CHINESE CREW SHOT UP

GUARDS FIRE ON MUTINOUS ORIENTAL SAILORS.

Refusal of Shore Leave in Obeyance to Federal Orders Starts Trouble.

NEW ORLEANS, La., Nov. 2.- Eleven Chinese members of the crew of the British steamship Elmleaf were wounded early today when guards resorted to pistol fire to quell a mutiny aboard the vessel.

Twenty-four Chinese participated in the riot, which was precipitated when officers of the ship announced that in compliance with federal regulations no shore leave would be granted. According to reports the Chinese sermed themselves with knives, pieces of pipe and scrap iron and rushed from the forecastle to overwhelm the guards. A number got over the ship and hid in the woods bordering the river. The rapid firing of the guards influenced most of those not wound-ed to surrender. Two of the wounded ill die, according to reports. The Elmleaf is anchored at Good Hope, about 15 miles above New Or The vessel is operated between New Orleans and Tampico.

LABOR COUP DISASTROUS

Victory of Workers in Italy Ruins Credit of Factories.

ROME, Nov. 2.—(Special Cable.)—

The Federation of Labor is blaming owners of factories for bad feeling, which is growing between masters and men and withdrawal by the banks credit, which is causing a crisis in the small factories.

The captains of industry are pretty gloomy over the results of the metal workers' recent victory in forcing partial control of factories by workenen. Their chief representative. Commendatore Jarach, who is president the National Metallurgical and ent of the National Metallurgical and Mechanical Federation; makes Conditions are suffering from the

blow dealt to discipline and production by the men's victory. Its effect are so violent that time must pass be-fore they will wear off. The effects of indiscipline with the consequent drop of production will be yet more evi-dent in a few weeks or a couple of months at the latest.

"But we are already feeling its effects, both at home and abroad—at home with public selling industrial securities, abroad with the closing of all sources of credit. The workmen must understand they have got are to change for the better. The government views the situation far more hopefully.
