

### SANITARIUM FIGHT TO FINISH PROMISED

### North Umpqua Project Is Facing Formidable Foe.

### 5 PLAINTIFFS IN CASE

### Husband's Charge of Insincerity by Dr. Lovejoy Is Denied by Her Friends Here.

Further construction of the proposed electro-therapy tuberculosis sanitarium, on the watershed of the North Umpqua river, above Roseburg and Winchester, is confronted with a formidable wall of opposition and will be indefinitely postponed, it is feared, owing to the belief that such an institution would seriously contaminate the Roseburg water supply. Not less than five plaintiffs will appear in the injunction suit launched against Winchester sanitarium and its promoters, a Roseburg water supply, and George A. Lovejoy of this city, and the initial injunction suit which is to delay construction until reinforcements arrive, has already been filed by Dr. Esther Pohl Lovejoy of Portland, wife of one of the promoters.

**Menace to Health Charged.**  
The five plaintiffs in the combined injunction suit, according to H. F. McInturff, attorney for state board of health, who is taking the necessary legal steps, will be the state board, the city of Roseburg, the county of Douglas, Dr. Lovejoy and the Douglas County Light & Power company. Officials of the state board of health are completely confident that they will be able to substantiate the claims that Winchester sanitarium, through pollution of the North Umpqua river, would constitute a serious menace to the public health.

Interest in the injunction fight is intensified by the relation of the plaintiff Dr. Lovejoy, and the defendant, George A. Lovejoy, a prominent Portland business man, Dr. Lovejoy, who served overseas as a lieutenant in the United States army, is president of the International Society of Women Physicians and was head of the executive service department of the Red Cross.

**Sincerity Is Challenged.**  
Contesting the promotion of the sanitarium, on the claim that it would contaminate the Roseburg water supply, Dr. Lovejoy's sincerity has been challenged by Mr. Lovejoy, who asserts that she is primarily interested in the value of her ranch properties near the proposed site, and that she attempted to buy the tracts to the sanitarium promoters.  
Dr. Lovejoy had not returned yesterday from Roseburg, where she led the attack at the sanitarium hearing before the city council, but friends in this city denied that financial motives have swayed her. Dr. Lovejoy asserted that she has been grievously misrepresented.

**WINE SEIZURE IS LARGE**  
150 Gallons and Two Men Taken, One on White Slave Charge.  
An alleged white slave, an alleged bootlegger and 150 gallons of wine were caught in a police raid here about a house at 87 North Fifth street early yesterday. Charles Parillus confessed to having bought Dorothy Maruri from Boise to Portland for immoral purposes, said the arresting officer, who was ordered held for the federal authorities.

The total owing was \$275.18, \$44.60 already having been paid. The account of Commissioner Hoyt, which is considerably larger than that of Mr. Holman, has not been settled, as action on the appeal is being awaited.

Tuel has made two escapes from the prison, having been captured at Oregon City following the first break. At the time of his last escape Tuel was employed at the penitentiary farm and had been accorded the privilege of a trusty.

**Seasonable Beauty Aid**  
We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox, which you can get from any good druglist, dissolve it in a cup of hot water; this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.—Adv.

### 40 PORTLAND BABIES ON ICE CREAM DIET

### Food Declared Ideal for Aemic Children.

### DOCTORS RECOMMEND USE

Forty Portland babies have been placed on an ice cream diet because physicians were unable to find other food suitable for them, according to Miss Jacquelyn Martin, speaker yesterday at the convention of the Pacific Ice Cream Manufacturers' association. Miss Martin asserted that the diet was first tried with the child of a local merchant, whose doctor almost despaired of saving the infant's life.

**Use Declared Increasing.**  
"I remember that one time I was enthusiastic over having received a portion of ice cream cast in the shape of a wheel," said Miss Martin, "and at the time when I had been attending teas for several days in succession, and the sight of the ordinary little square of ice cream served at each of the parties had become distasteful to me."

Much sickness, pain and misery result from disordered kidneys and bladder.
