

# 000 NAMED ON TERMINAL PLAN

## City Council Expects Report on Project Wednesday

### QUICK DECISION NEEDED

Wish to Get Scheme on Ballot for June Election Declared to Make Haste Necessary.

Plans for the development of a new freight terminal in Portland, as submitted to the city council by the railroads operating into Portland, as well as the plans prepared by city engineer Laurgaard, were yesterday referred to a special committee for study.

The committee, which Mayor Baker selected with the consent of the council, was composed of the presidents' council of civic clubs, J. H. Lothrop, representing Portland shippers; City Attorney Grant, Graham Glase, chairman of the waterfront committee, and representatives of the port and dock commissions.

### Report Expected Wednesday

It was expected that this committee would organize immediately, make a study of the terminal situation and report its findings and suggestions to the city council Wednesday afternoon. Fear that the recommendation of City Engineer Laurgaard for overhead crossings and the like will interfere with the terminal development plan was expressed at the hearing yesterday by Arthur C. Spencer, attorney representing the railroads.

"The officials of the terminal company are disappointed as to the magnitude of Mr. Laurgaard's plan, and what is expected by the city from the carriers," said Mr. Spencer. "We have been operating for years on 'paper streets' and all that was involved, as we understood it, was 'paper streets' filled up by the filling made by the terminal company."

### Front Street Not Factor

"The future development of the city as to viaducts and the widening of front street should not be a factor in these negotiations for if it were, it would seem to me that we will be confronted with an impasse."

Mayor Baker announced that if the terminal plan was to be submitted to the voters at the special state election in June, haste would be required in evolving a plan satisfactory to all elements. He urged various representatives gathered at the meeting to be free to express their opinions on the subject.

J. H. Lothrop, speaking for the shippers, said that a complete unification of terminal in Portland's switching district is essential. He held that time would be required to study the proposed plans before he could pass upon them from the shippers' viewpoint.

### Mr. Van Duser Non-committal

Lack of time to study the proposed terminal plans made it impossible for President Van Duser of the Portland Chamber of Commerce to express any opinion. He urged the council, however, to do all possible to aid in the expansion of Portland freight terminals.

A common terminal which may be used by all railroad lines was urged by J. B. Ziegler, who made a short talk on the plans. He also urged that front street be widened and the issue with statements made by Attorney Spencer governing paper streets, holding that the streets were for public use and not for the private use of abutting property.

### Depots Declared Need

Adequate depots and freight facilities on the east side were urged by D. A. Maxson, president of the East Side Business Men's club. Mr. Maxson explained that a complete report and recommendations covering the terminal situation would be filed by the East Side Business Men's club next week.

A more definite answer from the railroad representatives as to the feasibility and practicability of the Laurgaard proposals was urged by Marshall N. Dana, representing the president's council. He raised the point as to whether the railroads could not make the terminal development without street widening, simply relying upon permits to use right-of-way. These points will be discussed by the railroad men at future conferences, it was decided.

## LINNTON LINE APPROVED

### CITY COUNCIL WILL GRANT RAILWAY FRANCHISE.

Backing to Insure Success of Plan for Road to Linton Only Condition Imposed.

Residents of Linton were assured by the city council yesterday that a franchise would be granted for a railroad if the promoters of the proposed line give the city assurance that they will carry the project to completion.

An application for a franchise to operate a railroad line from Linton to Portland was considered by J. B. Shafer and others was referred to City Attorney Grant with instructions that a franchise with clauses safeguarding the public be prepared and brought before the city council.

Before the council can grant a franchise it is necessary to advertise the proposed franchise for a period of 60 days.

The promoters of the proposed Linton and Burns side branch franchise from the county board of commissioners for the construction of a track from Linton to Ollion a distance of three miles. It is proposed to operate over the lines of the United Railway from Ollion to Twelfth and Burnside streets.

### Portlander Aids Campus Day

UNIVERSITY OF WASHINGTON, Seattle, April 20. — (Special.) — Jack Bates, acting president of the student body at the University of Washington and Eugene McClung, formerly of Portland high schools, have been appointed among the leaders of campus day activities for Friday. Bates is to serve as one of the personal assistants to Dean Milnor Roberts, in charge of work. McClung will serve as lieutenant in the senior class. Campus day activities will include the usual campus work in the morning, exercises and pledging to Oval, Quad and Tolo clubs, upper-class honor societies, yardly baseball with Oregon and a dance in the evening.

# 2 OUTLAWS, 17, TELL OF WILD ESCAPE

## Officer's Snore Signal for Escape From Train.

### TROUSERS ARE STOLEN

Auto Theft, Jailbreak, Burglary and Leap From Car on Siskiyou's Thrilling Experiences.

Safely ensconced behind large steel bars in the county jail, James Milnor and Harry Hoffee, youthful disciples of Houdini, yesterday related their varying adventures since they first ran a-foul the law and Deputy Sheriff Burt in Portland several weeks ago.

The two young automobile thieves are held in solitary confinement to prevent them from engaging in their favorite pastime of breaking jail. Despite the daring nature of their enterprises, the youngsters, each 17 years of age, are considered desperadoes by the officers. During the past few weeks the youths have escaped from a Multnomah county county sheriff's room, out of the county jail, beat their way to San Francisco and Los Angeles, where they engaged in the lucrative business of burglary and leaped from a moving train, stark naked, in an attempt to escape from a United States marshal.

### Boys Tell Story

Their last and latest escapade is the one which brought their most renown. In their own words, they told the story yesterday after reaching Portland.

"We had decided while we were being brought back to Portland that we try to escape from the marshal's office," said Harry. "Thursday night we lay awake for hours until we heard the officer snoring, and then we decided that our chance had come. The deputy marshal was D. S. Bassett. The two boys, handcuffed together and bound to each other with leg manacles, jumped, but landed in a room in the station, and in an upper berth were two more prisoners. The marshal occupied the couch in the station, and in section 1 adjoining the room was the marshal's guard."

### Marshal's Trousers Taken

It was about 2 o'clock in the morning when the two young men decided to make the break for freedom. They slipped from the berth, appropriated the marshal's trousers, the guard's trousers and the shoes of a handy passenger.

"We made our way to the vestibule with the clothes tucked in our arms," Harry said. "The log in the doorway where Hoffee left off. Milnor is the son of a sea captain and acknowledged to be the leader of the boys. "We tried to lift the trapdoor, but couldn't make it. Then we opened the door and decided to jump. We were to leap when I counted three. I did the counting and jumped, but Harry was a bit slow and my leap dragged him out. We landed all in a heap. My knee was pretty badly wrenched, and Harry's was worse."

## AERO SQUADRON TO FORM

### GOVERNMENT TO PROVIDE FIELD AT VANCOUVER.

Six Planes Allotted to Reserve Consisting of 34 Officers and 132 Enlisted Men.

A movement was started yesterday, headed by L. B. Hickam, president of the Portland Aero club, for the organization of a reserve aero squadron in Portland, which will be available for duty in case of war.

Mr. Hickam, who holds a second lieutenant's commission in the air service reserve, announced that the interest in the proposed organization is keen among the former flyers and enlisted men and expressed the belief that there would be no difficulty in forming the organization here.

"Assurance has been given that planes will be immediately available for the use of the squadron and that a field with necessary hangars will be prepared by the government at Vancouver," he said. "The proposed squadron will consist of not more than 34 officers and 132 enlisted men and has been allotted six planes."

Mr. Hickam said that as soon as a sufficient number of men were signed up a temporary organization could be formed. He announced that the names of the officers and addresses of former flyers or enlisted men, as well as men without experience who would be interested in the new organization, he announced that those wishing to sign up may get in touch with him at room 848 Pittcock block.

## Pedestrian Record Broken.

YAKIMA, Wash., April 20. — (Special.) — The pedestrian record between Ellensburg and Yakima, it is asserted, was broken Sunday by Rolfe Whitall, who covered the 27 miles in 10 1/2 hours. Whitall held the previous record of 11 hours.

## Boys Break Jail.

They were later recaptured at the East Morrison street station, and

faken to the county jail. They stayed there but a short time, breaking their way through the roof to freedom. John Hoffee and Hudson were soon captured at Woodburn, but the others made their way to San Francisco and Los Angeles. In the latter place they were apprehended as they were engaged in their third burglary.

## SPOKANE PASTOR SPEAKS

### Rev. A. C. Grier Delivers First of Series of Addresses.

Rev. A. C. Grier, pastor of the Church of Truth at Spokane, arrived in Portland yesterday to deliver a series of lectures under the auspices of the Realization league and the Divine Science church in the auditorium of the Divine Science church, East Twenty-fifth and East Clay streets.

The visiting pastor delivered yesterday afternoon and last night two of the series of six addresses.

This afternoon at 3 o'clock he will speak on the subject, "Beholding Our Natural Face in the Glass" and tonight at 8 "Sleeping Sickness." His subjects tomorrow at 3 P. M. and 8 P. M. will be, respectively, "If God So Willeth the Grass of the Field" and "Service to the World."

## CHILDREN TO GET TOKENS

Coins and Certificates to Be Given for Relief Work.

A Chinese coin and an engraved certificate, in Chinese script, indicating that the bearer has saved the life of a Chinese child, will be issued by Moy Back Hin, Portland consul, in conjunction with the China relief committee of the state, to children of Oregon who sell 100 Chinese stamps at 2 cents each.

The certificate reads as follows: "The Chinese relief committee, in appreciation of the efforts of—, in selling life saving stamps and so saving the life of one Chinese child, presents— with this certificate and a Chinese coin in appreciation of this service."

The consignment of 1800 barrels of flour, donated to China's relief by Umatilla county residents, is scheduled to be loaded for ocean shipment here Sunday and will reach the famine district in about one month, when

## TRAIN YOUR HAIR AS AN ACTRESS DOES

No class of people devotes as much time to beauty as do actresses, and no class must be more careful to retain and develop their charms. Inquiry develops the information that in hair care they find it dangerous to shampoo with any makeshift hair cleanser. The majority say that to have the best hair wash and scalp stimulator at a cost of about three cents, one need only get a package of canthox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are quickly dissolved and entirely disappear when you rinse the hair. After this your hair will be so fluffy it will look much heavier than it is. Its luster and softness will delight you, while the stimulating scalp gains the health which insures hair growth.—Adv.

## Almost Unbelievable

You can hardly realize the wonderful improvement to your skin and complexion your mirror will reveal to you after using Gouraud's Oriental Cream for the first time. Send 15c for Trial Size. FERD. T. HOPKINS & SON, New York.

## Gouraud's Oriental Cream

Enriches the blood, gives you new strength and energy.

## Are You Pale? Thin? Weak? Enrich Your Blood!

Read this carefully: If your blood were rich and wholesome, you would not be pale; if your blood were rich and nourishing, you would not be thin; if your blood were rich and vigorous, you would not be weak.

Why suffer longer with sallow-ness, thinness or weakness, when thousands have remedied their conditions by taking S.S.S., the famous old blood remedy compounded of fresh herbs just as the Indians make it?

S.S.S., by driving impurities from the blood and helping to put red corpuscles in, lays the foundation for sturdy, vigorous health. If you want this, don't wait longer, but get a bottle of S.S.S. from your druggist right now while you are thinking of it. Begin taking and then write in detail about your condition to Chief Medical Advisor, 887 Swift Laboratory, Atlanta, Georgia. He will give you individual medical advice free.

## Your Feet Want Rest and Comfort

# ALLEN'S FOOT-EASE

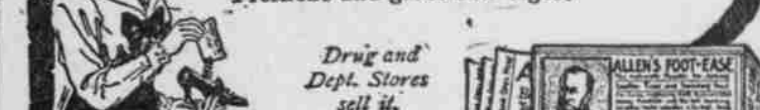

The antiseptic, healing powder to shake into your shoes and sprinkle in the foot-bath

This standard remedy gives quick relief to Aching, Swollen, Perspiring, Smarting or Tender feet, Blisters, Callouses, Corns, Bunions and Sore Spots.

At night, sprinkle one or two Allen's Foot-Ease powders in the foot-bath, and soak and rub the feet. In the morning shake some Allen's Foot-Ease in each shoe and walk all day in restful ease and comfort.

Nothing relieves the pain of tight or new shoes so quickly. Saves the friction upon nervous, painful feet, and shoes and stockings last much longer.

Used by American, British and French troops. Over one million five hundred thousand lbs. of Powder for the Feet, supplied to our troops by the Government. It Freshens and gives new vigor.

Allen's Foot-Ease product packaging.

Drug and Dept. Stores sell it.

## Discovery of Mastodon Unusual.

UNIVERSITY OF OREGON, Eugene, April 20. — (Special.) — Dr. Earl L. Packard, head of the department of geology and authority on Oregon paleontology, commenting on the discovery of the whole skeleton of a mastodon near Arlington, Or., said that it was not unusual to find relics of mammoths and mastodons, but that it was uncommon to find a whole skeleton. Generally only small pieces, fragments of teeth and tusks, are found. These relics of ancient life have been uncovered in nearly every part of the state, according to Dr. Packard.

## S.S.S. FOR THE BLOOD

Standard for over 50 years

## A Brain Can't Work Right on Thin, Watery Blood

It takes iron to make strong, magnetic, forceful men with the power and energy to win.

Many a capable intelligent man falls just short of success—nearly "gets there" but not quite—simply because he lacks sufficient iron in his blood to give him the physical strength and power to furnish the proper FORCE TO HIS BRAIN and the "STAY THERE" STRENGTH TO HIS "WILL."

THERE ARE 300,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD and each one must have iron as iron is absolutely necessary to enable your blood to change food into living cells and tissues and to carry oxygen from your lungs to your brain. Without this your brain cannot do its work right—THINK THE THOUGHTS THAT WIN—any more than a locomotive can pull a big train of cars with a weak, smoldering fire under its boiler.

WHEN YOUR BLOOD IS STARVING FOR IRON, no more iron or stimulants can put you right. You must have iron. To get iron, you must eat the huks of grains and the peels and skins of fruits and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But be sure that the iron you take is organic iron and not metallic or mineral iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron, and is therefore an entirely artificial substance. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples. It may be had from your druggist under the name of Nutritional Iron. Look for the words "Nutritional Iron" on every tablet. Organic iron in such highly condensed form that one dose of it is estimated to be equivalent to eating one-half quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of beef instead of eating pounds of meat.

Over 4,000,000 people annually are using Nutritional Iron. It will not injure the stomach. A few doses will often give you more energy than you have now and aid in restoring your failing memory. Organic iron is the iron that gives you new strength and energy and help revitalizes your worn-out, exhausted nerves, and thereby greatly strengthens your will power and aid in restoring your failing memory. Organic iron is the iron that gives you new strength and energy and help revitalizes your worn-out, exhausted nerves, and thereby greatly strengthens your will power and aid in restoring your failing memory. Organic iron is the iron that gives you new strength and energy and help revitalizes your worn-out, exhausted nerves, and thereby greatly strengthens your will power and aid in restoring your failing memory.

Always insist on having genuine organic iron—Nutritional Iron. Look for the words "Nutritional Iron" on every tablet.
