minor leagues went into executive session and voiced their suspicion of the professed "affection" expressed for them by the two forces involved in the major league split. They warned their associates, from which a conmittee will be appointed, to confer with the major leagues, not to cedany of the rights of the minors in working out a reorganization plan. The minor leaguers took the position that while they might act as bearers of the olive branch, they would not go so far as to scorch their

Full Salary Is Advocated. The minor leaguers recommend that President Sexton be placed on a full salary and to devote his full time to league affairs. The resolution carried a proposal for salaries of \$5000 each for the president and secretary of the organization, but suggestions were made for an increase to \$7500 or \$10,-000 a year. The proposal was referred to a committee for decision tomorrow. The establishment of a central headquarters for the association was recommended.

Joining in the orusade against gambling in baseball, the minor leaguers unanimously adopted a resolution urging the passage by every state legis-

lature of a bill designed to stamp out

the evil.

The resolution followed the lines of a bill proposed for introduction in the Texas legislature. It set the punishment of bribery or attempted bribery of "any baseball player, umpire or manager in a baseball game, or any other persons connected with baseball," at imprisonment from two to five years. o five years. Amendment Is Adopted.

The minors adopted an amendment to include the punishment of owners and officials who are connected in any way with "fixing" games.

In adopting this feature, some of the minor leaves adopted out that In adopting this feature, some of the minor leaguers pointed out that the world series baseball scandal was exposed long after officials of the major leagues had knowledge of crockedness of the players and de-clared that the baseball club owners and officials must place themselves on the same plane with the players and umpires and the punishment of wrong-doing to gain the confidence of the baseball public.

Why Read Law?

for a way to improve his ability as a business man or executive.

The greatest risk in business is the legal risk.—J. Pierpont Morgan.

When Robert R. McCormiek, recent president of the sanitary district of Chicaso, took his bar examination, the Chicaso Tribune sent a reporter to ask him if he intended to practice. He said he had no such thought, but that in this day and age of large combinations, any man who wishes to succeed in anything like a large way must have a knowledge of large. Every man who expects to achieve substantial success in the business or professional world should be logally trained.—William Howard Taft.

An unusual opportunity to become law-trained with less than the ordinary outlay of time is offered through the LaSalle Extension University Law Course. Local law class each Friday evening at 7:30 P. M., 446 Court House. Judge Hawkins in charge.

For information come to class or phone.

COAL ASSOCIATION HEAD SAYS WRONG IMPRESSION GIVEN.

Had It Not Been for Efforts of Operators, Nation Would Face Famine, Is Claim.

WASHINGTON, D. C., Nav. 10.— Flat denial of certain statements re-cently coming from the United States garding the bituminous coal industry was made last night by D. B. Wentz,

"To put the matter straight on the record. I wish to deny emphatically that there was any wrongdoing in any action taken by representatives of the National Coal association; of the in-terstate commerce commission or the associations American railway their effort during the coal shortage emergency to increase the production SHIP INQUISITORS SCORED and shipments of bituminous coal.

"On the contrary the priority orders issued by the interstate commerce commission and the action taken by

railways and the coal producers were eminently practical and right and have been the direct means of averting a very serious shortage of coal during the fall and winter." Had it not been for the efforts of the operators, the statement added, the nation would now be faced with the calamitous prospect of a soft coal
