

7 PAY-LEFT BILLS PASSED BY SENATE

Umatilla Measure Must Go to Voters First.

STRAYER'S FIGHT FAILS

Argument That All Measures for More Compensation Be Considered at Once Is Unsuccessful.

STAYERS' FIGHT FAILS
Argument That All Measures for More Compensation Be Considered at Once Is Unsuccessful.

Special House, Salem, Or., Feb. 15.—(Special.)—The senate, over the protest of Senator Strayer, who argued that all bills carrying increased compensation for state officials should be considered at the same time, today approved seven salary measures originating in the upper house. Another bill receiving favorable consideration applies to Umatilla county but its operation is contingent upon the approval of a measure by the voters there at the next special or general election.

Two of the bills were introduced by Senator Bell, chairman of the committee created at the special session of the legislature in January, 1920, to investigate the compensation received by state and county officials. One of these measures would increase the annual salary of the state superintendent of schools from \$3900 to \$4000, while the other bill would increase the compensation of the state commissioner of agriculture from \$3900 to \$4000 a year.

Careful Study Declared Made. In urging passage of the bill increasing the compensation of the state superintendent of schools, Senator Bell said he had made a careful study of the duties of that department and that the members of the senate should be satisfied with the compensation of that official. He said it had first been suggested that the school superintendent should receive \$4500 a year, but that this amount later was reduced to \$4000.

Senator Strayer, while not availing himself of the opportunity to present any of the bills, said he was of the opinion that all measures increasing the compensation of state officers should be presented at the same time in order that the members of the senate might have an opportunity to determine the extent of the proposed advances and their effect on the various county commissions to this effect was made by Senator Strayer, but was defeated.

Strayer's Objection Similar. Similar objection was made by Senator Strayer relative to the bill providing for an increase in the salary of the state corporation commissioner. Another salary bill, passed on third reading, was introduced by Senator Upton in collaboration with Representatives Burdick and Overturn. This measure would provide for increasing the annual salary of the county assessor of Klamath county from \$1500 to \$2000; assessor from \$1500 to \$2000; school superintendent from \$1800 to \$2400; and county commissioners from \$2 to \$5 a day and actual traveling expenses.

Another salary bill introduced by Senator Ellis and passed when presented for third reading would provide a revision of the salaries of the officials of Grant county. The county judge, who now receives \$1700 a year, would be increased to \$1600 under the proposed measure. The county commissioner would get \$5 a day and traveling expenses; the clerk would be reduced from \$2400 to \$1800; sheriff reduced from \$4000 to \$2400; assessor increased from \$1800 to \$1600 an the county superintendent of schools increased from \$1200 to \$1500.

The bill also would give the county court authority to fix the number of deputies in the various county offices together with their compensation. A measure fathered by the Umatilla county delegation and approved on third reading, would increase the salary of the county judge from \$1200 to \$1800 a year; county commissioner from \$2 to \$5 a day; assessor from \$1500 to \$2000; clerk from \$2000 to \$2400; recorder from \$1800 to \$2000; and sheriff from \$2000 to \$2400. Increases in these salaries was made contingent upon approval by the voters of Umatilla county.

Another salary bill by the Umatilla county delegation would provide that the county judge and commissioners receive 10 cents a mile for every mile traveled while on duty engaged in the performance of their official duties.

ANTI-UTILITIES BILL IS KILLED IN IDAHO
Plan to Abolish Commission Postponed Indefinitely.

TWO FACE DEPORTATION CANADIANS HELD IN JAIL AT VANCOUVER, WASH.

WARRANTS SERVED BY IMMIGRATION AUTHORITIES WITH VIEW TO STARTING PROCEEDINGS.
James J. Callahan, Canadian world war veteran, and Oscar Grand, also a veteran, who are now under arrest at Vancouver, Wash., for violation of the prohibition law, were served with warrants yesterday by the immigration service prior to instituting deportation proceedings against them.

Callahan was born in Nova Scotia in 1886. He served in a greater part of the war with the Canadian overseas forces and received decorations for conspicuous service. He was alleged to have entered the United States unlawfully in 1919 by crossing the border without inspection.

Grand was born in Finland 15 years ago, but was naturalized at White Horse, Yukon territory, several years ago. He did not enter the military service during the war so far as is known. Immigration authorities have ascertained he crossed the border into Alaska in 1917 without inspection and came to Seattle by boat.

FAIR BACKERS RECALLED
25 INCORPORATORS OF EXPOSITION NOW DEAD.

Reminiscences of the Lewis and Clark fair have been brought back as a result of the preparations which are now going forward for the 1923 exposition.

But little now remains of what was once the grandest exposition of delight except the memory. The old forestry building still stands alone on a site which is now rapidly being built up by modern industries. Many even of the incorporators of the exposition are dead now. A list of the 25 incorporators of the 1905 fair was published yesterday showing that 25 of them had died.

MISS H. A. SINGER TELLS HOW CUTICURA HEALED MOTHER
"My mother started with a breaking out of eczema on her right limb. It was red and sore and began to spread to her left limb and the upper part of her chest. Her right limb was badly swollen and inflamed and itched and burned so that she could not sleep or rest. Her clothing irritated the affected parts.

"The trouble lasted about four weeks. Then we started using Cuticura Soap and Ointment and the itching and burning ceased and after using two cakes of Soap and three boxes of Ointment she was completely healed." (Signed) Miss Hattie A. Singer, R. 2, Escanado, Calif., July 28, 1920.

What is MOTHER'S FRIEND

Simply and tersely stated, MOTHER'S FRIEND is just exactly what the name implies—a friend and help to mothers.

It has been made and sold for more than half a century. If it did not possess the value claimed for it, MOTHER'S FRIEND could not possibly have remained on the market. For only that which is really worth while and beneficial can survive.

The mothers who appreciate MOTHER'S FRIEND the most, and who are loudest in their praise of it, are those who unfortunately did not use it with their first baby, and who, through its use with the second one, were able to fully realize the relief it gave them.

DIDN'T EVEN NEED THE DOCTOR

"Dear Sirs: I am willing and anxious to tell any mother about MOTHER'S FRIEND. It did me so much good that I wouldn't be without it if it cost \$5.00 a bottle. With my first two children I had a doctor and a nurse and they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick and only sick about an hour or ten minutes.

MOTHER'S FRIEND

Used by Expectant Mothers for Three Generations.

Health and Happiness for Women

Every woman seeks happiness as the thing to be most desired. Fortunately, the right to happiness is denied to no woman, regardless of her sphere in life. The first and foremost essential is good health. For, without good health, strive after happiness as she may, it is beyond her reach. If she will accept the advice of thousands of women, who have been benefited, she will take Dr. J. Bradford's Female Regulator—a tonic for women and a trouble-solver for their sex, which has been sold by drug stores for more than 50 years. Dr. J. Bradford's Female Regulator is put up in \$1.00 bottles.
