Drive to Come to End Officially Next Saturday.

MOPPING-UP IS STARTED

House-to-house Campaign to Be Speeded to Bring Campaign to an End Successfully.

With the addition of \$16,156 to the community chest yesterday the fund reached \$545,125. Efforts of every worker will be directed toward speeding the total toward the goal of \$1,000,000 in the remaining five days of the drive, which will officially end next Saturday.

The house-to-house "mopping-up" process under the Portland Service League took active shape yesterday and more workers have promised to take the field in this department today and hasten the work until the end of the week. No report has been made on the results obtained by the service league's workers, although some precincts in the different sectors have subscribed several hundred dollars, according to unofficial reports, while many districts have not been reached as yet.

Final decision to close the campaign this week was announced at the noon luncheon yesterday by Mayor Baker, who stated that every effort would be made to provide the funds to permit Portland's welfare organizations to keep up their full share of work during the next five days, but that the drive will not be longer prolonged.

### CO-COMMUNITY CHEST

MRS. CHARLES T. DONWORTH is visiting her parents, Judge and Mrs. Charles H. Carey. Another attractive visitor from Seattle is Mrs. James Hight, a friend of Mrs. Donworth, who also is a guest at the Carey residence. The young matrons are being extensively entertained and are sharing in many of the social gaieties that are planned for Miss Jean Mackenzie and the other brides-elect. Mrs. Donworth will be remembered by Evelyn Carey, one of the most popular of Portland's society girls. Since her marriage she has made her home in Seattle but frequently visits here.

Miss Lillian Packard, for many years a member of the faculty of LaSall seminary of Auburndale, Mass., will be in Portland tomorrow and Thursday and will be entertained by many former students of the seminary. On Wednesday a luncheon will be given at Waverly Country club for Miss Packard. Any former LaSall students who have not been notified will be welcome to attend and may make reservations by telephoning Mrs. Guy Rogers, East 7233, or Mrs. J. P. Ewing, Main 2364.

OREGON CITY, April 11.—(Special.)—The regular afternoon card party of the Rose City Park Community club will be held Wednesday, April 13, at the clubhouses, Bridge street, beginning at 2:15. All members and their friends are invited.

The engagement of Miss Lura Tamesie and Robert Stout is one of the interesting announcements of the season. The bride-elect is the daughter of Dr. and Mrs. J. Phillips Tamesie of 11 Floral avenue. She is a lovely and popular girl, a graduate of Standard university and a member of Chi Omega society. Mr. Stout is a member of an old and prominent family of Denver and Cincinnati. In both of these cities he has many friends and relatives who are influential. Mr. Stout is a mining engineer. His most recent work has been with the Fallsdale Interstate park in Nevada. He is a graduate of Columbia university and of the Denver school of mines. The marriage date has not been set, but it will be some time in the summer or early autumn. Several social affairs have been planned for the bride-elect. The engagement was announced informally by Dr. and Mrs. Tamesie.

The Pearso council of the American Association for the Recognition of the Irish Republic will give a dance Thursday evening in their hall at 129 Fourth street.

Mrs. Albert L. Krause and her little son John will leave Friday for Seattle.

Mrs. Katherine H. Baker of Dayton, O., spent a few days in the city as the guest of Mr. and Mrs. Harve W. Hicks. Mrs. Baker was en route to the east after a visit of several months in Los Angeles, and she plans to return soon to the Pacific coast and make her home in southern California, where she has purchased a home.

Mrs. William O'Donnell of 108 North Nineteenth street will be hostess next Thursday for the St. Ann's society. The members will meet at 2 o'clock.

An event of last Saturday night was a dinner dance given by Psi Omega fraternity of the North Pacific college in the Multnomah hotel. The guest list represented several out-of-town members and friends.

Thursday evening Utopia Rebekah lodge No. 63 will initiate a large class of candidates to the mysteries of the Rebekah degree, by the degree staff under direction of Mrs. Jennie Kistler, captain. There will be a business meeting and election of delegates to the Rebekah assembly to be held in Albany on May 17. Visiting Rebekahs are welcome.

According to the inspector, in when 90 per cent of the white blossoms have fallen. The second application should be made when the fruit is about the size of a walnut, and the third about August 15. This does not apply to the care of commercial orchards where it is necessary to keep the fruit covered at all times with arsenate of lead in order to prevent infection by the codling moth. The instructions apply principally to home orchards and do not justify the expense of spraying more often.

The spray should be a mixture of two pounds of arsenate of lead powder or three pounds of paste to 50 gallons of water. Caution should be given in applying too much spray, the best results being obtained by frequent spraying with a light mist of spray.

NEW MEXICO BACKS FAIR

Oregon Plan to Create Friendliness Between Nations Commended.

Hearty indorsement of the Oregon 1925 exposition was made by the legislature of New Mexico, according to a copy of a resolution received yesterday by Julius L. Meier, president of the exposition. The resolution was sent by Merritt C. Mechem, governor of New Mexico. An engrossed copy was directed to be sent to Governor Olcott.

The value of the exposition in overcoming the spirit of enmity between nations is praised. The resolution states, in part:

Whereas, the city of Portland, Oregon, has been selected for the largest exposition to be held in that city in the year 1925, with the avowed purpose of endeavoring to effect removal of the ties of friendship which existed prior to the world war, by bringing together the representatives of the various countries engaged; now, therefore, be it

enacted, that the legislature of the state of New Mexico heartily commends the movement as inaugurated by the city of Portland, and urges the participation of the people of New Mexico in behalf of this project.

Land Suit Is Settled.

PROSSER, Wash., April 11.—(Special.)—Attorneys representing both sides of the litigation between Elbert Bush and George R. Varney, C. H. Pearl and H. W. Pisk, Prosser bankers, in which Bush sought to recover \$19,000 which he had paid to the bankers for land which they did not deliver at the time agreed upon, because of adverse claims of ownership and possession by A. J. Richards, have announced that the controversy has been amicably adjusted and that the case will be dismissed. Judge John Truax has been notified that the suit will not be called on to try the case next Wednesday, which was the day set for hearing.

TIMELY BEAUTY HINTS

Society women wash their own hair, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made crotch mixture. You can use this at a cost of about 2 cents a shampoo by getting some crotch from your drugist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you.—Adv.

INGROWN TOE NAIL

How to Toughen Skin so Nail Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and softens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless antiseptic manufactured by chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

A Farmer Cured of Rheumatism.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rader, Farmington, N. C. "A few days later he walked into the store as straight as a string and handed me a dollar saying, give me another bottle of Chamberlain's Liniment; I want it in the house all the time for it cured me."—Adv.
