EDUCATIONAL,

Get Into the Auto or Aviation Business.
You're right! No other line of work offers the employment opportunities and big pay that the automobile and aviation business does. The quick and satisfactory way to learn this husiness and get into it is through the help of that man "Adox," whose school holds the world's record for graduating the largest percentage of students who make good in a big, commanding way. Today, scores and scores of men who less than a year ago kriew absolutely nothing about automobiles are earning as expert "gua engineers" double to trebie what they ever before made. Adox trained them in 12 to 16 geeks. You may be skeepifical—say it can't be done—but it actually is being done; and, if you will give "Adox" a chance to talk with you a few minutes or write or call for a free copy of this big, dollar book, describing his school and his methods, you will quickly be copyinged as hundreds of men and young men before you have been. To prove the value of his course to you, he will set you, attend his school four weeks free—and, if you find anything misrepresented be will pay you 50 cents for each hour in attendance at his school. He even will go further! If, after visiting his school or carefully going through his catalog. You truthfully can say that anywhere in the west you have seen another auto school with as much equipment who graduates as large a percentage of successful students or gives you as much for your money, he will make you a present absolutely free of his complete Aufo, Battery and Electrical course, valued at \$290. If the training he offers were just the ordinary kind, this effer would be suicidal—would put him out of business is less than three menths. Just the day this announcement was written, a prespective such of the offers, but you wind it have visited some half dozen other auto schools and youre makes them at look like a many dome. Only a different unquestionably apperior school could make such offers as "Adox" does. There is no red tape to his offers were limit and no entrance copy of his Book, ANA address is, ADCOX AUTO & AVIATION SCHOOL, PORTLAND, OR.

MEN!

If you want to attend an AUTO and TRACTOR school where you get the most complete training, and the best value, then attend HEMPHILL'S TRADE SCHOOL. We have just installed a large quantity of new electrical equipment. We have also placed in the school for your benefit a brand new VULCANIZING department with all the latest and best equipment available. Now in the time to enroll and get ready for that big job next spring. The demand for trained men will be great. Let us guide you on the road to success. The HEMPHILL schools graduate thousands of successful students each year; you can be one of them this year, You take the tools in your hands and get the actual practical shop experience on all makes of cars. We combine practice and theory in all courses which is the only way to get a satisfactory training. If you are desirous of learning the automobile business or any branch of it, better investigate the HEMPHILL School first. State aid to Oregon ex-service men.
