

LIVESTOCK MEN ROW IN CONVENTION HALL

Henry Wallace Indorsed for Secretary of Agriculture.

DEBATE GROWS BITTER

Influence of Big Packers Declared Inspiration of Opposition to Iowa's Appointment.

EL PASO, Tex., Jan. 12.—The anti-administration element of the American National Livestock association lost its first skirmish here today when its opposition to a resolution indorsing Henry C. Wallace of Des Moines, Ia., for secretary of agriculture was overruled by a vote of the convention.

Several addresses were made on the floor of the convention, criticizing an article in his publication, Wallace's Farmer, favoring co-operative buying of cattle feeders.

Charges were made during the discussion that the real fight against Wallace's appointment was inspired by the big meat packers.

The Wallace resolution was adopted after his opponents made every effort to invoke parliamentary law to prevent the convention from acting on his appointment at this time.

Polley Is Opposed.

Murdo MacKenzie of Chicago, attacking the Wallace resolution, declared that Wallace was appointed secretary of agriculture in consideration would be "protect the people of Iowa." He declared Wallace's proposal for co-operative buying of feeders "would keep the price of feeders down."

A Brinkerhoff, president of the Utah Cattlemen's association, declared the resolution had come before the committee irregularly, and moved to table it so that it might come up with the regular report from the resolutions committee later.

The motion to table was put by the chair and declared defeated.

MacKenzie asked for a roll call, but was declared out of order. The motion to adopt the resolution then was put and carried. MacKenzie appealed for a roll call, but again was ruled out of order.

Tariff Is Attacked.

The T. Pryor of San Antonio, Tex., dealt vigorously with tariff and other conditions which he declared adversely affected the cattle-raising and shipping industry. He asserted that the farm and ranch industry is "the very life and vitality of America."

"The farming and livestock interests are suffering from competition with raw material from foreign countries imported duty free," Mr. Pryor declared. "If they are forced to do this, then poverty is their heritage. The producers are as much entitled to a tariff on the so-called raw material as the manufacturers," he asserted.

"Why should they be compelled to sell in a free market and buy in a protected one? It is unjust discrimination."

Cheap Labor Decided.

Mr. Pryor told of the competition with cheap labor and declared in Japan a man works for as little as 14 cents a day. He said recently trainloads of Chinese had passed through El Paso en route to Cuba to work on the sugar plantations on a wage basis that meant bankruptcy to American sugar producers forced to compete with them.

He said Australia and New Zealand and other western countries can produce beef at two or three cents a pound, owing to cheapness of land and labor, while in this country it costs several times as much. The same condition held good as to cotton, he said.

A tariff duty on farm products at the earliest possible date, increased credits and early adoption of legislation now pending in congress providing for the appointment of a commission to supervise the livestock industry were urged as necessary steps for the early rehabilitation of the cattle-growing industry by John B. Kendrick of Sheridan, Wyo., in an address before the annual convention of the American National Livestock association here today. Kendrick is president of the association.

"The history of our livestock industry the past year is unpleasant even to recall, much less to relate," declared Kendrick. "We had met disaster a year ago. We have met disaster since. A glut of meat has come and gone since any industry has suffered such a succession of losses."

AD CLUB TO INSTALL

Annual Jinx to Be Held Tonight.

Dancing on Programme.

The new officers of the Portland Ad club will be installed at the annual jinx, which is to be held tonight at the Madison hotel ballroom. In addition to the installation there will be dancing, as well as many new and novel stunts, which the committee on arrangements has prepared.

The entire membership of the club is expected to be in costume, each member dressing to represent the nature of his post. A large number of prizes have been offered by Portland concerns in dancing, costuming and other competitions.

The officers to be installed include W. S. Kirkpatrick, president; George L. Raugh, first vice-president; L. R. Hilley, second vice-president; William J. Pfenninger, secretary-treasurer, and W. W. Brown, W. J. Ball, W. C. Culbertson, M. R. Klepper, F. P. Tebbels, E. M. Welch and John J. Lane, directors.

CITY MEN ARE MENACED

PEACE VOYAGE RECALLED

Preacher Tells How Flivver Maker Was Misled by Woman, Accounting for His Hatred.

KANSAS CITY, Jan. 7.—(Special.)—Dr. C. F. Aked told a great human interest story in the pulpit of the First Congregational church this week. It was the story of Henry Ford and his peace ship and the probable background of Henry Ford's recent propaganda against the Jews.

Police inspectors are to work day and night in a determined effort to run down the blackmailer, if possible, although it was said last night they are thus far without a tangible clue on which to proceed.

Mr. Ladd last night spoke in terms of highest praise of the work done by the police and deputy sheriffs in their efforts to capture the blackmailer yesterday.

"They displayed both courage and sagacity, and to my mind did everything which was humanly possible to capture the fellow," said Mr. Ladd. "Because of the darkness and the heavy rain, the police were working under a heavy handicap. Had it not been for these unfavorable conditions I believe they quickly would have effected the man's capture."

CHAMBERLAIN IS BETTER

Senator Shows Improvement After Day of High Temperature.

THE OREGONIAN NEWS BUREAU, Washington, Jan. 12.—Senator Chamberlain showed much improvement today after a high temperature yesterday which caused some alarm.

A careful examination was made by the attending physician for any complications which might have caused the serious turn. It was said today the trouble had been overcome satisfactorily.

State Industrial Court Proposed.

HELENA, Mont., Jan. 12.—Notice of a bill for the establishment of a court of industrial relations, modeled after that of the state of Kansas, was given in the lower house of the Montana legislature today by Representative Scofield of Powder River county. It would supplant the present state public service commission.

Sale of Men's Umbrellas Continues

Lipman Wolfe & Co.

"Merchandise of Merit Only"

Rue de la Paix Chocolates

SHIRTS

THEY are their own best salesmen. We will send from one to three rugs on approval without charge or obligation to buy.

Have you seen rugs good enough to be their own salesmen?

Our rugs are thick, rich, lustrous. Every one was woven in the Orient. Each was bought for inherent worth and beauty by an expert native buyer in Persia.

This partly explains why we have become the leading Oriental Rug firm on the Coast.

IDEAL-Arcola

Heating Outfits for Small Homes

THE new IDEAL-Arcola Radiator-Boiler has revolutionized the heating of small homes. It heats the room in which it is placed and circulates hot water to American Radiators in the adjoining rooms.

Warms your home uniformly with less fuel than any other heating device.

Many an owner is using less coal to heat the entire home than was formerly required to heat one or two rooms. The cost of installation is moderate. Every family may now enjoy health-protecting Hot Water heat in the home, with or without a cellar. Put in any time without disturbance.

Investigate IDEAL-Arcola Hot Water heating. See your dealer or visit our public show rooms in any of the large cities. A demonstrating outfit is exhibited.

Catalog showing how IDEAL-Arcola Heating Outfits can be easily and quickly installed in small cottages, bungalows, flats, stores, offices and other small buildings, free. Write today.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

Banish Pain

THERE is no use talking—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence.

One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and pain and suffering result.

Foley Kidney Pills

aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing headache, rheumatic pain, acid or swollen joints, sore muscles, and other symptoms of kidney trouble.

W. R. Foley, 195 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Foley Kidney Pills and took them. They not only did me more good than any other kidney remedy I ever had, but they positively set my kidneys right. Other members of my family have used them with similar results."—Adv.
