open verdict at the inquest over the body of Lord Mayor MacSwiney of Cork, who died in Brixton prison early Monday from the results of his 23 day hunger strike.

The verdict was that the deceased had died from heart failure due to a dilated heart and acute delirium following scurvy, which was due to exhaustion from prolonged refusal to take food.

Arrest Declared Illegal.
Solicitor MacDonal sought to question Mrs. MacSwiney about the charges upon which her husband was arrested. The coroner objected, saying he did not desire the inquiry to go beyond the cause of death. Mr. MacDonal said the family regarded the death as the result of the lord mayor's arrest and courtmartial.

"He went on a hunger strike the day he was arrested, and they had no right to arrest him; it was an offense against the laws of the Irish republic," replied MacDonal, who applied to another of Solicitor MacDonal's questions.

Dr. Griffiths, the senior medical officer of the prison, said he had been tending MacSwiney September 1. He was then weak and had certain signs of tuberculosis in the chest, added the physician.

Dr. Griffiths read from a book in which he had noted a history of the case. He said the prisoner had constantly refused food all the time he was in prison; that his body had deteriorated slowly, scurvy developing October 11 and the patient becoming worse until he had an attack of acute delirium on October 23, growing very restive and requiring the officers to hold him in bed. He then became unconscious. On October 23 the heart became weakened and dilated, upon which the attendants administered food.

"There was some slight improvement," continued the doctor. "Then, between 2 and 3 o'clock in the morning of October 25, I was called to him. I found his breathing labored and his pulse feeble and quick—he obviously was in a very critical condition. I did what I could and having got to the end of my resources, told the priest to go to him. He died at 8:30 o'clock."

LONDON, Oct. 27.—(Special Cable.)—Alleged details of the circumstances under which William Gleeson was murdered by supposed government agents near Thurles are given by the Dublin correspondent of the Evening Standard. Gleeson's house was visited early in the morning. James Gleeson was asked for. He was not there and while an argument was going on between his father, William Gleeson, and the government agents, another and younger son, Willie, called out from his bed: "Let them shoot me, father, instead of you."

forced their way upstairs, thrust his sister out of the sick man's room and shot him dead with revolvers. These murders of Sinn Feiners, which have been proceeding for some weeks now, it is asserted, bear out Arthur Griffith's recent charge that the government had planned the assassination of prominent Sinn Feiners throughout Ireland. In all these alleged assassinations nothing of an incriminating character was found in the victims' houses, it is said, and the victims themselves were in bed when their houses were visited.

ACTION IN IRELAND LIKELY

Significant Notice Is Posted in Cork City Hall.

CORK, Oct. 26.—(By the Associated Press.)—Outside of the Cork city hall there was posted today the following notice: "The second republican lord mayor of Cork lies, as lay his predecessor, murdered by the British government. Cork is in mourning. Citizens or any section of them will take only authorized action. Orders will be issued by proper authority."

Today passed quietly, with the exception of a slight stir caused by military raids on banks in search of firearms placed in vaults for safekeeping. Soldiers not on duty were restricted to their barracks. The body of Joseph Murray, one of the hunger-strikers in Cork jail who died last night, was removed tonight to a church from which the funeral will be held tomorrow.

With the exception of Kenney and Donovan, who are believed to be rapidly nearing death, doctors say there is still a chance to save the lives of the remaining hunger-strikers if they are released.
