New York in Opposition.

J. S. McDaniel of the Cordage Institute of New York opposed the rates, because, he said, facilities for carrying hemp in American bottoms were inadequate. Hemp shippers in the Philippines, he declared, only use American ships when foreign tonnage is not obtainable. is not obtainable.

Chairman Benson, at the conclusion of the hearing, said the board would take the question under consideration, but added there was a large amount of American tonnage which could be used to meet the needs of the ports. He later announced that the board would soon begin assigning its new 12,000-ton combination passenger and cargo vessels to the trans-Pacific route.

Foley's Honey and Tar

is an ever-ready aid to sufferers from colds. It relieves the tightness and soreness, covers the inflamed surfaces with a soothing, healing coating, loosens phlegm and mucus and helps dispel it, clears the air passages, eases hoarseness and banishes irritating tickling in the throat. This Man Was Sick In Bed

This Man Was Sick In Bed
John Vogoue, Elberton, Gs., writes: "Last Fall, when
all my neighbors were down with Induenss, I took a most
severe cold and almost before I was aways of my condition I was down sick in bed. I coughed night and day
and my throat was raw and sore inside and felt as though
the skin had been torn out. I took some medicine but
got little relief. I concluded to try Foley's Honey and
Tar Compound. I took eight small deses of it in two
hours. My condition began to improve at once and in a
few days I was as well as ever. I recommended it to
several people during the winter and all of them were
greatly benefited by its use. It is in my opinion the best
cough medicine mada."

Foley's Honey and Tar contains no opium, morphine, chloroform, or other injurious drugs. It is an old-time home remedy in which are scientifically blended the curative effects of honey and pine tar with the old fashioned plants and herbs found in forest and field and used by our grandparents.
