Orca to Establish New Record for Grain Cargoes.

land harbor is devoid of grain vessels for the first time in several months. The Dutch steamer Moerdyk,

and it is now the intention to bore six-inch holes over a large area and blast several hundred yards at one

The operating erew on the Coos found that the obstruction in some places is simply a cross between rock and clay, and the most difficult material to shatter. "Bulldozing" charges of generous amounts would scarcely loosen more than five or seven yards. The new plan, it is believed, will obviate the extremely heavy cost of the work.

Orea to Take Record Grain Cargo.

A new Pacific coast record for grain cargoes is expected to be established with the loading at Astoria of the British steamer Orea, now en route from Coronel, Chili, and expected in the Columbia river Thursday night or Friday morning. The capacity of this vessel is estimated at 15,000 tons.

or Friday morning. The capacity of this vessel is estimated at 15,000 tons of wheat, which will give her a draft of 35 feet. The record at present is held by the British steamer Friesland, which a few months ago carried a little more than 504,000 bushels from Puget sound.

The cargo, which the Orca is expected to take, will amount to about 565,000 bushels. The Pacific Grain company is responsible for the charter of both of these vessels.

Only Two Wheat Steamers in Port.
