SEATTLE PUTS RATE FIGHT UP TO STATE

Railroads May Be Ordered to Lower Basin Tariffs.

PORTLAND FACES PARITY

Movement Started in Washington 1s Designed to Meet Competition and Hold Wheat Shipments.

SEATTLE, Wash., Jan. 14 .- (Special:)-Effects of the Portland rate case decision against Scattle are expected to be eliminated, if a movement taken up by the port commis-sion, yesterday afternoon, received the sanction and support of the state

of C. W. Hole of Seattle, a transportation man of 25 years' experience,
the port commission decided that
Washington should assert its state
rights in the rate fight against the
decision of the interstate commerce
commission.

Rail Hate Cut Proposed.

There was no change in hog quotations
at the stockyards yesterday and a few
sales were again made at \$12, but the
bulk of sales were around \$11.75. In the
cattle and sheep divisions, the lone of the
market was steady.
Receipts were 37 cattle and 390 hogs.
The day's alles were as followe:
The day's alles were as followe: In accordance with the suggestion

Rail Rate Cut Proposed.

It is planned to ask the state public service commission to ofder the rail-roads operating in the state to reduce grain rates 10 per cent from the wheat belt, in southeastern Washington, to Seattle, and thus meet the rate authorized by the interstate com-merce commission from the same dis-

The question raised by Mr. Hole, and the suggestion of its solution, is of vast importance to the port of Seattle and I am in favor of making a searching investigation," said Dr. W. T. Christensen, president of the port

Immediate Action Urged.

We should take immediate actio and assert the rights of the state of Washington as a commonwealth. The suggestion that the fight against the decision of the interstate commerce commission might be won by an appeal to the state public servimission was contained in a letter from Mr. Hole to the port con mission and read at an open session of that body.

ASTORIA TO ATTACK DECISION

Rehearing of Portland Rate Case Soon to Be Petitioned.

ASTORIA. Or., Jan. 14 -- (Special.)-C. Fulton, attorney for the port Astoria, stated today that he will file a petition with the interstate commerce commission for a rehear-ing of the Portland-Astoria rate case. The petition will be based, in one respect at least, upon the allegation that even if Portland is entitled to a differential against Astoria, as a reault of the extra cost of haul, she is not entitled to a differential of 10 per cent, as that far exceeds the actual cost of haul according to the cost of haul, according to the

EXTENSION FAILS

Idaho Farmers Unable to Meet

Financial Requirements. BOISE, Idaho. Jan 143—(Special)— Light yearlings Construction of an extension to the Oregon Short Line railroad system Ewes from Homedale to the newly con-structed Pickle Butte bridge has been abandoned. A letter received by the public utilities commission of this abandoned. A letter received by the public utilities commission of this state was to the effect that the land owners and the railroad committee could not meet the ctipulations of the railroad. The distance of the proposed extension is seven miles.

The railroad asked for the course of the course of the railroad asked for the course of the course of the railroad asked for the course of the course of the railroad asked for the course of the

proposed extension is seven miles.

The ratiroad asked for the right of way and that the farmers do the grading. The farmers, however, have been unable to dispose of their crops and therefore cannot furnish the capital with which to do the grading, it is said.

Standard Receipts, 30,000; fairly active for the particle of the last particle

having shipped hast week 500,000 hm of wheat, mostly to Great Britain, the other hand the amount of exbusiness noted in the United States to appeared to be far less than has been rule of late and it was maid France Germany had been buying in Argentin the extent of 1,000,000 bushels. Get the second too that entered too that entered too. was current, too, that enlarged domest flour trade was being taken care of chief from wheat already on hand at the mill Seaboard demand for corn helped to kee corn and eats relatively steady notwit standing that rural offerings of corn were therein the corn and control of the Weakness of the hog market had a de pressing effect on provisions.

The Chicago market letter received yesterday by Gverbeck & Cooke company at Portland said:

Wheat—It was an active mixed trade, with the market encountering good support on the early dips, but later meeting heavy selling by longs and by houses against purchases of cash grain in the country. A disappointing feature of the news was the absence of export buying, and, although bids were said to be in the market, they were from 6 to 8 cents out of line. A New York massage telling of some good-sized purchases being made in Argentins gave rise again to the fear that foreign buying in this country might be at an end. The domestic milling demand continues good but without foreign competition sentiment would turn to the bear side, and it is patent, therefore, that developments in export circles will have much to do with shaping the course of prices in the immediate future. It is the opinion of leading interests that foreigners will be in the market on any decline.

Corn again received the support of leading interests on small declines, but on the contrary the budges brought out contracts in good volume, particularly from cash houses, in the asture of hedging country purchases. The cash demand was good demand was not good and the spot tra-ting basis was a shade easier. Count offerings to arrive reported as moderate. Provisions were only moderately acti-and all at a lower level of prices, in syn-pathy with lower hogs and grain. To only feature of the trading was free of ferings of January and May ribs by prominent packer. The offerings we taken by scattered investment buyer Only a moderate cash business is doing.
