

## MR. BARBUR HAILED TO COUNCIL ROOM

### Mayor Causes "Arrest" of Commissioner.

## FOUR COPS BRING HIM IN

### Row Breaks Out in Hearing on Foster Sewer.

## WITNESS MAKES TROUBLE

### Query to George Rae During Talk About Foster Road Project Sets Off Fireworks.

The "arrest" of A. L. Barbur, commissioner of public works, and his forcible return to city council chambers by four large policemen on orders from Mayor Baker, threw the city council into an uproar late yesterday afternoon that threatened for a time to disrupt the administrative functions of the city of Portland.

It was not until they were ready to leave for their homes that Mayor Baker and Commissioner Barbur shook hands and called a truce. Mr. Barbur's arrest followed his taking "French leave" from a city council session where a hearing on the Foster road sewer project was in progress because a witness refused to answer a question put by the commissioner. He was picked up by the police several blocks from the city hall as he was proceeding homeward.

His return to the council chambers was followed immediately by a bitter passage of words between himself and Mayor Baker which almost ended in blows.

Dialogue Is Angry.

"What right have you to place me under arrest?" Barbur shouted at the mayor, as he strode into the chamber.

"You, nor any other councilman, can leave a meeting without the permission of the council," Mayor Baker retorted.

With his face white in anger, the commissioner walked up to the table which separated him from the mayor. His voice, as he addressed Mayor Baker, trembled slightly, but could be heard throughout the city hall.

"You sent four big policemen down the street to arrest me when I was invited by yourself to leave," he declared.

"You may be able to treat the I. W. W. that way, but you can't treat me that way and get away with it," continued Barbur heatedly.

"I did not invite you to leave. I told you to stay," replied Baker.

The crowd packing the chambers had been inclined to laugh when Barbur first returned to the session. They listened to the words in silence. City officials cast apprehensive glances around the room fearful lest the mayor and commissioner should come to blows. Both men are more than six feet tall, and the other commissioners and attaches may well have wondered who would separate them if they clinched in the combat.

Mayor's Statement Denied.

"You did not tell me to stay," Barbur shouted again. "You said that all those who didn't want to listen to that man could get out, and I got out."

"You are a member of this council, and as long as this body is in session you're going to stay here until the council gives you permission to leave," retorted Baker.

Barbur reiterated his stand, and again referred to the four husky policemen.

"You haven't any right to place me under arrest in that high-handed fashion," he declared, waving his fist for emphasis. "I wouldn't have come for emphasis. I wouldn't have come for emphasis."

## A MANUSCRIPT THE WORLD WAITED FOR

The world had to wait, for that matter, until Kaiser Wilhelm was dead or defeated. For by imperial edict the memoirs of Bismarck, those chapters which related to his experiences with the war lord and the letters of the latter, were forbidden to be published.

The Oregonian now announces the complete offering of "The Iron Chancellor's own memoirs, including the suppressed letters of royalty, beginning in the issue of April 3. Wilhelm cast overboard the strong old man who had made possible the great German state. Now, though Bismarck is dead and his liege lord an exile, the authentic narrative of that important event in history is of tremendous importance to the well informed.

Turn to the First Installment, THE SUNDAY OREGONIAN April 3, 1921.

## 23,000,000 BUSHELS PUT IN WHEAT POOL

### MORE FARMERS SIGN CONTRACTS TO SELL 1920 CROP.

### Five Men Representing Associations Are at Work Among Growers in Oregon Districts.

SPOKANE, Wash., March 30.—(Special.)—The Washington and Idaho Wheat Growers' associations have signed up 17,000,000 bushels of the 1920 wheat in the two states to pool for market. It was announced today by Bruce Lamson, organizer for the associations. This is an increase of 3,000,000 bushels over the wheat pool of last year.

Mr. Lamson announced that 6,000,000 more bushels have been signed up in Oregon and Montana to add to the Pacific northwest amount, making a total of 23,000,000 bushels in this district.

"The farmers are still signing contracts to sell their 1921 wheat through the association, despite the fact that little effort has been made to secure more wheat in Washington and Idaho since April 1," said Mr. Lamson today. "A number of our organizers have gone to Oregon to help get the growers of that state organized."

Mr. Lamson stated that the following Washington men are now signing up farmers in Oregon: E. L. Ludwick, Clay Barnes, Stanley Brown, Dewitt Barns and H. O. Barns.

## INJURIES FATAL TO FLIER

### Lieutenant Conroy, Who Attempted Transcontinental Flight, Dies.

NATCHEZ, Miss., March 30.—Lieutenant W. D. Conroy, who was injured last Friday morning near Crowville, La., while attempting a transcontinental flight from Jacksonville, Fla., to San Diego, Cal., died here late today.

The lieutenant's back was broken in a fall and paralysis from the chest down resulted. He was attempting to lower his previous record of 22 hours 27 minutes flying time from coast to coast when forced down by engine trouble.

Lieutenant Conroy, aged 27, was a resident of Brunswick, Ga., and saw service on the Mexican border in 1916. During the war he was a flying instructor in the army air service.

## LABOR WANTS 60 BANKS

### Company Announces That 2 Will Be Purchased in 30 Days.

SPOKANE, Wash., March 30.—Within 30 days two Washington banks, one in Eastern and one in Western Washington, will be purchased by the Financial Securities Company as the first of a chain of 60 banks which the company plans to purchase and operate, according to an announcement yesterday by J. J. Conway, president of the concern.

The Financial Securities Company, which is controlled by the Conroy family, has an all-Ohio concern and has the endorsement of the Washington state federation. The company is capitalized at \$10,000,000.

## EX-KAISER'S BED SOLD

### Furniture Used by Deposed Ruler Brings Only \$10,000.

CHICAGO, March 30.—A bed in which it was said the ex-kaiser often slept was sold at auction today.

With it went a marble washstand, a massive wardrobe and a miscellany of carved woodwork and ornate chandeliers—all said to have been used by the ex-kaiser when a guest in the castle of the Grand Duke of Hesse. The relics were sent here for sale.

Although the auction rooms were crowded there was little bidding and the pieces went to a dozen different owners for a total of \$10,000.

## TIEF MADE BISHOP AT 39

### Catholic Officer Youngest of Rank in United States.

KANSAS CITY, Mo., March 30.—Impressive ceremonies with all the color and solemnity traditional of the Catholic church, marked the consecration at the cathedral here of Rev. Francis J. Tief as bishop of Concordia, Kan.

The elevation of Bishop Tief, who is 39, from the post of vicar-general of the diocese of Kansas City made him the youngest Catholic prelate in his rank in the United States.

## JURY DISREGARDS JUDGE

### Prisoner Found Guilty After Court Practically Orders Release.

CHICAGO, March 30.—Despite almost specific instructions of Judge Joseph David, a jury in his court yesterday found Ben Smith, negro, guilty of an offense against a 15-year-old white boy. The judge set the verdict aside, as he had told the jurors he would do so if a verdict of guilty was found, declaring the evidence insufficient.

"You evidently think you know more about the law than the court," the judge said to the jury.

"We do," the foreman said.

## COUP TO RECOVER THRONE THWARTED

### Ex-Emperor Charles Unable to Connect.

## REGENT REFUSES TO BUDGE

### Exile Suddenly Appears in Hungarian Capital.

## DEMAND CURTLY REFUSED

### Former Monarch, Failing to Regain Power, Retires to Austrian Border Town.

BUDAPEST, March 30.—(By the Associated Press.)—Count Stefan Bethlen, empowered to act for the state as the plenipotentiary of Regent Horthy, has been sent to Steinamanger, near the Austrian border, where ex-Emperor Charles has taken refuge after his attempt to regain the throne. The count, who was adviser to the ex-premier, Archduke Joseph, has a strong force of troops at his disposal. Premier Teleyk and Count Julius Andriess, ex-foreign minister and friend of Charles, accompanied the count to endeavor to persuade Charles to leave Hungary.

Charles is under military surveillance. He has been deserted by his staunchest supporters and is not permitted to leave his room in Steinamanger castle. He informed the government today that he was preparing for removal immediately to a neutral country, probably Spain. The Spanish representative told Regent Horthy today that Charles was under Spanish protection and that the Spanish government was offering its hospitality to him.

Alleged Aide Arrested.

Bishop Count Mike, who with many representatives of the Hungarian aristocracy was at Steinamanger with the ex-emperor, has been arrested charged with being the head of the movement to restore Charles to the throne.

General Lehar, in command at Steinamanger, who was suspected of backing the former monarch with the West Hungarian army, asserted today he was loyally supporting Regent Horthy.

General Bellitka, the war minister, declared:

"The former king is not supported by the troops. The army is standing behind Regent Horthy. Charles is a prisoner."

Amid stormy scenes today a mass meeting called by the farmers' party adopted a resolution asserting that (Concluded on Page 2, Column 1.)

## CIVIC CLUBS UNITE TO CURB TAX RISE

### ACTION TO STIMULATE BUILDING ACTIVITY AUTHORIZED.

### Various Organizations Move to Prevent Further Tax Increases in Next Three Years.

Resolutions urging the various tax-paying bodies of the city to agree to make no further rise in taxes for the next three years were authorized at a meeting of a committee representing the various civic organizations of the city held yesterday.

The resolutions will be prepared and passed upon at another meeting of the committee to be held Monday, after which it is the intention to direct the action to the various city organizations for consideration. The plan is to secure if possible the joint cooperation of the various organizations of Portland in the effort to prevent further increases in taxation for the next three years.

The committee which met yesterday came into being as the result of an address made by Herbert Gordon at the meeting of the Realty board two weeks ago. At that time he declared that if the tax-paying bodies of the city would pledge themselves to make no increases in taxation for the next three years it would do more to stimulate building than any other thing that could be done. He said that during the last seven years the rate of taxation had risen from 22 to 44 1/2 mills.

The Realty board immediately took action for the formation of the committee, requesting other civic organizations to send delegates.

Among those present at yesterday's meeting were: L. R. Bailey of the Ad club; Norman N. Rupp, Rotary club; Henry Fries, Kiwanis club; F. H. Strong and David S. Stearns, chamber of commerce; Henry E. Reed, City club; M. H. Schmeer, Credit Men's association; H. E. Plummer, Civic League; A. R. Ritter, Herbert Gordon, Webster Kincaid and Paul Cowling, Realty board; Joseph Finley, Musicians club; Frank Upshaw and Charles Ertz, Progressive Business Men's club; Walter B. Gleason and F. Moore, American Legion.

Mr. Gordon was chairman of the day.

The committee appointed to draft the resolution was headed by F. H. Strong. The meeting for the consideration of the resolution will be held Monday afternoon at 4 o'clock.

## LAVA HURLED HIGH IN AIR

### Tourists Flocking From Honolulu to See Volcanic Display.

HONOLULU, T. H., March 30.—(Special.)—Five flows are running from Halemaumau pit into the main crater of the volcano of Kilauea on the island of Hawaii and Pele, the Hawaiian goddess of fire, is putting on a volcanic show that is declared to be the best ever staged in the past 50 years.

Not in the memory of the oldest Hiho inhabitant has the volcano of Kilauea ever put on such a wonderful pyrotechnic display. Fountains of lava are leaping 30 and 40 feet into the air in the main crater and tourists from Honolulu are flocking in droves to see the display.

## DOUGLAS WILL VOTE ON BIG ROAD PROJECT

### CITIZENS READY TO SPEND MILLION FOR HIGHWAYS.

### Delegates From 50 Districts Almost to Man Indorse Proposed Big Bond Issue.

ROSEBURG, Or., March 30.—(Special.)—Delegates from 50 road districts, representing practically every section of the county, and nearly all of them farmers, today indorsed a proposed bond issue of \$1,100,000 for road improvements.

A large number of taxpayers also attended the meeting, held at the courthouse, and the bond issue was almost unanimously approved, only two or three dissenting.

A general outline of the road building programme was given by District Attorney Neuner, acting secretary for the meeting. It was shown that since the county voted a road expenditure four years ago of \$550,000, property valuations have jumped from \$27,000,000 to \$34,000,000 and that Douglas county could now vote more than \$2,000,000 indebtedness and still be within the legal limit.

As the plan for improving the Pacific highway came to be understood, the state highway commission having promised to go \$0-50 on that work and also on the Douglas-Cons project, with more than half a million proposed for expenditure on lateral roads, opposition faded, and enthusiasm for the whole plan developed.

Petitions will be sent out within a few days to the various road districts, calling for a special election on the same date as the general election in June, and these petitions and notices of election will designate the sums allotted for each road to be improved from the proposed bond fund, as follows:

Glendale to Pacific highway, \$50,000; Glendale to Koler, \$500; Glendale to Fernvale, \$500; from John ranch on Pacific highway to Anchor, \$10,000; Canyonville to Tiller, \$40,000; Riddle to crossing of South Umpqua, \$45,000; Riddle to Pacific highway, via Fruer bridge, \$15,000; Myrtle Creek to Nugget, \$6000; Myrtle Creek to Buckfort, \$4000; Pacific highway to Coos county line, via Brockway and Camas Valley, \$200,000; Pacific highway, for bridge crossings and rights of way, \$135,000; Looking-Glass road, \$7000; Roseburg-Coles Valley, via Melrose, \$22,000; Roseburg to Coos county line, via Beaton, \$25,000; Roseburg to Glide, \$26,000; Dissonville to Carnes, \$6000; Dixonville to Pe Ell, \$12,000; Sutherlin-Umpqua, via Stephens, \$7000; Sutherlin-Nonpareil, \$5000; Eden Bowler-Umpqua, via Garden Valley, \$40,000; Rochester bridge over Calapoopia, \$75,000; Oakland-English Settlement, \$10,000; Oakland-Marvin Hill, \$10,000; Green Valley, \$10,000; Yoncalla to Elk Creek bridge, via Hayhurst, \$5000; Yoncalla to Elk Creek bridge, via Scotts Valley, \$10,000; Yoncalla to Elkhead, \$20,000; Drain-Elkton, \$48,000; Elkton-Heddsport, \$200,000; Goodrich highway, \$7000; Pacific highway to Yoncalla, via Rice Hill, \$2000; Wilbur-Garden Valley, \$5000; Wilbur to Day Place, \$5000; Umpqua-Tyee, \$5000; Days Creek district, \$5000; Upper Orchard Valley, \$2000.

## RAILWAY SOLUTION PUT UP TO LABOR

### 'Big Four' Calls Employees Into Confidence.

## GRAVE SITUATION FACED

### Operating Expense and Revenue Disproportionate.

## 12 BILLIONS IN SECURITIES

### Adjustment of Rates and Wages by Separate Governmental Bodies Held Serious Weakness.

NEW YORK, March 30.—In an effort to hasten a settlement of the labor difficulties between the railroads and their employees, the executive committee of the National Association of Owners of Railroad Securities, meeting today, invited the hands of the "big four" brotherhoods to attend a conference here April 4.

A special committee was appointed and will endeavor to be helpful, a statement said, "in assisting to relieve the immediate situation and later generally helpful in such directions as may appear essential."

Reviewing railroad problems, the committee's statement declared that "the disproportionate relation between operating expenses and revenue and between railroad rates and fares and the revenue derived therefrom, if not relieved, result in consequences of serious concern, not alone to owners of railroad securities, but to shippers, to the workers on the railroads and to the country."

Partial Remedy With Employees.

Asserting that the National Association of Owners of Railroad Securities represents in membership nearly \$12,000,000,000 of railroad securities, a large proportion of which are bonds, the statement added:

"Many millions of our citizens dependent upon the stability of these investments have no collective means to speak other than through this association.

"An immediate and partial remedy seems to lie in an adjustment of relations between the railroads and their employees. The hearings before the railroad labor board at Chicago do not evidence an early settlement."

Net Earnings Insufficient.

In its letter to the brotherhood chiefs the committee stated that the railroads "are not producing net earnings, as a whole, sufficient to meet their fixed charges by millions of dollars."

"As one of its first duties, this committee wishes to offer its service in such directions as will, we hope, be of assistance in the present emergency and with this in view we suggest that arrangements be made as early as practicable for a conference between you and the committee that has been appointed."

One weakness in the present situation is lack of co-ordination between the two governmental bodies; one adjusts the rates, the other wages. There should be co-ordination between the interstate commerce commission, the rate-making body, and the railroad labor board. The government body sitting in Washington cannot be expected successfully to adjust rates and fares to meet the expenses incident to railway operation, while another, sitting in Chicago, attempts to adjust wages, the largest and most important of all railway operating expenses, which can only be met by rates the committee alone is required to establish."

## 202 ROADS INCUR DEFICIT

### Western Carriers Fail to Earn Amount Estimated Since Rate Rise.

WASHINGTON, March 30.—A deficit for January of \$1,157,500 was shown for 202 railroads in reports submitted to the interstate commerce commission, the Association of Railway Executives announced tonight. Tabulation of the reports furnished them, the association added, showed that 109 of the railroads failed to earn expenses and taxes. Of these, 45 were in the eastern, 16 in the southern and 48 in the western districts. This compares, it was added, with \$8 which failed to earn expenses and taxes in December.

Operating revenues for January, according to the announcement, were \$46,834,000, an increase of 3 1/2 per cent over January, 1920, while the operating expenses were \$44,747,000, an increase of 6 3/5 per cent over last January. The net operating income represented a decrease of 120 1/2 per cent as compared with January, 1920, it was said.

Freight revenues were \$22,586,000, an increase of 4 1/5 per cent, and passenger revenues were \$105,247,000, an increase of 14 1/2 per cent. Last August, it was explained, freight rates were increased 32 1/2 per cent and passenger fares 50 per cent. The carriers, however, showed a decrease in the bulk of freight carried of 14 1/2 per cent on the net (on-miles and 4 1/2 per cent on the passenger miles as compared with January, 1920.

The roads failed by \$65,429,800, the announcement said, to earn the amount estimated under the increased (Concluded on Page 2, Column 2.)

## BUILDING PROSPECTS BECOMING BRIGHTER

### MATERIAL MEN HOLD CONFERENCE IN CHICAGO.

### Speakers Declare High Cost of Labor, Transportation Must Be Remedied to Get Normal Conditions.

CHICAGO, March 30.—Building prospects are becoming brighter, according to reports made by the National Wholesale Lumber Dealers' association, the Concrete Products association and the National Lumber Manufacturers' association in session today.

Speakers said that the high cost of labor and transportation played an important role in the building programme and must be remedied before building conditions could return to normal.

Government supervision of the railroads, but not government control, was favored by the wholesale dealers' association in a resolution.

The resolution also recommended the repeal of such legislation "as prevents or restricts carriers from making individual contracts and adjusting rates of pay and hours of service with their employees, and that pending such legislation, the president urge the labor board to abrogate the so-called national agreements." F. T. Meredith, former secretary of agriculture, predicted an increase in building in the farming sections.

## BURGLARS' VICTIMS TIED

### Valuables Are Taken From Home of Frank Carson.

As they entered their home at 11:30 o'clock last night on their return from the theater Mr. and Mrs. Frank Carson, 726 Rodney avenue, were held up by two masked men and were forced to lie on the floor while they were bound with ropes and robbed, according to their report to the police. The burglars took two valuable sets of furs, a woman's purse and more than \$300 in cash. Their escape was made by automobile.

Mr. and Mrs. Carson extricated themselves and found that the telephone wires had been severed. The burglars were described as being roughly dressed and both carried large pistols.

## GRAVES TO BE DECORATED

### American Legion Will Look After Dead Abroad Memorial Day.

INDIANAPOLIS, Ind., March 30.—The graves of American soldiers who died abroad during the world war will be decorated on Memorial day by the American Legion.

All posts of the legion were called on for contributions today by Lemuel Bolles, national adjutant. The burden of the post, the bulletin said, rests with the members of the legion, but public contributions also will be accepted.

Relatives of deceased soldiers may have a special floral offering or decoration placed on graves through the legion's committee in France, Great Britain, Belgium and Germany, it was announced.

## TURKS CLAIM VICTORY

### Entire Greek Division Is Reported Captured at Eskih-Shehr.

CONSTANTINOPLE, March 30.—(By the Associated Press.)—An entire Greek division has been captured by the Turks at Eskih-Shehr and the Greeks are fleeing from that city, according to notices posted in Anatolia.

The Greeks have made no statement on the report.

## CHEST DONATIONS NEARLY \$250,000

### Workers Expect to Get \$300,000 More Today.

## 400 RICH TO BE SOLICITED

### Business Men Organize New Flying Squadron.

## SOME FIRMS OVER TOP

### District Solicitors Are Called to Meet at Noon Today at Rally in Portland Hotel.

## DISTRICT WORKERS TO MEET AT NOON

All districts workers from every field of activity in the community chest are urged by Mayor Baker to attend a luncheon rally at the Portland hotel at noon today. This is the first official gathering called for field workers, and it is most important that they should be present, as matters affecting the welfare of the entire drive for the remaining three days will be discussed. It is also desired to gain complete firsthand information from scores of solicitors relating to the problems they have been meeting in their work.

Sixty prominent business men of Portland, organized into a new flying squadron, will take the field this morning with the names of 400 persons in the city, from whom it is estimated that a minimum of \$300,000 will be obtained for the community chest.

This new corps was organized at a meeting of the community chest council yesterday, when it was decided that additional strength must be added to the chest campaign in order to insure the lifting of the flag of victory Saturday night.

Optimism supplanted the gloom which spread over the entire organization on Tuesday, when reports from all organizations working to raise money to support Portland's worthy charitable institutions showed increased support and larger subscriptions.

Success Is Predicted.

"Portland will not fail," was the sentiment expressed at the meeting of the chest council, composed of 75 financiers and business men of Portland, held in the assembly room of the Portland hotel. The group decided that the chest of dollars was passed out at the meeting and were taken by these community leaders, who announced their intention of extracting the allotted amounts from the listed prospective donors.

Revised figures tabulated at 6 P. M. last night showed a total of \$246,531 in the community chest from all sources. Many of the collections from industrial concerns have not yet been reported and were not included in this report.

The revised figures last night were as follows:

Division No. 1	\$ 68,712
Division No. 2	50,012
Flying squadron	121,750
Industrial	5,057
Headquarters	787
Total	\$246,531

Among the large subscriptions received yesterday were the following: First National bank and officers, \$10,000; The Oregonian Publishing company, \$5000; Southern Lumber Co., \$2500; Allen & Lewis, \$2000; L. Allen Lewis, \$500.

House Canvas to Start.

Another feature of the campaign today will be the launching of the house-to-house canvas by 10,000 workers, members of the Portland Service League, H. W. Kent, who leads the service league, reported last night that supplies had been sent out and that the members of the league were ready to move in and solicit every house in the city.

The workers in this movement have been organized into units, with one unit for each precinct in the city. In this way the entire house population of the city can be covered in a comparatively short space of time.

The organization will work quickly in an effort to have the field covered before the end of the week and place their reports of total subscriptions in headquarters.

Organization Declared Good.

"We are well organized," said Mr. Kent last night. "Our organization, established on a military basis, extends throughout the city. There are a few places where our organization is not perfected, but we are concentrating on them in an effort to get the work under way. We hope to have everything in working order by noon tomorrow."
