Technical Knockout Gives Victory to Champion.

BOUT GOES SIX ROUNDS

sert Opera Box to Attend Championship Event.

(Continued From Pirst Page.) with varying emotions, but the thrills were reserved for lightweight chamand challenger.

All Women Not Stern. When the first pair of boxers stepped into the ring there was a stir. But all the wemen-rolk were not stern. Here and there could be observed one used to the sound of blows hard struck who gasped a bit and pressed her lips. For this was no parlor boxing bout that the women of New York watched tonight, but a struggle, fierce and sharp, be-tween men whose fists shot out like thunderbolts.

tween men whose rises and out like thunderbolts.

As the bouts progressed, more evening dress was to be seen, and it was evident that women, although far outnumbered by men, had flocked

to a boxing bout in numbers never before beheld in New York.

And thus, hour after hour, the ini-tlated sat around the canvan-covered square, watching boxers drive home blows that pink the flesh of their bodies and listening for the first time to the roar of boxing fans.

Many Notables Present.

General Pershing, who was ex-pected at the ringside, did not get here, but the list of box occupants read like the roster of a Fifth-avenue

Miss Morgan had as guests in h box Maurice Cassenave, French high commissioner; "Big Bill" Edwards, collector of internal revenue and old Princeton football star; Colonel Arthur Woods, former police commi-mozer, and Samuel Mathew of Clev-

and distillate in Oregon for the month
ended December 31, 1220. Money derived from this tax is turned over to

Whether or not the conference will take action on the proposed code, or whether a code of laws will be rec-

was the subject of a general discussion. A large number of the editors took part in the talks. The committee which has charge of the formulating of a bill to present to the legislature, met to consider the measure which has been drafted.

which has been drafted.

Paper Prices Discussed.

The editors adopted resolutions petitioning the Oregon legislature to memorialize the federal trade commission, asking it to make a full investigation of the paper mills and plants of the state, to the end that newspapers may obtain relief from the present price situation. More than 50 editors and publishers attended the conference, which ends tomorrow.

tended the conference, which endstomorrow.

The committee on paper price, of which Elbert Bede, editor of the Cottage Grove Sentinel is chairman, drafted the following resolution to be presented to the state legislature:

"Whereas, newsprint is produced in large quantities in the state of Oregon, and

"Whereas, the newspapers of Oregon, outside of Portland, are now and

gon, outside of Portland, are now and have been for the past year compelled to pay extertionate and almost pro-hibitive prices for newsprint, a price in many cases four and five times the price paid before the war and out of reason with the cost of production;
"Therefore, be it resolved by the
newspaper publishers of Oregon in
annual conference assembled. That
the Oregon legislature be and hereby
is petitioned. the Oregon legislature be and hereby is petitioned to memorialize and request the federal trades commission to make a full and complete investigation of the paper mills and plants of Oregon to the end that the newspapers may obtain relief and that newsprint may be sold at a price petiting the paper manufacture, fally

netting the paper manufacturer fair, rather than extertionate profit."

The commission was urgently requested that it co-operate in ending the era of alleged profiteering and return to normal

A nominating committee was ap-pointed and will report at the morn-ing session. The committee follows: E. M. Reagan, Albany Herald, chairman; R. W. Sawyer, Bend Bulletin, and N. J. Vanskeike, Milton Eagle. The closing session of the confer-ence will be held tomorrow. At noon the editors will be guests of the university at a luncheon at Hendricks hall. Many of the editors are being entertained by the living organiza-tions on the campus.

Poisoned by Uric Acid

It was the discovery by Sir Arthur Garrod, in 1848, that the blood of gouty patients contained uric acid in an excessively large amount. Later scientific men learned that in gout, (also true in rheumatism,) the kidneys do not work properly to throw off the uric acid poison; consequently uric acid crystals are deposited in and about the joints, where an inflammation is set up in the nearby tissues. When for any reason the circulation is sluggish, as in the joints of the toes, crystals formed from uricacid are deposited there, and one suffers from gout; or, when deposited in the tissues or muscles, one suffers from backache, muscular rheumatism or articular rheumatism. To counteract the uric acid and to throw it out of system take tablets of An-uric (anti-uric acid), three times a day,

keeps a mans skin fit

No matter how efficient a man may be, if he has an ugly skin eruption he is bound to create an unfavorable sion. Why run this risk when Resinoi Cintment and Resinoi Scap clear away eczema and similar hu-mors so easily? This gentle treat-ment has been prescribed by phy-sicians for years to heal skin trou-bles and it rarely falls.
