CROWDS SWEEP BY GUNS Civilians Help Troops; Hundreds Pay for Sympathy With Life Leaders Escape.

COPENHAGEN, Nov. 2.—A serious mutiny occurred in Moscow a few days ago, according to travelers who have arrived in Riga, Latvia, says the Politiken today. The trouble started, the travelers report, among bolshevik soldiers in the suburb of Khodynka, who refused to proceed to the front unless supplied with new equipment. Civilians sided with the troops and there was considerable disorder in the barracks and adjoining streets. Machine guns were brought into use, according to the travelers, and large numbers of troops were dispatched from the surrounding districts. Howitzers were placed in commanding positions and between 6000 and 7000 persons were arrested. Of these, the travelers assert, from 200 to 300 were executed. The ringleaders of the mutiny were not discovered. The only confirmatory news of the foregoing was contained in a Paris dispatch October 30, which stated that Helsingfors advices described the situation in Moscow as very serious and declared martial law had been proclaimed. The Helsingfors advices said the peasants had revolted in 11 provinces because of the requisition of wheat by the government, and added that among those cast in the prison was General Brusiloff, former commander-in-chief of the Russian armies. No direct dispatches have been received from Russia, sources telling of disorders in Moscow.

RELEASE OF 81 SOUGHT WRIT DEMANDS ASYLUM PRODUCE INMATES IN COURT. Lawyer Recently Freed as Same Says Many Are Improperly Detained.

NEW YORK, Nov. 2.—A writ of habeas corpus requiring the presence in court of 81 inmates of the Manhattan state hospital was granted today by Supreme Court Justice McAvoy upon application by Louis Cohen, a lawyer, who has just been freed from the institution by the court as "same and well balanced." Cohen failed in an attempt to have the court pass today on the cases of the men whom he said were "improperly detained and illegally committed," and are "entitled to the right of suffrage." Their hearings were set for November 23, Justice McAvoy ruling that the hospital authorities should have time to prepare their defenses to meet the allegations and to be represented by the state attorney-general. Dr. M. B. Heyman, superintendent of the hospital, told the court that he could not produce all the inmates mentioned in the writ because he did not have enough keepers to escort them and because several of them were sick and some were dead.

WRANGEL NOT DEFEATED Retreat of Southern Russian Army Is Strategic Movement.

PARIS, Nov. 2.—The southern Russian embassy asserted that the retreat now being carried out by General Baron Wrangel, anti-bolshevik leader in Southern Russia, was in conformity with a preconcerted strategic plan by which he purposed to concentrate his forces in the lower Don and Crimean regions. These regions, the embassy said, would serve as the base of new operations which circumstances might make necessary. The embassy pointed out that General Wrangel had several times before used the same tactics with advantage.

PRETTY GIRLS STOWAWAY BOATSWAIN AND SEAMAN ASK TO WED AT SEA. Sailors Under Arrest; Russian Maids Are Held at Seattle Immigration Station.

SEATTLE, Wash., Nov. 2.—(Special.)—Two days out from Vladivostok, bound for Seattle, Captain O. C. Austin, master of the steamship Cross Keys, one of the United States shipping board carriers in the service of the Pacific Steamship company, was informed that there were women aboard his ship. On investigation he found Era Piritz, aged 22, and Anna Fedorovna Lapina, aged 20, stowed away in the quarters occupied by H. P. Hansen, boatswain. Hansen was summoned before the master and stoutly denied that he had had any hand in bringing the girls aboard. Both are pretty. Hansen asked the master to marry him to Miss Piritz. Hardly had the boatswain been hailed before the master, when Frank C. Betts, a seaman, but a graduate of a Seattle high school and said to have been a shining light in local interscholastic football and athletic circles, appeared before Captain Austin and demanded that he at once be married to Miss Lapina, who is the younger and prettier of the two Russian girls. Captain Austin questioned the quartet, being compelled to rely on an interpreter in interviewing the girls, and it developed that the boatswain had had no hand in bringing the girls on the ship. Betts readily confessed that he became smitten with Miss Lapina, whom he met in a restaurant at Vladivostok, where both girls were employed. The girls are held in the United States immigration station and the two sailors are under arrest.
