ARE THERE any little boys in Portland who haven't seen the place where all the mechanical toys, the drums and the new games are kept?

Do you suppose that there are any little girls who haven't visited Dollville? It is the gayest place that you ever did see. There are baby dolls and grownup dolls that have come from thousands of miles away—every one of them is terribly excited and anxious to know just which little girl is going to adopt her on Christmas day.

SANTA CLAUS

Good old Santa will meet little tots in his Christmas house from 10:00 to 12:00 in the morning and from 2:00 to 5:00 in the afternoon. There can't possibly be a mistake about what your Christmas stocking will hold if you come down today and tell Santa just exactly what you want. If you are too bashful to tell what you want you can write Santa a letter and tell him everything. Santa has a little paint outfit for every child under seven who visits him in the morning accompanied by an adult.
