AMENDMENT TO QUARANTINE NO. 3.

Quarantine No. 3, issued by the President of the Oregon State Board of Horticulture on January 20, 1916, is hereby amended to read as follows:

The fact has been determined by the President of the Oregon State Board of Horticulture that a dangerous insect pest injurious to the common potato which is commonly known as the potato tuber moth (Phithorimea Operculeila, Zeil.), new to and not heretofore prevalent of distributed within and throughout the State of Oregon, exists and is widespread in the State of California, and that, to prevent the introduction and spread of axid pest in the State of Oregon, it is necessary to forbid the importation of potatoes from California except under the conditions hereinafter set forth:

New, therefore, I, Chas, A. Park, Fresident of the Oregon State Board of Horticulture, under the authority conferred by Section 1 of Chaptor 248 of the General Laws of Oregon of 1915, do hereby problibit the importation of any common potato or potatoes from the State of California into the State of Oregon, except under the conditions hereinafter specified, and from and after the publication of this motice in three newspapers published in the State of Oregon, except under the conditions hereinafter specified, and from and after the publication of this notice in three newspapers published in the State of Oregon except under the following conditions:

1. Every shipment of common potatoes from the State of California into the State of Oregon except under the following conditions:

1. Every shipment of common potatoes from the State of California into the State of California or this notice in three newspapers published in the State of Oregon except under the following conditions:

1. Every shipment of common potatoes from the State of Oregon must be accompanied by a State Oreginear Succession and at the initial point of shipment, and found them to be free from tuber moth in any stage of the common carrier at the initial point of shipme

Any shipment of potatoes originating

namers included in the shipment inspected.

2. Any shipment of potatoes originating in California which are brought into Oregon must be brought to such place or places as may be designated by the President of the Oregon State Board of Horticulture and must be held at the wharf, dock, railroad yards, freight depot or Express Company's depot or of Express Company's depot or of the Common carrier bringing such potatoes into the State until said potatoes have been inspected by the State Inspector of the Oregon State Board of Horticulture, or some other duly authorized inspector working under the direction of the said State Board of Horticulture and until permission has been given by the Inspector making such inspection to deliver the potatoes. Any person, firm or corporation who shall bring or cause to be brought into the State of Oregon potatoes which are grown in California shall notify the State Board of Horticulture or the State Inspector of said Board of the arrival of such shipment of potatoes and hold the shipment of potatoes and hold the shipment as hereinbefore provided.

3. If, upon inspection, any of the potatoes in any shipment are found to be infeated with the potato tuber moth in any stage of development, the person, firm or corporation who has brought said shipment of potatoes from California to this State must take said shipment of potatoes back to California within four days from the date of inspection of said potatoes in the State of Oregon, provided that if the infection shall be in such condition that the inspector believes there would be danger of escape of the potato tuber moth from the shipment in course of transit through the required to destroy the shipment in cluding the containers, in such manner as a satisfactory to the inspection officers.
