

REPUBLICANS SIGHT WASHINGTON SWEEP

National and State Tickets Predicted Winners.

APATHY ALONE IS FEARED

If Vote is Light, Forces of Radicals Will Triumph, Warns State Chairman.

SEATTLE, Wash., Oct. 31.—(Special.)—Sweeping victory for the republican national and state tickets Tuesday...

Indifference Only Danger. "There is just one element of danger to republican success, that is, indifference."

"If the voters will respond Tuesday with a full expression of the will of the people, Harding, Hart, Jones and the full congressional and state tickets will be elected by substantial pluralities."

"The national issue is the overthrow of Wilsonian autocracy with its war-breeding league and the aimless drifting of the last two years in domestic and foreign affairs."

State Issue Clean-cut. "The state issue is clean-cut between Americanism and radicalism, between republican achievement and farmer-labor promise."

"My earnest call to all good citizens is to vote early and then see that their neighbors and friends go to the polls."

Expose early in October of the official record on the part of the auditor's office showing that Robert Bridges, the farmer-labor gubernatorial candidate, had in the face of the denunciation of sitting in the Washington state senate, leased to Japanese his two farms in the White River valley...

Discrimination His Belief. "I do not believe that natives of any country, race or color, religion, should be discriminated against," declared Bridges.

Condensary Limits Operations. "My view on this is as broad as the world itself. I believe the people of the world should be allowed to go where they please and to do as they mean that must assimilate them, but it does mean that I believe the Japanese should not be discriminated against."

Views Sent Over State. Following a storm of protest Bridges committed a set of views on oriental immigration to print and thousands of these have been sent throughout the state.

County records show, however, that the lease was negotiated March 1, 1918, more than a year before the United States entered the war.

In King County, it will be called upon Tuesday to literally "vote for everything from president to constable."

In addition to these officers to be named there appear on the ballot four special state measures and one national measure in the city of Seattle.

These are referendum No. 1, the Canyon road bill; referendum No. 2, the soldiers' and sailors' bill; and amendments to the constitution—one an eminent domain measure and the other a measure to amend the charter of the city of Seattle.

PROLOGUE CHAOS SULLIVAN DECLARES

Various Stands on League Question Cited.

RANDOM NOTES INTEREST

Georgia Democrats Take Stand Against Covenant; Borah Indorses Gooding.

(Continued From First Page.)

Coming up to Wisconsin and making speeches in behalf of an independent candidate for senator who is a kind of "yes, yes, man" for Senator La Follette.

Senator Borah of Idaho is denouncing the league of nations as an independent on a platform of thoroughgoing bitter opposition to all its parts.

Chamberlain Stands Pat. In Oregon, Senator Chamberlain, who has represented his state in the senate as a democrat, is running for re-election on a record of having voted for the league, for the Wilson reservation, while the Wilson faction of the democratic party has represented him and trying to elect in his place a democratic senator of their own who stands by the league.

It is surprising that Chamberlain has not yet seen the possibilities in a cartoon of Senator Harding, as he has been doing in the past, trying to tuck into the same bed a family of children who are rather belligerently turbulent to maintain peaceful relations in any place whatever where they are within arms' reach of each other.

Backers of Len Small, republican nominee, were certain, however, that their candidate, who is supported by Mayor Thompson, will defeat Lewis by at least 250,000 votes.

John Maynard Harlan, independent republican, also claimed victory.

IMPORTS DRIVE SLATED

UNITED COMPANY IS SENDING SECRETARY TO ORIENT.

Plan to Establish Offices in New York City and Chicago Also Is Announced.

A big drive for the development of a national business in the importation of Chinese and Japanese silks and similar goods is being organized in the United Import & Trading company, which is sending its secretary, Alfred C. Black, on an extended trip to China and Japan.

At the same time, the company announced that it would establish its own offices and sales rooms in New York city and Chicago shortly after the first of the year, in addition to the representation which it already has in larger centers of the east.

Mr. Black will leave the middle of the month on the steamer Empress of Russia and will visit all the principal cities of the orient before his return. His trip will be in the interests of the business development contemplated by his concern.

The United Import & Trading company, which has offices in the Lumber Exchange building, was established in 1911 by Albert von der Werth, who is president of the company. In the past, this concern has been active in the importation of oriental merchandise.

Due to the rapid return of pre-war conditions and the removal of trade restrictions, the company has increased its facilities and has announced its intention of entering into the national markets on a larger scale.

The trading company has the exclusive representation in this country for several large and established firms in the orient. The plans are to specialize in the importation of Chinese and Japanese hand-made lace, Chinese rugs and other high-grade oriental merchandise.

Mr. Black was associated with the Wilcox Import & Trading company, which is an importer and exporter of these goods.

Sunday Auditorium Music Concert Pleases.

Selection of Music and Musicians Harmonize With Audiences.

MUSIC selected this season for rendition and the musicians who interpret that music make up entertainment and educational programmes that fit in nicely to the scheme of things at the Sunday afternoon concert series.

The programmes are not too "high-brow," out of respect to large audiences that do not include large numbers of professional musicians, but many family parties. Yesterday afternoon's concert was another of this excellent series.

A ROOSEVELT RE-PUBLICAN'S VIEW OF CHAMBERLAIN AS NATIONAL FIGURE.

Commanding Ability and Unflinching Courage Attested in Many a Crisis—High Testimony to His Great Achievement in War-Winning Legislation.

Dr. Henry Waldo Cox, in Medical Seminar.

No republican need fear that the next senate will not be a republican, no matter what professionalists may say between now and election.

Never has there as much as a blush of suspicion arisen touching the moral integrity of George E. Chamberlain, senator of Oregon.

Best years of his life, the best years of the next term, however, will find him in his own narrowing years of life asking for better terms for the public duty.

So long as history maintains, Massachusetts will be held in honor by the whole nation for keeping in the federal capital Daniel Webster and Charles Sumner, characters of national and international fame.

It is a rare exception for a western state to have a senator of congress a man of national and international fame.

Chamberlain stands today as a regard head and shoulders above any other state in the union. Senator Chamberlain, today, has given the people of Oregon a special adaptation for public use.

He is too much of a democrat to suit the paid republican shouters and professional politicians who develop by them, and too much of a progressive to suit the old guard of the republic.

Chamberlain done nothing else than force direct action in moments of crisis and in the time of the great war, and in the time of the great war, he would have signalled him as one of the greatest thinkers, analysts and doers of the world.

FIRE!!

The THREE-MILL TAX measure is NOT A NEW TAX and means NO INCREASE IN TAXES next year.

Unless it is voted this year the same as it was a year ago, one-third of the fire stations must be closed because of lack of funds.

Police protection, playgrounds, street cleaning and every other city service must be reduced nearly one-third. There is no way to prevent it. After election will be too late.

Reduced fire protection means higher insurance rates and greater fire loss.

Vote 508 X Yes for the 3 Mill Tax
