We don't need to say "use" an Electric Iron, because everyone who owns one uses it-in most cases several times weekly.

Nothing like an Electric Iron for restoring freshness and beauty to wrinkled blouses and lingerie.

Nothing like an Electric Iron for all kinds of ironing-if you own a good iron.

We recommend that you own one of the standard makes-Hotpoint, American Beauty, G. E., Universal, Westinghouse or Simplex. "Cheaper" irons may be had but we cannot recommend them.

"would make a man with a wooden leg want to dance"

HERMAN, CLAY & CO. take pleasure in inviting you to hear "Whispering," the dance sensation of the year, on a VICTOR record.

A small shipment for immediate release has just been received from the Victor Talking Machine Company by express.

"Whispering" was written and composed in California, published in California, and played for this VICTOR record by Paul Whiteman's Ambassador Orchestra-itself originally a California organization.

As a fox-trot, "Whispering" has swept the country like wildfire.

As a record it is possibly the most perfect for dancing ever issued by the Victor Talking Machine Company.

The combination, "Whispering" on a VICTOR record, is so irresistible that one person, after hearing it played in our Victrola department, exclaimed:

"It would make a man with a wooden leg want to dance!"

Remember: You really haven't heard "Whispering" if you haven't heard it on this VICTOR record.

"Japanese Sandman," another huge dance hit, is on the reverse side. Price of this record, 85c.
