Resolution provides for committee to investigate schools with relation to teaching of un-American doctrine. Senator Hare's bill hitting at garage owners precipitates fight. Teachers protest against change in tenure law. Change in open season for fishing on Willamette river proposed. Vetoes of Governor Olcott of four bills passed at special session sustained. House.  
Labor fight precipitated by effort to repeal picketing act. Fish and game code introduced. Segregation of fish and game commissioners proposed in bill. Bill increasing license fee of employment agencies introduced. Creation of state board of aircraft examiners proposed.

**STATE HOUSE, Salem, Or., Jan. 19.**  
—(Special.)—Recommendation was made to Governor Olcott today that the salaries of the state superintendent of public instruction and of the attorney-general be increased from \$3500 to \$4000 a year. The salary of the state land board from \$2400 to \$3000 a year and the state corporation commissioner from \$2000 to \$3000 a year. The report embodying the recommendations was filed by the so-called salary committee appointed at the special session of the legislature last January. Members of the committee are Senators Bell and Strayer and Representatives Doid, Wheeler and Johnson. The committee reported that the office of district attorney is not always well filled and we find in some cases the salary inadequate," said the report. "While this position is a state office, it is really, in the nature of things, a county office. We make no recommendations as to this office for the reason that any moderate increase in salary would not, in our opinion, attract the ablest class of lawyers."  
**Tax on Public Avoird.**  
"We do not believe, nor have we any sympathy with the theory that because an office is maintained by fees that the salary should be more liberal than one paid by direct taxation. We regard any means, however indirect, of raising revenue, as a tax on the people."  
"We cannot at this time, advise any general revision of salaries as such a revision should be made with a view to permanence, at least for a considerable period of time."  
The committee recommends that all fees payable to and collected by county officials, particularly clerks, clerks or recorders, should be accounted for and all laws in conflict therewith should be repealed. We have found in the public mind a feeling which we believe that the public should be made aware of, and that only a few of the people know of, the conditions now existing as to these offices."  
**Surveyors Would Be Appointed.**  
"The office of county surveyor should be made appointive and the salary fixed by the county court."  
"We have found much dissatisfaction with the method now in use as to the employment of water masters. We recommend that the county court should be given jurisdiction in this matter."  
"We recommend that every act wherein deputies, mileage and expenses and every other item except salaries of elective officers is concerned should be taken care of by the several county courts and that all acts in conflict therewith should be repealed by specific reference to the section wherein contained."  
Recommendation also was made that an adequate amount of money be allowed the governor's office for expenses incidental to that department.

## HOW TO MAKE MONEY IN "HARD TIMES"

A secret of that "INDEFINABLE SOMETHING" that enables one man to push ahead and win while twenty others may fail.

### WHICH MAN IN THE PICTURE BELOW IS YOU?

A man may be a great success in "good times" when the going is easy, but a COMPLETE FAILURE in "HARD TIMES"—the man worth while is the man who can face the great depression of "hard times" WITH A SMILE and still win.

The constant worry, anxiety, stress and nervous strain that a man is under in "hard times" of things is WRONG, that he is not GETTING AHEAD as he should, but he doesn't know why. IF YOUR BANK BALANCE IS NOT UP TO THE MARK; if things are not coming your way; look into your physical condition.

**YOUR BRAIN CANNOT WORK RIGHT—think the thoughts that bring SUCCESS—when YOU LACK BODILY AND MENTAL VIGOR—a great business man has said that genius is nothing but a capacity for hard work—a wizard is generally a man who thinks longer and harder than the other fellow—"indefinable something" that wins is often nothing more than an "IRON WILL" supported by IRON BLOOD.**

**IRON IS THE MASTER PRINCIPLE OF THE BLOOD AND BLOOD IS LIFE.** It is the iron in your blood that carries oxygen to your brain. Without iron your brain gets no oxygen. Without oxygen and plenty of rich red blood your brain becomes dull and heavy; YOU INTELLECT, FOOT POWER, MAKE BAD DECISIONS; DO FOOLISH THINGS; YOUR MEMORY OFTEN FAILS—no matter how smart you may be by nature, in your weakened physical and mental condition YOU ARE CERTAIN TO MARCH TO THE STRONG, KEEN, CLEAR HEADED MAN WITH plenty of iron in his blood. Although you may give two men the same fire arms or swords in a battle, the strong, vigorous fellow always has a decided advantage over a weak, tired-out opponent.

**WITHOUT IRON YOUR BLOOD ALSO LOSES ITS POWER TO CHANGE FOOD INTO LIVING CELLS AND TISSUES** and nothing you eat does you the proper amount of good—you do not get the full strength out of it. In fact, sometimes the more you eat the more you starve.

There are \$200,000,000 Red Blood Cell capsules in your blood and each one must have iron. DON'T TRY TO "FOOL YOURSELF." Simply eat less and take iron. ### WHEELWRIGHT'S REPORT

Mr. Wheelwright, in his address before the committee, said the first duty of the child welfare commission involved the care of the child, while the state is the social welfare instructor at the University of Oregon, and Mrs. Bondurant of the Louisa Home in Portland, appeared before the ways and means committee and pleaded for an appropriation of \$20,000 for the biennium.

Specifically, Mr. Wheelwright said the commission desired power to demand the records of the various state-aided institutions, money to employ investigators in connection with the child problems and to provide a fund against the propagation of feebleminded children.

**Institutions Are Decried.** Mr. Wheelwright declared that there were plenty of these institutions in Oregon at the present time, but that the most serious problem now facing the state was placing these children in proper homes. The demand for child care and adoption services has exceeded the supply, Mr. Wheelwright said, but that it was not right to "farm out" these wards without proper investigation into the conditions of the adoption. Mr. Wheelwright said it was the plan of the body to obtain in every county in the state the social welfare instructor to place in proper homes and subject to had environment.

**FOREMAN MILLER SAYS TANLAC DID FOR HIM WHAT EVERYTHING ELSE FAILED TO DO—FEELS HAPPY LIKE BOY NOW.**

"Tanlac is in a class by itself—it does what every other medicine I ever tried failed to do," said George E. Miller, a foreman of the Grant-Smith shipyards, Portland, and resides at 215 Portland boulevard.

"Ever since I had the flu two years ago I have been all run down and my stomach gave me lots of trouble. I sleep good, nothing I ate agreed with me, and my food soured and would come back into my mouth as bitter as gall, and I had a terrible gnawing pain right in the pit of my stomach. It was simply awful. I didn't have any appetite, why, sometimes I couldn't even force myself to go to the table, as the very sight of food nauseated me. I didn't get much rest at night, either, and in the morning I felt tired and sluggish.

"I would be in the same fix today if my wife hadn't kept insisting I take Tanlac. I had lost faith in medicines, but I'll tell the world, now, I believe in Tanlac. Why, this medicine has as good as made me over. When I go to a meal now my appetite is so good I eat up everything set before me. I am certainly making up for lost time when it comes to eating.

"I don't have any more indignation, either, and everything agrees with me. It's certainly great to feel like I do now. I go to sleep as soon as my head hits the pillow. I sleep good, six or seven hours and jump out of the morning feeling as fresh and happy as a boy.

"I had a terrible gnawing pain right in the pit of my stomach. It was simply awful. I didn't have any appetite, why, sometimes I couldn't even force myself to go to the table, as the very sight of food nauseated me. I didn't get much rest at night, either, and in the morning I felt tired and sluggish.

Why, this medicine has as good as made me over. When I go to a meal now my appetite is so good I eat up everything set before me. I am certainly making up for lost time when it comes to eating.
