

TAXES AND TARIFF ARE TO BE REVISED

Republicans of Congress Will Begin Hearings.

NEW LAWS ARE OBJECT

Senate and House Committees Are Paving Way for Legislation at Extraordinary Session.

WASHINGTON, Dec. 8.—Republican members of congress took the first steps today toward revision of tax and tariff laws at the extra session to be called soon after next March 4.

Chairman Fordney of the house ways and means committee, announced that his committee would begin hearings within a few days on revision of the tax laws, these hearings to continue until January 8, when hearings will be started on tariff legislation.

Almost simultaneously with this announcement, Senator McCumber, North Dakota, acting chairman of the senate finance committee, issued a call for a meeting of that committee for tomorrow, when plans will be made for hearings similar to those contemplated by the house committee.

Hearings to be expedited. The senate and house committees alike hope to conclude their hearings by the end of the present session. The house committee, Chairman Fordney said, expects to begin the work of drafting the new tax and tariff measures as soon as the extra session is convened.

Chairman Fordney's announcement called a conference of the majority members of the committee. He said that as soon as the committee has had time to study the tax recommendations contained in his annual report, Secretary Houston would be asked to appear before the committee and explain his views more fully. The treasury secretary will be asked to designate an official to represent him at the committee's sessions.

Definite Tax Plan Set. Chairman Fordney said that he had in mind a definite plan for simplification of the tax on corporation income. One of his proposals is a flat tax on the incomes of all corporations "having no qualification or other modification."

Mr. Fordney also said it was his desire "that the income tax laws be made so simple that a corporation will not have to hire an expert or a lawyer to figure how much it owes the government."

The ways and means chairman declared that a study of Secretary Houston's report had shown him that the "estimates for governmental expenditures are ridiculous."

Estimates Held Extravagant. "I can go down the list of estimates of the secretary and find approximately a billion and a quarter dollars unnecessary," Mr. Fordney said. "Just for example, he wants \$181,000,000 for the war risk insurance bureau. I think that is a hundred million too high."

With the proposed consolidation of the various soldiers' relief agencies into one bureau, we can save a hundred million, he estimated. "I do not think congress will grant any such sum this year."

WATCHMAN IS MISSING

D. W. FAIRCLAUGH THOUGHT TO HAVE FALLEN OVERBOARD.

Relatives Ask Police to Search Lower Harbor in Case Man Swam Ashore for Doctor.

Fear that D. W. Fairclaugh, aged 53, a watchman employed aboard the river steamer Wonder, fell overboard some time Tuesday night after becoming suddenly ill, was expressed by members of the family yesterday when they asked the police to aid them in a search for the missing watchman.

Officers of the boat said that Fairclaugh had been complaining of a severe headache as the boat was short distance below St. Helens, towing logs up the river to Portland. They assisted him to land.

This morning, a short time before the boat reached Portland, it was found that he had disappeared. There was no trace of his clothing or anything which might furnish a clue. The boat had not docked in the night.

BERRY THOUGHT INSANE

Police Give Opinion on Youthful Robber.

Attorney for Defense Declares Lad Has Shown Demented Tendencies for Years.

Belief that Hubert M. Berry, 21-year-old youth who assaulted and attempted to rob H. H. Wine, a Third-street pawnbroker, Monday night, is hopelessly demented was expressed yesterday at police headquarters after police and reporters had questioned the youth at length.

That the boy has shown strong tendencies toward insanity for years, and the further fact that it is a hereditary trait, was the explanation offered yesterday by W. P. Richardson, who has been retained by the boy's family to defend him on the robbery charge.

Mr. Richardson said the youth had been discharged from the navy because of his mental condition and that he had been in trouble many times as a youth because of this same mental affliction.

In his cell at the city jail yesterday Berry complained of a severe headache, and at times he rubbed the base of his skull as though he were in severe pain. But he continued to talk wildly of crimes he had committed.

SOLICITORS ARE FINED

Women Say Photographers Are Nuisances.

Two Men Declared to Have Made Attempt to Get Into Houses Without Invitations.

Edward O. Rapier and Otis M. Cropp, photographer solicitors, were fined \$25 each on disorderly conduct charges yesterday by Municipal Judge Rossman after women witnesses from the Hawthorne building testified that the two solicitors had made nuisances of themselves.

According to the testimony of Mrs. John Gillard, 1161 Holgate street, the two men came to her home and Rapier was especially insistent upon getting inside. She said he refused to state his business, but kept endeavoring to get in through the front door. She became alarmed, she said, and slammed the door in their faces.

When they went to the home of a neighbor, she called the police and had them arrested.

According to Deputy City Attorney Stadter, the complaint has been received at police headquarters concerning these photograph solicitors for the past three weeks, and the police have been instructed to arrest all those who make nuisances of themselves. Other prosecutions for disorderly conduct will follow similar incidents, Stadter said.

EUGENE ACQUIRES LAND

Municipal Aviation Park Soon Will Be Established.

EUGENE, Or., Dec. 8.—(Special)—Deeds to a greater portion of the tract of land selected as a municipal aviation park have been filed in the office of County Clerk Bryson by O. H. Foster, city attorney.

The city now holds title to all of the land except three or four small tracts, which, it is said by city officials, are not entirely necessary to acquire if it is impossible to obtain title to them.

SICK HEADACHES AND BILIOUSNESS

Mrs. Johnson Suffered from Both and Tells How She Corrected Them.

There are many kinds of sick headache. Some forms are incurable but nearly all cases can be greatly relieved by proper treatment.

Some fault in the process by which the body changes the food we eat into blood and tissue causes poisons to form and when this accumulates sufficiently there is an attack of sick headache. That is why they are periodical rather than constant.

The tonic treatment has corrected many cases of sick headache and thousands of grateful women can give a statement similar to that of Mrs. William Johnson of No. 1710 Eddy street, San Francisco, Calif.

"My stomach was in bad condition and seemed to get worse all the time," says Mrs. Johnson. "I had some bilious attacks and sick headaches. I had heartburn and at times would be dizzy and feel faint. My appetite was poor. I was extremely nervous, especially at night, and was unable to get to sleep for hours. I had no ambition and was tired all the time."

"I tried different remedies with no benefit. One day I read about a case similar to mine which had been greatly benefited by the use of Dr. Williams' Pink Pills and I decided to give them a trial. After the first week's treatment I could see a change. My appetite was better and what I ate seemed to agree with me. I continued using the pills and have not had a bilious spell or sick headache since. Dr. Williams' Pink Pills also strengthened my nerves. I think the pills are a reliable remedy and I shall always recommend them."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from Dr. Williams Medicine Co., Schenectady, N. Y., at 60 cents a box. Write for the booklet, "Diseases of the Nervous System."—Adv.

Yakima Valley Ships Products.

YAKIMA, Wash., Dec. 8.—(Special)—Yakima valley shipments of hay so far this season totaled \$10 cars, grain, 636 cars and potatoes, 1451 cars, according to railroad figures. The total value of such shipments was estimated at \$3,888,727.

There's much prestige accompanying a list from Friedlander's, 310 Washington. Fifty years in Portland—Adv.

Furniture
The Enduring Gift

Give Furniture This Christmas
Get It Here for Less

Furniture has at last come into its own as one of the most popular and acceptable gifts that anyone could make at Christmas time. Year after year the tendency of Christmas buying has swung more and more to furniture as the ideal gift, until this year furniture is expected to take first rank and occupy first place on the shopping lists of the nation.
