THE Young Women's Christian association of Portland has planned a week of special activities and features of interest for its members and friends beginning next Monday and continuing through Easter Sunday. The growth and work of the association is highly commended by the visiting secretaries of the northwestern field, Miss Charlotte Davis and Miss Ruth Benson, who have arrived from Seattle and who will be in conference with Mrs. George F. Wilson, president, and the board members and general secretary, have given the local workers sincere praise. An outline of the work for the year just closed includes many interesting announcements.

In the "Travelers' aid" department, Mrs. William H. Wright, chairman, reports compiled show that 5051 persons were aided by the workers at the depots. Of these 1072 were women traveling with little children, and to these the travelers' aid worker is a fairly godmother, often. To the 120 sick persons and to the 636 elderly, the travelers' aid proved an angel of mercy, for who is so helpless as the lonely, aged and infirm person traveling alone? Foreigners served were 495; girls, 508; children, 402.

2000 Ladies Seeded Per Day.
 The membership department, under Mrs. John Peterson shows the roll contains 3389 names. This alone means work and details. But more members will be added.

The rooming department reports 8551 guests cared for during the year.

The lunch room served 214,844.

Enrolled in the commercial department.

COUNTING BOARDS RULED OUT—County commissioners of Multnomah county decided yesterday that no attempt would be made to operate counting boards along with the election boards at the coming special election in June because of the additional expense and trouble incidental to filling vacancies on the boards. Provision for eight boards was made by the recent legislature.

CLEW TO BONES FOUND

CASTLE ROCK WOMAN MAY BE "VERA" OF WEDDING RING.

Vera White Said to Have Married Billy Meyers and Vanished About 1912, Police Learn.

Information that may connect Vera White, formerly of Castle Rock, Wash., with the unidentified woman whose bones were found underneath an old building on Albina avenue last Saturday was reported to detectives working on the case.

The information hinges on the wedding ring, engraved "From Billy to Vera, 12-10-05," found with the bones of the woman, and also on the fact she is thought to have disappeared about 1912.

Vera White, according to the information given the police, was married to Billy Meyers. The exact date of the wedding is unknown, but they are thought to have been married in Portland. Meyers is thought to have been employed in Portland at one time by the Mount Hood brewery.

Nothing is known of his whereabouts. The description of Vera White tallies with that of the woman whose bones were found under the building. She is thought to have been about 25 years of age at the time of her disappearance.

Inspectors Mallett and Morris are checking up on other clues and are continuing a search of records of marriage and lists of missing people. They place the date of the death of the woman about 1912 or 1913.

relations with divisional headquarters at Seattle, according to an announcement yesterday from the local chapter following advice from J. E. Crichton of Seattle, division manager.

Though the 14 great divisions into which the American Red Cross was divided during the war have been reduced to eight, the northwestern division is left absolutely intact, it is declared. It is possible, however, that in future the northwestern division may be consolidated with the Pacific division. Should this occur it would in no way affect the personnel of the chapters, it is believed.

DRESSMAKER MADE WELL

Followed a Neighbor's Advice and Took Lydia E. Pinkham's Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded, for some time. I was dark and by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.—Adv.

taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 1103 N. Commerce St., Vernon, Tex.

Dressmakers when overworked are prone to such ailments and should profit by Mrs. Stephens' experience and try Lydia E. Pinkham's Vegetable Compound, which contains no narcotics or harmful drugs.

APPLY SULPHUR ON YOUR ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Menthosulphur, declares a noted skin specialist. Because of its germ-destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Menthosulphur from any good druggist and use it like cold cream.—Adv.

Don't Fool With a Cold.
 (From The New York Sun.)
 We must repeat our warning against pneumonia, the most dangerous disease that prevails in this city, and which is extraordinarily prevalent at this time. Be on guard at all times against taking cold. Look out for it, if you take it. Gladstone used to go to bed and send for a doctor whenever he had a cold and consequently he got well in a very short time. "The Sun" is right and their warning should be heeded. For colds, Chamberlain's Cough Remedy is excellent. It always cures and is pleasant to take. Persons past middle age should go to bed and take this remedy until recovered.—Adv.

INGROWN TOE NAIL
URNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail that it can not penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.
