Hughes of Australia Says United States Has Right to Bar Any Ownership of Lands.

NEW YORK, April 11.—The speech made last Wednesday in the Australian parliament by Premier Hughes, in which he advocated renewal of the Argio-Japanese treaty in a form agreeable to the United States, was ade public today by the Australian

Warning of naval rivalry on the Pacific, the premier appealed for "an alliance—an understanding between the two great branches of the English-speaking peoples," and declared that renewal of the Anglo-Japanese treaty, modified if need be, should be sought at the British imperial conerence of dominion premiers in London next June.

I see it, it is an alliance—an undermanding between the two great branches of the English-speaking beoples. Our safety lies in a renewal the Anglo-Japanese treaty, yet that treaty is anathema to Americans. Treaty Renewal Is Wanted.

These are the main grounds of the differences of opinion between the United States and Japan.

It is the bounden duty of Australia to use every means at her disposal to effect such a modus vivendl as will secure a renewal of the Anglo-Japanese treaty in a form agreeable to the United States. Whether she is a party to it or not is not so material so long as she accepts it and does not regard the renewal of it as being a hostile act by Britain directed against herself. "The most powerful agency for the world's peace today is the British empire. The hope of the future peace seems to lie in some understanding—call it what you will—between America, England and France. The league of nations is an unwieldy, clumsy contrivance. In covering his subject of "Ore-gon's Playgrounds," Judge Kanzier paid tribute to the efficient work of the forest service in connection with the development of the state's nat-ural pleasure resorts.

He expressed enthusiasm over the proposed highway which is planned to traverse the backbone of the Cascade range south from Mount Hood to Crater lake. Although the propo-sition still is in an embryonic stage. according to Judge Kanzler, the road, if completed, would be one of the wonders of the world.
