

DAYLIGHT ROBBER IS COLLEGE YOUTH

Hubert M. Berry Uses Bottle as Weapon on Victim.

CAPTURE FOLLOWS CHASE

When police were questioning him they asked him detailed questions regarding his movements and whereabouts on certain nights last week when a number of daring robberies and burglaries were staged.

"I'm telling you the truth," he said with a cynical grin as they shot question after question at him. "Of course, I know you fellows think I can be guilty of every robbery in Portland now that I've been arrested, but I am telling you that this is the only one and the last one. There is nobody to blame but myself, and my pals or friends put such a notion into my head."

Questioned as to his actions last Friday night, Berry said he attended a dinner party at the Oregon grill, and he mentioned the name of a vice-president of one of the largest Portland banks as his host at this dinner. Asked where he was Saturday night, he said he had been at the home of a prominent Irvington family.

Prominent Friends Mentioned.

"Say, honestly, you don't know what this means to a lot of my friends in Portland," he said as they sought to escape the barrage of questioning. And then he named over numerous familiar names in the business and social life of the city as among those with whom he was on intimate terms.

Berry served in the navy during the war and was for some time stationed at Mare Island. Upon his return to Portland he met and eloped with a 19-year-old girl to Vancouver, where they were married. The marriage was annulled at Oregon City a month later.

Jail Preferred to Freedom.

Young Berry said last night that he did not want to be released on bonds until final disposition is made of his case. Although he is not in any particular haste to get out of jail, he much prefers remaining behind the bars to walking the streets the next day, and the curiosity of his former friends and acquaintances.

"This isn't much of a place to live but it's far better than the particular time than being out where everybody can see me," he suggested as he surveyed the grimy cells which he had covered the cot in his jail cell.

"This is giving me my first intimate knowledge of police work and police methods," he said as he stood puffing a cigarette which was handed to him through the bars. "They have made me think that I can't remember half of what I told them, except that I told the truth at all times, and I made no effort to shield myself, for I know that I am in mighty bad."

Police Full of Suspicion.

"While they were talking to me some big detective in a particular time looking me over. He turned me around and after a moment of thinking he turned to the other side and said, 'I know this bird; he looks like Jimmy the Flea.'"

"Then another one of the police made me roll up my sleeves and legs and show my arms and arms and legs."

"Well, the kid's no 'top-head,'" he said after he had finished his examination.

"It seems as though they suspect a fellow of nearly every crime ever committed once they get him in jail. I am not complaining about the treatment, except that it all seems so peculiar in that I never was mixed up with the police before in my life."

BURGLARS ROB FIREMEN

While members of engine company No. 4, Third and Glisan streets, were fighting the fire at Fifth and Everett streets early Sunday morning a burglar entered the firehouse quarters of the company and stole a quantity of wearing apparel from Captain Wigginton and other firemen, according to a report made yesterday to police detective headquarters.

The loot consisted of a small amount of cash, clothing and two shaving outfits.

Two suits of clothing were taken from the home of Frank Adams, 349 East Lombard street, during the absence of the family. When members of the family returned late at night they found evidence of the prowler as they entered the front door, and heard him leave by the kitchen door just as they entered the kitchen.

The burglar showed the fireman had small feet and wore overshoes. Inspectors reported after making an investigation.

Andrew Basbich, 624 East Fifth street North, frightened away a burglar in his own home late Sunday. The prowler had gained entrance through a basement door. Nothing was missed.

Virgil Coss, proprietor of the Boulevard garage, reported that someone had worked the combination of his cash box and checks some time Sunday.

ACCOUNTING IS DEMANDED

Keeler Brothers' bonding firm is made the defendant in a suit filed in the circuit court yesterday by Fred Glenn, now a vice-president of Morris Brothers, Inc., who is seeking to recover \$100,000 said by him to be due from his former employers. He asks an accounting of their profits in order that the share due him may be more accurately estimated.

Mr. Glenn was manager of the Portland branch of Keeler Brothers, a concern having headquarters in Denver, Colo., since its incorporation in 1915. At the time, he states, he entered an agreement whereby he was to start with a salary of \$350 a month to be increased to \$450, and that he was to have 40 per cent of the annual profits. These were payable on September 1, 1919, and March 1, 1920, and on these dates each year thereafter. He says payments were not made and that the increase in salary was not made. Mr. Glenn asked an accounting of the unpaid money and the firm declined to make it. His estimate is that \$100,000 is due him and he asks the court to choose between the alternative of ordering the accounting or compelling Keeler Brothers to pay him this sum outright. Mr. Glenn is represented by John F. Logan in the suit.

ROAD WORK PROGRESSES

Wheeler-Gilliam Section of John Day Highway Being Rushed.

FOSSIL, Or., Dec. 6.—(Special.)—Residents of Wheeler and Gilliam counties are greatly encouraged over the rapid progress on the John Day highway. Three ditches and the portable screening plant recently purchased by Wheeler county has begun to put the dirt surface on the highway between Service creek and Spray. When the Service creek-Spray section of the highway is thus rendered fit for traffic, and the 11-mile stretch from the Fossil city line to the Cummins hill—a three-mile stretch—put in, the highway through Wheeler county will be practically done.

In Gilliam county, the 30-mile Mayville section of the highway is completed, the road will be finished from the Wheeler county line north to Condon.

PROFITEERS MAY BE HIT

SEATTLE, Wash., Dec. 6.—(Special.)—Persons who have bought up municipal street railway tokens in anticipation of an increase in their value from the 5-cent to 8-cent value will find to their regret that a section drafted today is incorporated in the bill for a new ordinance when it is passed.

The section provides for the manufacture of new set of tokens and redemption of the present ones at the rate of 64 cents cash or the exchange of four of them for three of the new tokens.

The fare ordinance, including its new provision will not receive consideration at the next meeting of the utilities committee Thursday morning. The fare bill was referred back to the committee by the council last Friday after the measure with

HOW TO "BE FIT" AT SIXTY

As our boys "came marching home," they brought a certain red-blooded doctrine, and showed us the glory of a perfect body. They will show us how to "keep fit," even if we have passed middle life and are beyond the athletic stage. For the tired business man, the man who feels the daily grind and the nightly fog, has meager appetite, headaches, nerves unstrung; is gloomy, ending in a soggy brain, try the right way. Get out of bed, open the window, breathe deeply, exercise the army "setting-up" exercise or use dumb bells, until in a warm glow.

Before breakfast take hot water, and occasionally castor oil or a pleasant laxative made up of May-apple, aloin, jalap, and sold by all druggists as Dr. Pierce's Pleasant Pellets.

As Prof. Strauss says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of soft rain or distilled water, six or eight glasses per day, hot water before meals, and obtain Dr. Pierce's Anuric Tablets, for 60 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric-acid) is the recent discovery of Dr. Pierce and is much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

APPELITE FINE, CAN EAT ANYTHING AND WORKS ALL DAY WITHOUT TIRING SINCE HE TOOK TANLAC.

Tanlac has built me up until I feel like a real man again," said Emerson Jackson, Rock Spur, Or., a valued employe at the government shipbuilding plant, recently.

"My stomach was all out of order and I was in a badly run-down condition. I lost my appetite and what little I did eat distressed me all the time. After meals gas would form and I was in a state of misery for hours. I seemed to have no energy at all, just felt tired and worn

NEW SWINDLE IS WORKED

Alleged Fakers Pose as Members of Salvation Army.

HOQUIAM, Wash., Dec. 6.—(Special.)—Police have learned of a new ruse employed by what they term a faker to get money.

According to reports, G. Laurie, 55 years of age, with two boys he said were his sons, came to Hoquiam a few weeks ago, told Ensign Mitchell of the Salvation Army they were Salvation officers. He added that his wife was in the state hospital for the insane at Steilacoom and his boys had frequently gone hungry in the last few weeks.

Ensign Mitchell took them in, fed them, and gave Laurie uniform of the Salvation Army. They then proceeded to the Moose lodge and with a similar pathetic plea secured a bass drum and a snare drum. They then proceeded to a street corner and gave a "concert" after which they passed the hat. This was done at least enough times to get money sufficient to carry them out of town, along with the drums, two suitcases and the uniform. They were later arrested in Seaside, Or., and will be held pending decision here as to prosecution.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acids which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

MUSTEROLE

WILL NOT BLISTER

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throats, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—coldness of the chest (it often prevents pneumonia). It is always dependable. 35c and 65c jars; hospital size \$3.00.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.
