

RIGID TESTS WILL BE GIVEN MOVIES

Policy Outlined by Members of New Board.

VOLUNTEERS ARE ASKED

Lurid Advertising of Films Causes Objections and Practice Will Be Put Under Ban.

The newly-created board of motion picture censors was organized yesterday with Mrs. Alexander Thompson as chairman. Mrs. E. T. Colwell will remain as secretary.

The board immediately upon organization settled down to business, each member agreeing to the naming of 25 persons to act as motion picture censors, and the present censors, named under the former regime, also will serve.

Gus A. Metzger, a member of the board who represents the motion picture owners, suggested that the parent-teacher association and the Federated Women's clubs of Portland be asked to furnish censors to view pictures three hours each week.

Metzger contended that the members of these organizations are interested in the pictures shown and should be excellent censors.

Attention was called to the board by Mrs. Colwell that a number of the theaters were in the habit of showing pictures without permits. In all of these cases the theaters thus violating the rules were small houses.

The board after discussing this question instructed the secretary to stop any picture for which a permit had not been issued.

It was also agreed that a letter be sent to all motion picture theater owners, calling attention to the rules under the censorship ordinance and requesting that a list of pictures be submitted to the office of the secretary of the board at least one week previous to their showing.

In case of sudden change in the programme the board will insist that the secretary be notified.

Advertising of pictures will be regulated to the letter by the new board, it was announced. Ralph McKee, executive secretary of the church federation, a new member of the board, said that he heard more complaints about advertising of pictures on billboards than he did of the actual pictures as shown on the screen.

Chairman Thompson stated that she objected to many of the posters shown on the front of the theaters and held that the provisions of the ordinance regulating such advertising should be enforced rigidly. The vote to do so was unanimous.

Many Pictures Viewed.

During the past fiscal year a report of the secretary showed that a total of 528 reels had been viewed by the board and its censors and that 25 eliminations, including anything from minor cuts to total eliminations, had been made.

The board made it plain that rigid censorship of pictures would be the rule in the present board were maintained. Perfect harmony existed between the members throughout the meeting and all were agreed on the various outlines of future policy.

Another meeting of the board will be held during the latter part of the week, when the Paramount picture, entitled "The Paying of the Piper," condemned by voters, will be seen by the entire board.

INSANITY SHAM ADMITTED

HUBERT BERRY MAKES CONFESSION AT SALEM.

Youth Who Hit Aged Pawnbroker Over Head Says He Is Ready to Take His Medicine.

SALEM, Or., March 7.—(Special)—Hubert Berry, who escaped from the state hospital here early in February and was later captured in San Francisco, was returned here today. He probably will be turned over to the Multnomah county officials for prosecution on a charge of being an aged pawnbroker on the head with a bagged paw.

At the time of Berry's arrest in Portland, he was examined by a sanity commission, by the courts and was pronounced insane. The charge against him was then dropped by the authorities and he was committed to the state hospital for treatment.

Following his return here today Berry admitted that he feigned insanity, but had tried to escape from the state hospital and was ready to return to Portland and "take his medicine." Berry's confession corroborated the statement made some time ago by Dr. R. E. Lee Steiner, superintendent of the hospital, to the effect that Berry was sane and was not in need of medical treatment.

Berry told the hospital authorities today that he was drunk at the time he slugged the pawnbroker, and he had no knowledge of committing the crime until questioned by the officers after his arrest.

TRAIN KILLS TWO IN AUTO

AL JERMAN, WEALTHY FARMER, ONE OF VICTIMS. Charles James, Employee, Dies When Oregon Electric Strikes Machine Crossing Tracks.

SALEM, Or., March 7.—(Special)—Al Jerman, wealthy Marion county farmer and hop grower, and Charles James, who was employed on the ranch conducted by Mr. Jerman, were instantly killed at about 2 o'clock this morning when an automobile in which they were riding was struck by a fast southbound Oregon Electric train at a point two miles south of Salem.

Mr. Jerman and Mr. James were on their way to the Croston hopyard. Although Oregon Electric railroad parallels the highway for some distance, they did not observe the train approaching in the same direction and turned through a private gate way and drove onto the tracks. Both bodies were badly mutilated, the body of Mr. Jerman being hurled more than 50 feet. E. E. witnesses to the accident were the motorman of the train and passengers in the forward coach. The train was operated by Conductor Johnson and Engineer Barker.

Mr. Jerman was about 65 years of age and came to Oregon when 5 years of age. He is survived by a widow and three sons, H. Jerman, A. M. Jerman and O. C. Jerman, all of whom reside at home.

Because the deaths were purely accidental, it was not believed today that an inquest would be held. The automobile was completely wrecked.

POISON PACT IS DENIED

Excessive Whisky Drinking Report Also False, Say Pair.

Wallace Du Puis, who was found with Miss Rose Fleischmann in an unconscious condition at the home of his sister, 233 Davis street, early Sunday morning, denied yesterday that he and the young woman had taken bi-chloride of mercury poisoning as a suicide pact, as was first reported to the police, or that the condition of himself and the girl was due to excessive whisky drinking, as was later reported by police detectives.

DuPuis said he and the young woman had been eating canned sardines and he believed they were poisoned. Dr. C. C. Moore, who attended the pair at St. Vincent's hospital Sunday morning, has sent the sardines to the city health bureau for analysis to determine definitely whether or not the poisoning could have come from that source. Dr. Moore denied yesterday that he had told police detectives that DuPuis and Miss Fleischmann had consumed too much moonshine whisky.

WIFE CHANGES HER MIND

Husband Freed When Woman Prays for Alleged Wife Beater.

HOOD RIVER, Or., March 7.—(Special)—Mrs. J. R. McNutt, who as complaining witness week before last had her husband held from justice court to the grand jury, who last Thursday he was indicted for the alleged beating of his wife and a 18-year-old daughter, failed to give any damaging testimony when she appeared before the jury today, and the court directed on a motion of District Attorney Baker, that the jury bring in a verdict of not guilty.

Mrs. McNutt visited the district attorney before the trial declaring to him that both she and the daughter had prayed all night that her husband would not be sent to the penitentiary. Mrs. McNutt in her testimony stated that she had been a member of a committee from her husband, however.

At the Theaters.

Patangas. LILLY LEONHARD and Tom Kelly are the favorites on the new bill at Patangas. They are not in an act together and their acts are dissimilar, but each was a show-stopper on the new bill yesterday. Miss Leonhard is a beautiful girl, young and of charming manner. She wears a unique evening frock and is a joy to look at. She can dance and she has a sweet high soprano voice. When the curtain goes up the lovely Lilly is in the center of the stage idly reading a book and two clever smiling clowns are making a great deal of fun of her and dance. She is adorably feminine and the audience recognizes her charm immediately and refuses to let her go.
