

WAVE TO END COAL STRIKE

Refusal to Keep Pump Men at Work Delays Action.

RIOTERS FIGHT POLICE

Workers Break Through Officers' Cordon in Fishlake, Scotland, Several Injured.

LONDON, April 6.—(By the Associated Press.)—A day of great excitement which appeared to be leading to amicable negotiations on the west coast of Scotland, ended with a violent riot in Glasgow, Scotland, when a group of 200 men broke through a cordon of police and set fire to a building. The rioters fought with the police and several were injured. The fire was quickly extinguished. The rioters are demanding the removal of the strike pump men from the coal mines. The government has refused to agree to this demand, and the strike is continuing.

mountain of porphyry at Bingham and quoted figures to show the amazing extent of the company's operations. During 13 years of development, he said, Utah Copper had paid \$100,000,000 in dividends and has 300,000,000 tons of ore as yet undeveloped.

The speaker believed it entirely probable that a similar ore body would be developed in the Snake River canyon. He told in some detail of two properties in the promise of great future. Besides he told of hematite iron ore bodies and other potential wealth in this great canyon.

MINING CLASSES DISMISSED

Opportunity Given Students to Attend Convention in Portland.
OREGON AGRICULTURAL COLLEGE, Corvallis, April 6.—(Special.)—All students in the school of mines will have the opportunity to attend the annual convention of the National Association of Mining Engineers in Portland the remainder of the week. All classes have been discontinued until next Monday for the miners.

MURDER MYSTERY SOLVED

(Continued from First Page.)
of an after-theater engagement with "the woman in black" or "the lady in gray."

Sill breathing, though a large caliber bullet pierced through his brain, Elwell was discovered at 8:30 in the morning of June 11 dead in his pajamas and slumped down in the reception room on the first floor of his three-story house in West 70th street. He died several hours later.

The rioters broke through a cordon of police and set fire to a building. The rioters are demanding the removal of the strike pump men from the coal mines. The government has refused to agree to this demand, and the strike is continuing.

HUGHES INSISTS ON RIGHTS TO OIL

Voice in Peace Settlements Demanded in Notes.

YAP MANDATE IS SPURNED

Powers of League of Nations to Bind America Are Denied and Share in Island Called For.

(Continued from First Page.)
tional on an agreement being reached as to the terms of the mandates and further upon their acceptance by each of the principal allied and associated powers.

Declaring that the United States "has never vested either the supreme council or the league of nations with authority to bind the United States or to act in its behalf," the secretary says, "this government must insist that it has not lost its right or interest as it existed prior to any action of the supreme council or the league of nations and cannot recognize allocation of the island or the validity of the mandate to Japan."

The text of the note to Great Britain, similar to that to France and Italy, follows:
With respect to the mandate to Japan, purporting to have been confirmed and defined in its terms by the supreme council of the league of nations, of the German possessions in the Pacific ocean, lying north of the equator, this government deems it appropriate to state the fundamental basis of its representations and the principles which, in its view, are of a permanent and unalterable character.

This government, as has been stated in previous communications, has no desire to secure any special privilege accorded other powers, including, of course, Japan, and relying upon the principle of equal rights of government of Japan and of the governments of the other allied and associated powers, it has confidence that a disposition of the island, in the light of the interests of all may be properly considered.

CHARLES IS BACK IN SWITZERLAND AGAIN

Demonstrations Mark Crossing of Hungarian Frontier.

EX-EMPEROR IS TIRED

Crowds Smash Doors and Windows in Attempt to Reach Fallen Monarch.

LONDON, April 6.—(By the Associated Press.)—Ex-Emperor Charles arrived at Lucerne about 11 o'clock tonight, according to a Zurich dispatch to the Exchange Telegraph. He was accompanied by the former Empress Zita, who met him at Buchs. Charles appeared exhausted.

(By the Associated Press.)—Ex-Emperor Charles of Austria-Hungary is back in Switzerland, after his unsuccessful attempt to reach himself upon the Hungarian frontier. He crossed the Austrian-Swiss frontier on his return journey from Hungary at 5 o'clock this afternoon.

At this juncture the engineer started the train and it backed out of the station, running a mile into the country where it again proceeded.

southern states, said that conditions for the lumber mills looked much brighter and that the recent reduction in freight rates also would be a big help to the Pacific coast lumbermen. The work of constructing and equipping the Brownlee Lumber company's big new mill in north Medford is progressing nicely and will be finished this summer. Two more carloads of machinery arrived this week and several carloads have been put in place.

PASTOR ASSAILS DRY LAW
Legion Men Told Prohibition Cause of Crime Wave.
SALE LAKE CITY, Utah, April 6.—With the declaration that the recent Utah legislature, which passed the anti-cigarette law, was a "damn fool legislature," and advising the American Legion as a body to keep out of politics, the Rev. Dr. Elmer J. Goshen, Congregational minister, addressed a local post of the legion last night.

RELIABLE DOESN'T strengthen your confidence in your fellow men to know that a square deal policy has held R-B Cigars down to the price quality that first made them popular? Still the same good cigar, always in prime, fragrant condition no matter where you buy it—and 8 cents for the Londres size.
