# HAZELWOOD BUTTER PURE, SAY EXPERTS

Witnesses Deny Testimony of Food Law Violations.

TRIAL IS NEARING END

Chemical Process by Which Rancid Product Could eB Rectified Is Explained to Jurors.

Experts placed on the stand by the Hazelwood company, in its defense against government charges that the oncern manufactured adulterated butter, in violation of the federal pure food law, endeavored to

show yesterday that the company was not engaged in the practice.

Despite positive testimony offered Wednesday by persons who had been to build and there is ample work for

posite.
While Walter F. Henningsen, vicepresident of the Henningsen Produce company, also vice-president of the Hażelwood company, stated that he held but one share of stock in the concern now being prosecuted by the government, he also stated that he was not a party in the actival was was not a party in the actual man-agement. The management of the Hazelwood Ice Cream company and the Hazelwood restaurants and confectioneries has no connection with the Hazelwood company, being President of University, State Suseparately owned and managed

Trial Is Nearing Conclusion. Indications are that the case will be completed, or nearly so, today, and there are chances that it will go to the jury this morning or Monday. When court adjourned yesterday aftdefense announced that it ernoon the defense any

manner remove or cover up most of

Forrar, a graduate of Columbia university, and an export chemist, and much of it was confirmed also by the importance of the state university as

Witnesses for the company tried to tion of the jury jars of treated butter to prove their contention that it was a wholesome product. But the efforts of the defense were overruled by

Joseph Kellorg, foreman of the print room; Julia Florence, an office employe; John J. Alten of the sales force; Mary Heizer, now with the telephone company and a former wrapper LAND RECORD. in the creamery plant; Charles Michaelson and a quartet of other girl employes testified that they never knew of any rancid or mouldy butter being used, or of there being any means taken to prevent their passage to all portions of the creamery plant.

to all portions of the creamery plant Simpson, sales manager the Oregon Dairymen's league, a for mer professor of the dairy depart ment of Oregon Agricultural college told that an overdose of the alleged neutralizer would have the effect of rendering the compound insipid. He also stated that the alkaline reaction would have the effect of eliminating the bad odor from spoiled butter,

Efficiency Expert Testifies. Samuel Olson, efficiency expert, who of effected some of the processes for he Hazelwood company and other of tro

the Hazelwood company and other of the Henningson plants, testified that he found good, bad and indifferent butter in the Hazelwood store rooms. After stating that he had been engaged in the dairy business for 20.

The report of the auto theft departments of the control of the stating that he had been engaged in the dairy business for 20.

and produce, told of testing some samples at the Hazelwood plant. He said he found all of them rancid, some with a strong lime flavor and others tasting old and greasy. These tests were made in October, this year, after the company had complied with the law and paid the government fine of

REDUCTION IN EMPLOYES IS ANNOUNCED BY ROADS.

Temporary Slowing Down of Freight Movements Given as Reason for Unemployment.

Reduction in working forces were City to this effect. announced yesterday by the Southern Pacific system, the Spokane, Portland & Seattle and Great Northern railads and several manufacturing ants in Portland, affecting a few

Temporary slowing down of freight movements is given as the cause of a lay-off of indefinite length of 10 per cent of the mechanical and maintenance of way employes on the rail-roads mentioned. The Great Northren fixed December 6, as the date of its reduction and the Southern Pacific gave notice to its men that their tamporary suspensions would be effective December 10. That is about the time the Spokane, Portland & Sastie order will go into effect, too.

Included in the runner who will be compared to the control of the said plans are under way for reopening the closed institutions.

of the logging business, it was said last night by a railroad official. It is belived by railroad officials that the lay-offs will not be for a long period, but that freight business will railly early in the new year. Two hundred men employed on the night shift at the St. Johns plant of the Western Cooperage company have been laid off and night operation of the mill has been discontinued owing to the present dull market for wood products of that plant. The mill is still operating with 300 men on the day shift. of the logging business, it was said

It is expected that the market will show a change for the better after January 1, and the night crew put January 1, and the night crew put back on again.

The mill of the Oregon Ship Timber company at Linnton, was shut down December 1 and 45 men thrown out of employment.

The mill of the West Oregon Lum-

of employment.
The mill of the West Oregon Lun ber company, also at Linnton, was shut down Thursday. The bad lum-ber market and the need for repairs about the mill were given as the cause. The plant employed 170 men.

"I suffered from indigestion and what was said to be gustritis for ten years. Terrible gnawing pains in the pit of my stomach nearly doubled mu up, and pains in my side were so se-vere I couldn't turn over in bed nor take a long breath, and I had such dizzy spells I'd have to grab hold of

anything at hand to keep from falling. Many times when one of these awful spells came on me I thought my time "I fell off from one hundred and forty-five pounds to one hundred and sixteen, and lost all my strength. Sciatic rheumatism got me and for a long time I had to go on crutches. For three months I didn't do a lick of rk and wasn't able to get around

"One day a lady where I was living "One day a lady where I was living asked me why I didn't take Tanlac. Well, I had never thought it would do me any good, but I got a bottle and began taking it, and I commenced to feel better in just a few days. My indigestion and rheumatism are both gone now and I have a good appetite. and can eat anything without my stomach bothering me, and I am feeling better than I have in many

years.
"Tanlac is the best medicine I ever heard of and I wouldn't take any amount of money for the good it has Tanlac is sold in Portland by the Owl Drug Co .-- Adv.
