

LABOR HITS JOHN D'S GIFT OF \$70,000,000

Capitalistic Move to Control Academic Freedom Charged.

HUGE FORTUNE ATTACKED

New York Federation Declares Accumulation Result of 'Darkest Pages of Economic History.'

NEW YORK, Feb. 20.—An attack against John D. Rockefeller, for his donation of \$70,000,000 to the general education board, was made in a statement today by the New York State Federation of Labor.

The statement declared the gift, as well as other activities of the board, were moves to place academic freedom in the control of capitalists.

"The millions donated to the general education board," said the statement, "have been accumulated as a result of a type of industrial and financial control that characterized one of the darkest pages of our economic history. The accumulation of the swollen fortune that John D. Rockefeller now distributes would never have been possible under an enlightened social system."

The \$70,000,000 donation was made recently by Mr. Rockefeller, \$50,000,000 of which was given to colleges and universities for aid in increasing teachers' salaries, and \$20,000,000 for the improvement of medical education.

The statement quoted the industrial relations commission appointed by President Wilson as saying of the Rockefeller foundation:

"The money with which the Rockefeller foundation was created and is maintained, consists of the wages of workers. These wages are withheld by means of economic pressure, violation of law, cunning and disorder practiced by the founder and certain of his business associates."

"Organized labor is of the opinion," continued the statement, "that subsidies such as those granted by the general education board cannot but undermine to a certain degree, democratic independence in higher educational institutions."

BURGLAR USES MATCHES

TRAIL LEFT THROUGH ROOMS OF SAM MAYO HOME.

Residence of J. W. Pettit Also Is Ransacked—Silver, Jewelry and Clothing Taken.

The burnt-match burglar made his appearance again last night, looting the home of Sam Mayo, 427 Fifth street, during the absence of the family. The house was thoroughly ransacked. Through every room the trail of the prowler was marked by matches which he had used in lieu of a flashlight. Clothing was torn from hangers and thrown on the floor and the rooms were topsy-turvy when the Mayo returned home. He made away with a pair of diamond earrings, a woman's fur coat, and a suit of clothes, the whole valued at about \$300. Entrance was effected by kicking in a narrow window on the front porch.

The burglar who entered the home of J. W. Pettit, 137 West 22nd street, also made a good haul. He left the house in a neat condition, however, and was not thought to be the same man who did the Mayo job. In ransacking a rear window, he selected a quantity of heavy silver plate, jewelry and clothing valued at \$250. The family was away from home on Feb. 19, until 8 P. M. and it is not known when the burglar made his call.

TIFLIS WHOLLY ISOLATED

RICH CAPITAL OF GEORGIA HELD BY BOLSHEVIKI.

City's Wireless Silent and Railway and Telegraph Wires Cut.

Resistance Is Planned.

CONSTANTINOPLE, Feb. 20.—Tiflis, capital of Georgia, which was captured by bolshevik forces last week today was apparently cut off from the world. The city's wireless was silent and railway and telegraph lines had been cut by the blowing up of bridges. Georgian authorities were making belated attempts to mobilize their forces.

Great stores of foreign goods in Tiflis make it the richest prize that has fallen into the hands of the bolsheviks for some time. Italians were said to be the heaviest losers.

C. C. Davis of the American Red Cross and other American representatives who left Tiflis several days ago said the attack was unexpected.

One of the objects of the reported plan of the bolsheviks was to obtain possession of Batumi on the Black sea, to use the port as an export outlet for the Baku oil field.

DYE SECRET HELD STOLEN

GERMAN COMPANY ACCUSES 4 TRUSTED EMPLOYEES.

Contracts Reported to Have Been Signed With American Firm by Men Now Sought.

COLOGNE, Feb. 20.—Warrants have been issued for the apprehension of four chemical and dye experts, formerly employed by Friedrich Bayer & Co. of Leverkusen, charging breach of contract and betrayal of commercial secrets.

They are Doctors Joseph Flachslander, Heinrich Jordan, Otto Runge and Max Englemann, old and trusted employees, charged with signing contracts with the Du Pont de Nemours company of Wilmington, Del., which not only binds them to enter the company's employ, but also places at its disposal other valuable considerations.

They are also charged with "illegally appropriating valuable recipes, formulas, etc., to which they had access."

SHIPPERS MUST FILE CLAIMS FOR DAMAGE

Last Call for Loss Under Federal Control Given.

LETTERS ARE SENT OUT

Demands for Reparation in Oregon May Total Thousands of Dollars, Says Commission.

SALEM, Or., Feb. 20.—(Special).—Oregon shippers having claims for reparation during the period of federal control of the railroads, December 28, 1917, to February 29, 1920, are urged to file them with the interstate commerce commission before February 28, in a letter prepared today by the public service commission. Copies of this letter have been sent to practically all the shippers in the state in order that their claims may have consideration.

Under the transportation act, complaints praying for reparation on account of damage alleged to have been caused by reason of the collection or enforcement by or through the president during the federal control of rates, fares, charges, classifications, regulations or practices, including those applicable to interstate, foreign or intrastate traffic, which were unjust or discriminatory, must be filed within one year after termination of federal control to receive consideration.

All Data Necessary. The statutes of limitation make it impossible for the interstate commerce commission to consider claims filed after the expiration of the one-year period, consequently complaints sent in after March 1, will not have the attention of the commission.

All complaints for the recovery of damages must contain the essential elements of a complaint, including the name and address of the complainant, the names of the carriers against which complaint is made, a statement that the act has been violated by the carrier named, indicating when, where and how, and a request for affirmative relief.

Claims May Total Thousands. An informal complaint should also show, under the rules and practices, such data as will serve to identify with reasonable certainty the shipping material or other transportation service in respect of which recovery is sought, the carriers participating, the kind and amount of injury sustained, when and by whom, and, if any recovery is sought in behalf of others than the complainant, a statement of the capacity or authority in or by which the complaint is made in their behalf.

While not having any figures at hand on which to base an estimate of aggregate claims accruing in Oregon during the period of federal control of the railroads, members of the public service commission today said these demands for reparation probably would total many thousands of dollars.

All claims should be addressed to the interstate commerce commission, with headquarters in Washington.

PEOPLE FOR CASTELNAU

FAILURE OF GENERAL TO GET PROMOTION RESENTED.

French Audiences Cry Name of Nancy Victor When Films of Other Marshals Are Shown.

PARIS, Feb. 20.—Promotion of General Fayolle, D'Esprey and Lyauty to be marshals has been generally well received by newspapers. They were virtually unanimous in declaring that the soldiers were deserving of the honor, but Catholic organs deplored the fact that General Castelnau, who was promoted today, was not included.

Echo de Paris said this was "a shameful act."

In the moving picture theaters today, pictures of the new marshals were thrown on the screen. The spectators drowned out the applause with cries of "Castelnau."

He is one of the most popular French generals owing to his victory at Nancy.

Deputy Ambrose Rendu has announced that he will interpellate the chamber as to the reason for the failure to promote General Castelnau. Moderate socialist papers arraigned the government for not having selected General Sarrail.
