

BEST WESTERN PINE MANUFACTURE IN THE WORLD

Eastern Coast States Buy Over 217,029,065 Feet.

1920 CUT LARGEST EVER

Total for Year 1,646,713,854 Feet. Shipments 1,340,594,620 Feet. Consisting of 50,834 Cars.

SPOKANE, Wash., Feb. 17.—(Special.)—The Atlantic coast states consume more pine lumber products than any other district of the United States...

Shipments are itemized. Shipments to various states were made as follows: North Dakota, 517,762 feet; South Dakota, 49,892,757 feet; Minnesota, 112,190,951 feet; Wisconsin, 55,393,802 feet; Iowa, 117,451,082 feet; Illinois, 132,889,909 feet; Kansas, 17,471,525 feet; Nebraska, 70,294,354 feet; Missouri, 24,455,439 feet; Colorado, 31,545,232 feet; Wyoming, 21,218,784 feet; Utah, 16,641,187 feet; Michigan, 61,551,123 feet; Ohio, 37,572,257 feet; Indiana, 17,518,784 feet; Atlantic coast states, 217,029,065 feet; other eastern states, 21,897,424 feet; Canada, 565,251 feet; Oklahoma, Texas and Arkansas, 5,044,250 feet; export, 232,944 feet; California, 1,091,532 feet; Nevada and New Mexico, 46,283 feet.

A feature of the year's distribution was the small quantity of lumber practically all being consumed in the United States and Canada.

Much Lumber Reconsigns. In the cases of Minnesota and Illinois a considerable percentage of the lumber shipped was reconsigns to other states and important lumber transfers are maintained in those states.

DENTAL CLINIC IS HELD

ORTHODONTISTS STUDY NEW APPLIANCES FOR TEETH.

Programme Today Includes Session Where Drs Morehouse, Reid and Grey Will Speak.

Study of new dental appliances and the problems of the orthodontist by clinical demonstrations was the feature of the afternoon session of the three-day convention here of the Pacific Coast Society of Orthodontists.

The programme for the closing sessions of the convention today includes the presentation of a paper by Dr. Frank H. Klister and discussion by Dr. H. F. Sturdevant.

Special Trains to Carry Delegates to Portland for Meeting.

PACIFIC UNIVERSITY, Forest Grove, Or., Feb. 17.—(Special.)—The biggest Pacific university rally held in years is scheduled at the First Congressional Hotel here tonight for tomorrow evening, according to an announcement made by President Clark.

POWER SURVEY PROJECTED

Professor Dearborn, O. A. C., Engaged for Electrical Enterprise.

OREGON AGRICULTURAL COLLEGE, Corvallis, Feb. 17.—(Special.)—Professor R. H. Dearborn, head of the department of electrical engineering at the college, has been selected as a member of a special committee to make a survey of power transmission line survey of western states for the American Association of Engineers, including Montana, Washington, Oregon and California, as well as the northern part of Mexico.

Sheep Infected With Scab

HEND, Or., Feb. 17.—(Special.)—Some 2000 sheep in the Mitchell country are infected with scab, according to word received here by Dr. Parsons, United States bureau of animal industry expert. Dr. Parsons will supervise the dipping of the entire flock Saturday.

MOTION PICTURE NEWS

AGNES AYRES, WHO HAS LEADIN G FEMINE ROLE IN "FORBIDDEN FRUIT," AT "THE COLUMBIA."

TODAY'S FILM FEATURES. Columbia—Cecil B. DeMille's "Forbidden Fruit"; M.G.'s—The Truth About Bennett's Rivoli; Bob Daniels, "Oh Lady, Lady"; Fox—Antia Stewart, "Harriet and the Piper"; Liberty—Wesley Barry, "Dinky"; Star—Roy Stewart, "The Devil Circle—Cecil B. DeMille's 'Something to Think About'; Hippodrome—Carmel Myers, "The Mad Marriage"; Globe—Cortine Griffith, "Broadway Bubble";

TOM MIX is said to loosen up a whole barrel of new stunts in "The Texan," his latest western photo-drama, which opens its run at the Star theater tomorrow.

"The Texan," from the book by James B. Hendryx, and directed by Lynn R. Reynolds, is described as a thrilling tale of the southwest. It gives Mix every opportunity to display his skill in the saddle, and at the same time to work up a story that lifts it head and shoulders above the usual western type of picture.

Mix is seen as Tex Benton, a typical Texan, who has been seen in a number of pranks, whose six-shooter is set on a hair trigger. One trick after another gets him into no end of escapades.

Supporting cast is composed throughout of screen favorites. Robert Walker plays Winthrop Endicott, an eastern tenderfoot; Charles K. French is the mayor of Wolf River, and Sid Jordan is the villain, Pat Christian, who has been seen in a number of other pictures.

Screen Gossip. Because of the immensity of the scenes staged in the lists in front of the castle of King Arthur, in the production of Mark Twain's "A Connecticut Yankee in King Arthur's Court," a bugler gave the signals to the actors from the top of a hill overlooking the scene, where Emmett J. Flynn did part of his directing.

Wildred Lytell, brother of Bert Lytell, who has been seen in a number of screen successes, has been engaged as leading man for Pearl White in his next production.

Pauline Frederick will have a few moments to devote to her stable of comedies in the new production since she has completed filming her condensed information on the income tax.

NOTICE GIVEN TAXPAYERS

COLLECTOR OF INTERNAL REVENUE ISSUES STATEMENT.

Persons Liable to Income Assessments Warned to Make Return Before March 1

Milton A. Miller, collector of internal revenue, yesterday called attention to the heavy penalties prescribed by the revenue act for failure to file income tax returns and to pay such tax promptly. A fine of not more than \$1000, he pointed out, is to be assessed in case of failure or neglect to make the return on time, the date being March 15 for the period ending December 31, 1920.

"If the tax or any installment thereof remains due and unpaid for ten days after notice and demand, a penalty of 5 per cent is added," said Mr. Miller. "Willful refusal to make a return and pay the tax on time is punishable by a fine of not more than \$10,000 or one year's imprisonment, or both, together with cost of prosecution."

"The bureau of internal revenue has at its command innumerable avenues of information for checking up delinquents, the principal one being that of the information at source provided by the revenue act, requiring reports of payments to others of \$1000 or more during the calendar year 1920. These reports are carefully checked with the individual return of the taxpayer to whom such payments were made."

Collector Miller asked all persons who had not filed income tax returns to note carefully the following:

VON TIRPITZ SAYS TRADE MUST BE PROTECTED.

Surfaced Craft Upheld

Admiral Declares Radius of Action of Ships Needs Special Attention.

Divers Held Overrated.

ST. STAMEN, Baden, Feb. 17.—(By the Associated Press)—Admiral von Tirpitz, German naval authority, in an interview today discussed the American naval programme and its reference to the prospective relations of the United States with Great Britain and Japan.

Positions Are Contrasted. The admiral contrasted America's position with that of Germany a few years ago and said: "The American position is a result of industrial growth and the consequent increase of her merchant marine require an increase of the navy, and it is my belief America will not make the mistake Germany did of trusting the life and prosperity of its commerce and industry merely to the brotherly feeling of the United States."

Trade Field Is Viewed. "While England, for the moment, has only to consider America's commercial rivalry, yet the United States must contemplate the natural development of conflicting interests in the Pacific that call for decision and must inevitably face the economic military and political hostility of Japan."

Tom Moore and his leading lady, Renee Adore, were married on St. Valentine's day in California and will probably take a honeymoon trip to Honolulu. The picture on which they have been working is entitled "Made in Heaven."

Helene Chadwick has recovered from an attack of pneumonia and has resumed her work.

Rumor to the effect that Carter de Haven intended to cease production of film comedies proved to be unfounded. Although Mr. De Haven no longer has the services of his capable director, Lloyd Ingraham, he has secured another artistic guide and will resume production after a vacation of about two months. His next, like the last two, will probably be one of the state successes.

Three American companies, Famous Players-Lasky, First National and Goldwyn, have made magnificent offers to the Polish actress, Pola Negri, but she has thus far failed to accept any of them.

William Desmond has been engaged to play a leading role in a new Louis B. Mayer production entitled "Muffled Drums."

Mildred Harris has been engaged for a prominent part in Cecil B. de Mille's next picture.

Viola Dana had a narrow escape from injury the other day when a team of horses ran away while she was perched on a load of hay behind them making scenes for a new picture. Tom Gallery, her leading man, grooved a hero by finally checking the horses.

"The easiest way to precipitate tears in a crowd," says T. Layne Hunter, director of "Earthbound," "is to tell them what you want, then select one person, concentrate on him and he will cry, then the others will follow like sheep. I have never seen it fail, especially if one selects a woman for the leader."

Marjorie Daw will play the role of Love in the film production of "Expensive" which Paramount will make from the stage play by George V. Hobart.

Olive Tell will be Eugene O'Brien's leading woman in "Worlds Apart."

CITY FILES BOND SUIT

Vancouver Seeks Protection on Street Improvement Securities.

VANCOUVER, Wash., Feb. 17.—(Special.)—The city of Vancouver has filed suit to protect itself on bonds for the improvement of East Seventh street. The suit names as defendants Gridley-Sears Loan company, the United Contracting company and Earl Bronaugh, receiver for Morris Bros. Inc., default bond holder of Portland.

Bend May Lose Y. M. C. A. BEND, Or., Feb. 17.—(Special.)—That the Y. M. C. A. may withdraw from the management of the Bend Amateur Athletic club building in this city was intimated today by C. A. Kells, traveling industrial secretary of the northwest. "We must receive better support if the Y. M. C. A. is to continue in Bend," he said. The association has been here for about a year.

SOME IMPRESSIVE FACTS ABOUT THIS COMPANY

\$1,000,000 8 Per Cent Five-Year Gold Notes Portland Railway, Light and Power Company Dated March 1, 1921—Due March 1, 1926 TITLE & TRUST COMPANY, PORTLAND, OREGON, TRUSTEE

This company serves a territory of over 800 square miles. It renders a useful public service to a population of over 330,000, embracing nearly 40 different communities. It has 9 large hydro-electric and steam power plants. It has 18 sub-stations. It has 403 miles of high-tension transmission lines. It has 6363 miles of distribution wires. BOND ISSUE PROPOSED

Dalles Plan to Increase Water Supply to Go to Voters.

THE DALLES, Or., Feb. 17.—(Special.)—Proposal to bond The Dalles for \$225,000 for construction of a storage reservoir and dam across Mill creek to increase the city's water supply will be submitted the voters at a special election March 16, the city council decided at a special meeting held last night. The new reservoir would contain 100,000,000 gallons of water, releasing 1,000,000 gallons a day during the summer months. With the present system there has been a virtual water famine in The Dalles each summer.

THIS WILL INTEREST STOMACH SUFFERERS

Says Indigestion Comes From an Excess of Hydrochloric Acid.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation in our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate food, belch gas or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. The water will follow the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Adv.

WHAT TO EAT TO PUT IRON IN YOUR BLOOD AND MAKE YOU STRONG

PHYSICIAN TELLS HOW IRON-CONTAINING VEGETABLES SUCH AS LENTILS, SPINACH, APPLES, ETC. WHEN REGULARLY TAKEN WITH ORGANIC IRON BUILD GREAT STRENGTH AND ENDURANCE

At their own doors—in the very gardens of those who are weak, nervous and ailing all the while is one of the most valuable tonics and strength-builders known to medicine, science, said Dr. James Sullivan, former physician of Bellevue Hospital (Outdoor Dept.) and the Westchester County Hospital, New York, when consulted recently. Dr. Sullivan further said: "If your daily diet contains an abundant amount of iron you are giving your body the real blood food it craves. But if your blood lacks iron and is thin, pale and watery you cannot expect to be strong and well. On the contrary, your nerves become weakened and you become irritable, fussy and easily upset. In such cases, what you need is iron—organic iron to remove the cause of your trouble, and the moment organic iron is supplied it is often wonderful how quickly your multitude of moments will disappear and how strong and vigorous you will become." But be careful to distinguish between ordinary ferrous iron, which people usually take and true organic iron. Metallic iron is not iron just as it comes from the mines. It is a very hard, brittle, and heavy organic iron is a true red blood food. The iron in spinach, lentils and apples, in fact if you will eat a pint of lentils and three or four baked apples each day you will probably get as much iron as you could get from any other form of organic iron. But most people prefer to eat a smaller quantity of iron-containing vegetables and take organic iron, like Nuxated Iron, with them. It is like taking extract of beef instead of eating pounds of meat. To prove to yourself what Nuxated Iron can do for you, get your doctor to take a specimen of your blood and make a "blood count" of your red blood corpuscles; then take Nuxated Iron for a month and have a new "blood count" made and see how your red blood corpuscles have increased and how much stronger and better you feel; see how the color has come back to your cheeks, how steady and strong your nerves have become. At all druggists.

NUXATED IRON ENRICHES THE BLOOD-GIVES YOU NEW STRENGTH AND ENERGY
