HUNTERS SEND NO WORD

STOLEN VESSEL AND PIRATE CREW UNHEARD FROM

Belief Expressed Grim Game of Hide and Seek Being Played at Sea

SEATTLE, Wash., Nov. 18.—(Special)—Two coast guard cutters, under command of Captain G. E. West, which left here early Wednesday in pursuit of the gasboat Roehampton and the pirate crew that kidnapped the vessel out of the harbor some time Tuesday night were unheard from by federal officials here today.

Belief was expressed that the pirates and the revenue men were engaged in a grim game of hide and seek on the high seas, somewhere off the coast.

Heard through the fear of disclosure their location to the crew of the pirate ship, Captain West has not communicated with the authorities here since he sped out of the harbor in search of the stolen craft.

West took out the cutters Scout and Acadia, two of the fastest cruisers on the coast, armed with half-pound guns, and was optimistic that he would overhaul the Roehampton before she left Washington waters. A sea-fight with the pirates was not unexpected.

Observation points along the sound that were notified to be on the lookout for the Roehampton had not reported sighting the craft today. The vessel was being held in libel at the King and Wing shipyards here and was painted black.

Owing to her color, it is possible the pirates may be keeping her hidden in secluded shelters along the coast during the day, doing their traveling only by night.

AUTO THIEVES RETURNED

Men Charged With Stealing Car Start for Canada

VANCOUVER, Wash., Nov. 18.—(Special)—H. G. Billing, 19, and R. F. Gerhard, 27, of Vancouver, B. C., arrested near Sara by the sheriff's office November 13, after they had attempted to sell an automobile they were driving for \$400, started back today in charge of Charles Delquist, insurance agent.

The car was stolen from C. R. McNeill and it was driven over a bank near Sara, Gerhard was driving. While the car lay in the ditch the couple attempted to sell it, which aroused suspicion and caused their arrest. They claimed that they had won the machine in a gambling game.

In taking the men back, Delquist himself drove the car with his two prisoners riding. It is a question in the minds of those who saw the start from here if all will reach Vancouver, B. C., at the same time.

GREAT FALLS, Mont., Nov. 18.—Break in the concerted resolution of wheat growers along the Butte division of the Great Northern to hold their grain for higher prices apparently was indicated today by receipt of orders by the Great Northern div. office in Great Falls for 66 empty cars.

STATE HAS RANKING GOATS

FOUR OF BEST HERDS IN U. S. OWNED BY OREGONIANS

Livestock Show Believed to Be Near Point of Rivaling Chicago Exhibition

The state of Oregon has four of the best herds of Angora goats in the United States, according to the declaration of Bob Davis, goat raiser of Rio Rico, Tex., who was one of the speakers at the luncheon of the Progressive Business Men's club at the Reason hotel yesterday.

It was stated that the number of goats in the state is about 200,000. He said there were individuals goats in this state carrying around fleeces worth \$200.

Stanley Pierce of Creston, Ill., one of the judges, declared that the Portland show was the coming show in the livestock world and might ultimately be made to surpass the Chicago International exhibition.

That the interest aroused in the livestock industry by the Portland show was one of the biggest things which could be done for this country was the declaration of Leslie Butler of Hood River.

Other speakers included Fred S. Stimson of Hollywood, Wash.; George W. Stason of Postdam, N. Y.; W. H. Caldwell of Petersburg, N. H.; Otto V. Battles of Yakima, Wash., and J. Doherty of Portland.

RANGER PLANS ARE MADE

Guide Boards to Be Erected in Cascade National Forest

EUGENE, Or., Nov. 18.—(Special)—

AT A MEETING OF RANGERS OF THE CASCADE NATIONAL FOREST, HELD IN THE OFFICE OF N. F. MACDUFF, SUPERVISOR OF THE FOREST, THIS WEEK, PLANS FOR THE COMING SEASON'S WORK WERE OUTLINED.

Principal among the questions discussed was that of placing guide boards at frequent intervals on every trail in the forest. Supervisor Macduff said yesterday that these boards will prevent even the worst tenderfoot from becoming lost in the mountains unless he wanders off the trails.

On each board will be printed the number of miles to the next creek or stopping place and the direction will be indicated.

Plans were also discussed for the resumption of the telephone service between Eugene and the upper McKenzie river country. During the past summer and fall it has been impossible to keep the line open owing to the frequent blasting of stumps and rocks by the highway contractors.

The Pacific coast was taken on a tour of the Mare Island navy-yard here today by Captain E. L. Beach, commandant of the yard. They were brought here from San Francisco on a destroyer.

Data showing the claims made by the navy-yard as the most feasible naval base site were examined by the committee.

VANDERLIP FACING QUIZ

SCOTLAND YARD TO INVESTIGATE VISIT TO RUSSIA

American Embassy at London Is Notified of Intentions as Matter of Courtesy

LONDON, Nov. 18.—The American embassy here was notified today that Washington D. Vanderlip, California oil and mining engineer, who recently was in Moscow, will be closely questioned by the intelligence department of Scotland Yard on his arrival in London if the present plans of the police are carried out.

The notification was given as a matter of courtesy and is not given in like cases of lesser importance.

The interrogation will not necessarily be made with the view of taking action against Mr. Vanderlip's presence in England, it was said, but with the intention of ascertaining exactly what his activities had been in Russia.

Such interrogation, it was pointed out, would be in conformity with the policy adopted by the British government of discouraging travel between Russia and England.

TERHUNE CASE REVIVED

Naval Governor of Samoa Accused of Financial Irregularity

HONOLULU, T. H., Nov. 18.—(Special)—Residents of American Samoa, arriving here recently, gave accounts of the many eccentricities of Commander W. J. Terhune, naval governor of that island, who recently committed suicide shortly after an investigation of his manner of conducting the office was begun.

Arthur A. Greene, former Portland (Or.) newspaper man, now living in Samoa, uncovered an alleged overcharge of \$10,000 in official accounts. Terhune claimed he had paid \$18,000 for a steam roller for road work for the Samoa chiefs, when Greene unearthed information to prove that the machine had cost but \$8000.

Terhune is believed to have issued an order forbidding naval officers or their wives to call on or receive Arthur Greene or his wife.

EARLY HEARING SOUGHT

State Joins in Petition Over Clark Estate Litigation

SALEM, Or., Nov. 18.—(Special)—Attorney-General Van Winkle announced that the state would join with the attorneys for the estate of John Clark of Multnomah county in an effort to have the supreme court advance on the calendar litigation between the estate and State Treasurer Hoff.

It was expected that the decision in this case will place final interpretation on the exemption clause of the inheritance tax law now operative in this state.

Mr. Clark's estate was valued at approximately \$67,588.19 and there are \$49 heirs. It was alleged by these heirs that under the law each of them is entitled to an exemption of \$10,000.

WHILE THE STATE CONTENDED THAT THE \$10,000 EXEMPTION APPLIED TO THE CLARK ESTATE, AT THE TIME ORIGINAL PROCEEDINGS WERE FILED IN THE CASE, JUDGE TAWELL OF MULTNOMAH COUNTY GAVE A DECREE IN FAVOR OF THE STATE.

State Treasurer Hoff then appealed to the supreme court.
