

NEW YEAR'S BOXING CARD BITE OF BEST

List of Battles at Milwaukie Arena Caps Season's Climax. THREE EVENTS 10 ROUNDS

Harlan Bunker, Elongated Heavyweight Battler, to Take On Frank Farmer of Tacoma. BOXING PROGRAMME FOR SATURDAY AFTERNOON AT MILWAUKIE ARENA.

This season is certainly witnessing one grand windup as far as boxing is concerned and the fans are getting the benefit of it all. Two cards on December 31 and January 1 will be held at the Milwaukie arena Saturday afternoon have never been put on before in history and for a top price of \$2. Many cards for which the commissions have never been taken during the months above named.

Harlan Bunker, the elongated heavyweight battler, who has mal-treated two of Tacoma's best boxers within the past few weeks, will try to knock out the aggressive Bunker. Harlan did not have a chance to show much when he met Ole Anderson and he did that with a vengeance. Bunker charged and met plenty and handled himself like a seasoned performer, while it was only his 16th or 17th fight in the squared circle.

Frankie Murphy has been traveling at a sensational clip in his last two fights and always a good welterweight looker. Every time he met a heavyweight Murphy hit a long slice of illness which put him completely out of commission. He had a long rest and in his first fight a boy not rated among the topnotchers, but yet recorded as a tough one, was selected for Frankie. Lloyd Madden was the goat on two occasions. The first time he took a lacing and the second time was knocked out. It was not Murphy's feat in knocking Madden out that made him look so good, but the way he stepped around at all times and handled his dukes. When Murphy stopped Madden, it marked the second time that Lloyd was put to sleep in a local ring. Fans will remember his set-to with Fred Gilbert at the Milwaukie arena.

Both of the six-round events loom as tentative struggles of the first order.

CALIFORNIA TO KEEP EYE ON STINCHCOMB'S MOVES If Ohio Player Gets Away With Any 50-Yard Forward Passes He'll Have to Be a Super-Marvel.

BY L. H. GREGORY. HATEVER the outcome of that Ohio State-University of California football game at Pasadena Saturday, make sure of this: No player who ever started in a football game will be more watched, deployed against, covered, encircled, surrounded, rammed, bumped, attacked, razed, guarded, spied on, smothered and altogether made the focus of an entire team's play than Pete Stinchcomb.

If Pete can grab any 50-yard forward passes and get away with them for touchdowns against California under those circumstances, he will have to be a super-marvel, that's all. For there isn't any doubt in the world that California regards Pete Stinchcomb as her worst threat and has been coached to pay mighty particular attention to that elusive gentleman.

Not that any rough stuff will be pulled against Pete. That's hardly likely, for the California players are good sportsmen. But they'll lose no opportunity to let Jane Anne Summers' well known and popular fiancée know that football is a real man's game, and you can't blame them for that.

At least one and probably two California players will be told off to the assignment of keeping their eyes peeled on Pete Stinchcomb in every play of the game. They may be able to make him look pretty bad with all this kind attention—the best player in the world can't perform well with a pack of wolves at his throat. And then again Pete may surprise them all and pull something spectacular in spite of them.

He did it against Wisconsin, whose players had been coached to watch him particularly, and he did it again, in the very last minute of play, against Illinois. Both times he won the game. Can he do it against California? We'll all know more about that next Saturday night.

Coach Wilton is a freshman in the art of coaching, and it needn't be supposed for one little instant that he is not fully aware of California's intentions. Can't he start the very fact that California will be so closely on guard against Stinchcomb may enable him to cross the California tacticians with some good strategy. How would it be, for example, with half the California team watching Stinchcomb, for Hope Workman to sneak in and pass to Myers at end, who would be comparatively unnoticed? Something of that kind is quite likely to occur. Myers has no high ones, but he is said to be a bear-cat at clinging to snappy ten-yard shots across the line of scrimmage. And if players have been known to score touchdowns from ten-yard forward passes.

But speculation of that kind is interesting only as speculation. It doesn't get you anywhere. Just the same, a football eleven of Ohio State's stellar record is bound to have more than one ace up its sleeve. Pete Stinchcomb on the playing field. If he is so well covered off that he isn't able to perform himself, watch for the very Pete to engineer some other effective trick. They can't cover off his brains.

Little Hugh McKenna, the midget 125-pound quarterback of the Oregon Aggies, picks California to lick Ohio State. McKenna has the advantage as a prognosticator in having played against California. Said he the other day: "The University of Oregon can't handle such a crowd as attended the game in Corvallis for the very simple reason that there is room in her field for not more than 1500 persons, and that would be cramming them in, at that. Yet, to judge from this year's attendance, a great many more than 1500 persons will be there to see the game. What's to be done?"

The trouble at Oregon is inadequate stands. The main stand on Hayward field seats only about 2500 persons. There is room in bleachers for a few thousand more, but including stands today ought to be a lot better elevated than the one that played Oregon Ag-

LANGFORD WINS DECISION Bout Between Clever Joe Egan and Jimmy Darcy Called Draw, but Herman Defeats Lodge.

BY DICK SHARP. Jimmy Barry, a dusky-skinned battler, came 799 odd miles from Petaluma, Cal., by train to meet Sam Langford, the Boston tar baby, in the main event of last night's card at the arena. If Barry had laid his course due south at the start of the scrap he would just about have covered the distance to Petaluma by the time the reader finishes this paragraph.

Five events now being planned by Harry M. Kerron, master of fox hounds at the Portland Hunt club, will keep the riders of that club busy in the month of January. In addition to the five special events there also will be two junior papers, namely the Sturday afternoon of January 5 and 22.

The first event on the calendar for the new year is an open paper for men and women, to be held New Year's day. The final event of the month will be a point-to-point race Saturday, January 23. The start will be from the Hunt club at 3 P. M. for a trophy yet to be donated.

The junior chases will start from the Portland riding academy at 9:30 A. M. The Friday night rides, which have proved so popular with the members, also will be continued next month.

CORNELL, OXFORD IN MEET Steady Drizzle Slows Route in English Cross-Country.

LONDON, Dec. 29.—(By the Associated Press.)—A steady drizzle knows no rest from discouraging him. It is only making him more of the harder. His great handicap is his extreme lightness. At no time last fall did he weigh more than 125 pounds, which is pretty light when you're going up against big fellows like those who compose the California team. All his competitors for the quarterback job next fall will be a running start on him in this matter of weight, but if he can put on 10 or 15 pounds, he will be a contender for the job.

Not that any rough stuff will be pulled against Pete. That's hardly likely, for the California players are good sportsmen. But they'll lose no opportunity to let Jane Anne Summers' well known and popular fiancée know that football is a real man's game, and you can't blame them for that.

How Barry stood up under the smashing blows to the short ribs that Sam Langford passed the fans way down in their hearts began to pull for Barry to stick.
