Southern Solons Exchange Words Over Charge That Sugar Trust Exists and Aid in Levy.

THE OREGONIAN NEWS BUREAU, Washington, D. C., Feb. 3.—Senator Borah reached an understanding today with senators Underwood and Simmons, senate democratic leaders, for an early vote on the emergency tariff bill, probably tomorrow.

A similar understanding had been reached last Monday when the vote was taken on cloture. Several republican senators, including Horner and his defeat Senator Simmons, asked unanimous consent to fix the day for the tariff vote.

It is understood that the Mississippi senator has agreed to such a motion since that time. Senator McKellar, democrat, Tennessee, had a brief colloquy with Senator Ramsdell, democrat, Louisiana, upon a demand of the latter for proof of his statements that a sugar trust existed. Four or five senators went to Mr. McKellar's aid, but Mr. Ramsdell declined to be convinced, concluding that he would "neither deny nor affirm the existence of such a trust."

Profiteers Said to Benefit. "Senators have admitted that this bill is going to help the speculators and the profiteers more than anybody else. The senator from Kansas knows it, too, yet I suppose he will vote for it," he said.

Senator Fletcher accused the republicans of using the tariff bill to make protectionists out of all farmers and "saw up their votes on every protective tariff question."

48-HOUR WEEK FIGHT ON Printers' Employers Open Fire on Proposal to Make Cut.

ST. LOUIS, Feb. 3.—A fight against reducing the working week from 48 hours, as demanded by union printers, was launched today at a conference of employers of job and commercial printers of the middle west. The cut would decrease production and raise prices, they contend.

RAILROAD HEARING WAITS TILL MONDAY

Federal Probe Into Working Conditions Halts.

EMPLOYEES TO GET FLOOR

Reply to Carriers' Plea for Abrogation of Agreement to Be Made by Labor Leaders.

CHICAGO, Feb. 3.—The controversy between American railroads and their employees over abrogation of the national agreement on working conditions was in abeyance tonight with the adjournment until Monday of the hearing on rules and working conditions before the railroad labor board.

Today's session closed the most heated week of the hearing, a week filled with sweeping charges and counter-charges. Appeal by both employes and carriers to President Wilson and a statement to the board, which unless relief in the form of reduced operating expenses were granted, the transportation system was possibly bankrupt, were features of the sessions.

Today's session was expected to hear the employes' reply to the request of W. W. Atterbury, vice-president of the Pennsylvania lines, who, in behalf of the American Association of Railway Executives, urged immediate abrogation of the national agreement, but labor representatives failed to appear and upon their request they were granted until Monday to present their side.

According to the programme, several statements will be presented to the board Monday. R. M. Jewell, representing railroad employes of the American Federation of Labor, will make the principal reply.

E. T. Whiter, chairman of the carriers' committee, read a supplementary statement from General Atterbury in the nature of a reply to charges made by Mr. Jewell in a telegram to the president that the roads could not support their claims of threatened financial disaster. The statement quotes T. Dewitt Cuyler, chairman of the executives' association, as authority for the assertion that in January 30 railroads failed to earn operating expenses. Twenty-eight other roads, he said, did not earn taxes and fixed charges above operating expenses. These two groups, he said, constituted 40 per cent of the railroad mileage.

This condition obtained, he declared, although 44 companies had reduced their forces by 200,000 men since September 1.

No decision on General Atterbury's request for immediate abrogation of the agreement will be rendered by the board until after the employes make their reply.

HARDING TO LEAVE BOAT MUD HOLDS CRAFT AGAIN; PARTY BEHIND SCHEDULE.

President-Elect May Complete Trip by Rail to Keep Engagement at St. Augustine.

PALM BEACH, Fla., Feb. 3.—The houseboat Victoria, carrying President-elect Harding, got into difficulties today and fell so far behind her schedule that her passengers may leave her tomorrow or Saturday and complete by rail the trip to St. Augustine, where Mr. Harding has an engagement for Monday.

The Victoria's most serious delay today occurred a short distance above Pompano, where she rammed her nose into the mud. She was undamaged and was pulled off by a speedboat.

CABINET WORK NOT FINISHED Senator Fall, Direct From Harding, Names Hughes, Daugherty.

WASHINGTON, Feb. 3.—Senator Fall of New Mexico, who returned to his seat today after having accompanied President-elect Harding south, said it was his "judgment" that Mr. Harding had not decided definitely on his cabinet. The senator also said it was his "judgment" that Charles E. Hughes would be selected as secretary of state and that Harry M. Daugherty, Mr. Harding's pre-convention campaign manager, would be in the cabinet.

"There was very little serious discussion of any kind with the president," Senator Fall said, "referring to the Florida trip. I did discuss the Mexican question, but not to any detail."

Numerous conferences were held today between senators and Mr. Daugherty, who accompanied Senator Fall to the capital. Senators Lodge and Knox were among those who talked to Mr. Daugherty.

MAINE GOVERNOR BURIED Funeral Services for Late Executive Held at Augusta.

AUGUSTA, Me., Feb. 3.—The funeral of Governor Parkhurst, who died Monday, after serving only three weeks as governor, was held today. Rev. Alva R. Scott, pastor of the Unitarian church in Bangor, where Governor Parkhurst worshipped, delivered the eulogy.

The body was removed to Bangor, where the committal service was held.

OIL STRUCK NEAR JUNEAU

LATEST FINDS REPORTED ON ADMIRALTY ISLAND.

Applications Made for Ten-Year Leases on Two Claims of 2500 Acres Each.

SEATTLE, Wash., Feb. 3.—(Special.)—The latest oil discoveries in the north have been reported from the Admiralty island district near Juneau, where a number of recent locations have been made. John T. White and W. L. Brown have made applications for a ten-year lease on two claims of 2500 acres each.

The United States land office has begun issuing deeds to the owners of lots in the Scatter tract, an addition to the town of Juneau, which has been in the hands of the government for several years. The tract comprises 39 lots and is considered the finest view property in Juneau.

Leonard Sepalls, three times winner of the dog derby at Nome, recently left that place for Nenana, where he will report to the Alaska engineering commission for service between ends of the steel on the railroad. He will run on a fast mail and express schedule with his famous dog team.

A placer strike was made last month on Douglas island, near the town of Douglas, and has created a great deal of excitement in the north. The discoverer, two old-timers, refused to divulge the exact location of the find, but declared it is on the surface of a large quartz ledge, like the original Treadwell, and that work will be done on the ledge in the spring, as well as development of the placer deposit.

Harry Cobb has filed suit for \$55,000 against the North Pacific Products company in the name of his brother, Louis Cobb, an inmate of the insane asylum at Sedro-wooley. It was alleged in the suit that the defendant company was guilty of excessive cruelty toward Cobb and that it was responsible for his insanity.

William Paul of Wrangell, one of the well-educated Indians of southeastern Alaska, recently was elected an official delegate to congress by the natives of the coast district. He will act as their special attorney in all cases regarding their interests to come before the committee in congress. Paul is a graduate of the Alaska public schools and received his higher education at Carlisle Indian school, at Carlisle, Pa.

The Yukon Gold company's hydro-electric power plant at Twelve Mile creek, on the Klondike river, is being dismantled and will be shipped to Malay during the coming summer, where it will be used to furnish power to the mines.

BOND HOUSE ASSETS CUT APPRAISAL IN SEATTLE CRASH FALLS SHORT OF ESTIMATE.

Milholland & Hough Failure Leaves Less Than \$10,000 to Meet Claims of Creditors.

SPOKANE, Wash., Feb. 3.—(Special.)—Appraisers have finished work on the partnership estate of the bankrupt and embroiling bond brokerage house of Milholland & Hough, and find that the firm's gross assets will fall from \$1000 to \$2000 below the estimated maximum of \$10,000 made by David R. Glasgow, administrator of the estate.

"The assets do not assay very high," said Administrator Glasgow today, and I am afraid my early estimate of \$10,000 is a couple of thousand high.

The appraisers valued the personal property of the firm in the offices in the Sherwood building at \$800. A second item was \$488 in cash in the bank here, and \$456 on deposit to the firm's credit with the Guaranty Trust company of New York.

A fourth item was a doubtful claim of \$750 against the brokerage houses of J. M. Miller and Co. of Portland, while another item amounted to \$350. This item represents Teal irrigation bond coupons due and found in the firm's possession.

The largest item was appraised at \$4250 and consists of the firm's equity in the Hill county bonds held by the Guaranty Trust company of New York. This sum represents an amount above what is due the New York bankers.

The appraisers placed a zero mark against the irrigation bonds, which various banks hold, for the reason that they have no value above the amount of the obligations against them.

BOGUS FAT MAN FOILED Ten Birds of Paradise Found in Newcomer's Trousers.

My work was a drag and seemed to grow heavier all the time, and I lost so much strength and energy and became so weak I could hardly swing my hammer to rivet bolts. I tried everything I could hear tell of, but instead of finding relief kept getting worse. "When a lady friend told me of the wonderful good Tanlac had done her, I began taking it, and the medicine helped me from the very start, and now I am just bristling with new life and energy and never felt better in my life. My appetite is fine, nothing I eat hurts me, and I am stronger than I have been in years, and my work is a pleasure. Tanlac did for me in a few weeks what I had been trying for years to get other medicines to do." Tanlac is sold in Portland by the Owl Drug Co.—Adv.
