

### SANITARIUM PERMIT HELD UP BY COUNCIL

#### Site in University Medical Center May Solve Problem.

#### PROBUD HEARING SPIRITED

#### Mount Tabor Property Owners Favoring and Opposing Rebuilding of Hospital Clash.

Called offer of a site near the medical department of the University of Oregon for the Portland sanitarium, operated by the Seventh Day Adventists, resulted in a delay in the action of the city council on the application of the trustees of the hospital.

#### Home-Owners Favor Project.

While the opposition to the granting of the application appeared in greater force than did the proponents, the official survey made by the department of public works indicated that a majority of the home-owners within 400 feet of the present hospital site were favorable to the granting of an application to rebuild.

#### Independent Hospital Needed.

In addition to this, a letter was read from J. B. Keizer, calling attention to the necessity of having an independent hospital situated near the medical school if outside aid from institutions such as the Rockefeller foundation was to be gained.

#### Property Development Retarded.

J. R. Ewing, owner of vacant property adjacent to the hospital site, spoke against the granting of the application, saying that the hospital had prevented him from realizing profit on his property during the last 20 years, and that he would not erect a dwelling upon his property as long as the hospital remained in its present location.

#### Troubles of District Barred.

Troubles endured by residents of the Mount Tabor district, brought about through the establishment of various sanitariums within the district, were featured in the arguments offered by William G. Oberbauer, who drew his influence with the opposition forces.

#### Drinking Water Is Menaced.

It should be remembered that four reservoirs in which Portland's drinking water is stored are but a few blocks from this sanitarium, and if the permit is granted there is no doubt but that the oil soot will float down on the water which has been brought into Portland at great expense for drinking purposes.

#### Car on Train Catches Fire.

Fire which started from a fuse in the rear of a coach on the west side Southern Pacific track local at 10 o'clock Tuesday night caused passengers on the coach to flee in alarm when the flames began to eat their way through the roof of the coach.

ONE of the most important events of the social calendar was the reception given last night by Mr. and Mrs. J. Frank Watson. Their home on West Park street was the scene of the function which brought together some of the most prominent residents of the city. Old-time friendships were renewed for the occasion was the 40th wedding anniversary of the host and hostess, and to do honor to the event many beautiful flowers adorned the rooms and gave evidence of the cordial good wishes felt and expressed for Mrs. and Mr. Watson.

### WALNUT GROWING IN WEST IS ADVOCATED

#### Problems Are Discussed at Portland Convention.

#### 200 DELEGATES ATTEND Display of Filberts, Chestnuts and Butternuts Features Session. Election to Be Today.

Possibilities of making the growing of nuts one of the greatest industries of the Pacific coast were outlined at the second annual convention of the Western Walnut association which was opened at the Chamber of Commerce yesterday with 200 nut growers from all sections of the west in attendance. A display of unusually grown walnuts, filberts, chestnuts and butternuts was a feature of the convention. That it was a success is attested by the business standpoint can be made from the growing of walnuts in this section was the declaration of Charles Trunk of Dundee, Or. Mr. Trunk cited his own orchard of 26 acres which he said had last year given a return of 1/2 per cent on a valuation of \$1000 an acre. The return this year on the same valuation he said had been 1 1/2 per cent.

Flavor of Nuts Praised. Mr. Trunk declared that the nuts grown in this section were better flavored and better filled than those grown in other sections. He predicted that the day would come when the hillside of this section would be covered with walnut groves. The possibilities of growing filberts on a commercial basis in the Pacific northwest were told by Professor A. M. Gray of Portland. He told of methods of planting, grafting and arrangement and answered many questions with reference to filbert culture.

The session was opened with a brief address by J. C. Cooper of McMinnville, Or., president of the association. This was followed by reports of officers and committees. The delegates to the 1921 convention were elected. Other speakers during the afternoon included Mr. Cooper, Ferdinand Groner and Nat M. Norelius, who took up various phases of nut culture. Speakers at the night session were: Knight Peary of Salem; Professor D. F. Fisher, plant pathologist of the United States department of agriculture; H. C. Atwell of the state board of horticulture, Forest Grove, and W. R. Eddy of the same board. The organization took action for the appointment of a committee to take up the question of the nomenclature of filberts. It authorized another committee to take up with representatives in congress the question of obtaining a tariff on the importation of nuts.

Among the speakers today will be: Ferd Groner of Hillsboro, E. A. Booth of Eugene, C. I. Lewis and Ben F. Doris of Eugene, A. A. Quarenberg of Vancouver, Wash., and H. A. Henneberry of Astoria. Luncheon will be served at the Chamber of Commerce with ten-minute talks by R. A. Booth, Charles Trunk and H. A. Henneberry, introduced by President Cooper.

The sessions will close this afternoon with the election of officers.

One of the charming brides of the season is Miss Marjorie Simmona, daughter of Mr. and Mrs. E. L. Simmona and sister of Dr. Edmund Simmona of San Francisco, to Mills E. Lawrence, an overseas veteran. The marriage will be celebrated on November 12. The bride is a popular girl, a graduate of Jefferson high school and has many friends. Mr. and Mrs. Lawrence will make their home in Franklin, Va., after the first of February.

The night horse show and its attendant social features still holds the center of society's interest. Friends of the riders and exhibitors of fine horses are noted each evening among the box holders and among those who entertain groups of friends in parties and at suppers afterward. Last night Mrs. O. M. Plummer gave a party for several out-of-town visitors.

A recent box party at the horse show was made up of Mrs. George Pederson, Miss Katherine Unger, Miss Caroline Roth, Miss Lorena Barshard, Mrs. M. Breakay, Miss Ruth McCarthy, Miss Wheeler and Miss E. Kinney.

# Fisher's PANCAKE FLOUR

### Old Fashioned Flavor With Modern Convenience

Most of us can remember watching Mother stir up the pancake batter after the supper dishes were done. She used to tell you how she put the corn and buckwheat in to make the pancakes taste better, and the yeast to make the bubbles, and the wheat flour to make a smoother batter. In the morning you'd promise to be very careful if she'd let you stir down the batter.

We've planned Fisher's Pancake Flour to make just that kind of pancake with old fashioned flavor but we've added modern convenience. We've sifted together nine choice ingredients, including sweet, powdered milk to save you adding fresh milk.

A little girl can mix the pancake batter now; she just adds water and there's a big bowlful of batter ready for the griddle.

Once you know the Fisher quality in **Fisher's Pancake Flour**, you'll want to try Fisher's Blend Flour, Fisher's Rolled Oats and Fisher's Granulated Wheat Berries. Your dealer will supply you gladly.

### DIRECTORS ARE ELECTED

Oregon Dairy Council Names Executive Board Preceding Addresses.

The Oregon Dairy council, at its annual meeting yesterday, elected the following directors:

To serve three years, Ira Steigerwald, G. K. Weatherly, A. M. Work, Charles Eckelman and O. Friedli; to serve two years, W. K. Taylor of Corvallis; P. M. Brandt and C. L. Hawley, dairy and food commissioner-elect; to serve one year, Joseph Lee, president.

The council held a luncheon in the Portland hotel and heard addresses by representatives from Tillamook and other counties outside of Portland and Multnomah county. Fred W. Merrill, formerly of Minnesota, spoke on the great dairy council and the dairy industry of the state. Mrs. Sadie Orr Dunbar gave a talk on the co-operation of the council and the anti-tuberculosis society. Dr. Edna Eames spoke of the improvement shown in school children getting milk.

R. E. Sears, president. The board will meet soon to select the officers.

Loggia Is Killed. CENTRALIA, Wash., Nov. 17.—(Special)—John Burns, employed at a logging camp near Rand, in eastern Lewis county, was instantly killed yesterday when a log rolled over him. Dr. David Livingston, county coroner, sent a deputy to Rand to investigate the accident.

### DENTISTS INVADe SCHOOLS

PORTLAND SOCIETY FAVORS COURSE IN CARE OF TEETH.

Moving Picture Films to Be Shown All Over State for Benefit of Public.

Like the tactics of the Women's Christian Temperance union, the members of Portland District Dental society, aided by the state examining board, may make a serious attempt in the immediate future to have written into the public school courses of Oregon a series of lessons bearing on the fundamentals of teeth care, emphasizing the great importance of the subject. Such was the suggestion made at a meeting of the organization at the Portland hotel Tuesday night by Dr. Joseph Barber.

"The W. C. T. U. a generation ago conceived the idea that, to strike the hardest blow at the liquor traffic, a course of study in the public schools was necessary," said Dr. Barber, discussing ways and means of spreading information to protect the teeth. "That was a wise act. It

was done, and you know the rest. Just recently the country went dry. The grown-up school pupils had a mighty big part in it. You can easily see the lesson. A constructive course in the urgency of caring for the teeth would save countless lives and could not help being a wonderful benefit to mankind."

Seeking to carry forward reliable public information along dental lines, to the end that the people of the state may be better informed, the meeting discussed plans until Dr. H. C. Fixott arose and moved that the publicity and educational committee of the society co-operate with the state examining board in arranging for showing motion picture reels and laying facts before audiences all over Oregon. Funds are said to be at hand for this, and Dr. Fixott's motion carried. Dr. Earl Abbot is chairman of the committee and Dr. F. W. Hollister of the board.
