

FAMINE SUFFERERS
CRY OUT FOR RELIEF

North China and Near East
Situations Appalling.

AMERICAN AID LAST HOPE

Edgar B. Piper Sends Urgent Call
From New York to Oregon to
Succor Dying Millions.

Conditions in the famine districts of north China and in the near east constitute a challenge to America and must be met, are features of a telegram from Edgar B. Piper, editor of The Oregonian, received Saturday by J. J. Handaker, director for Oregon of the campaigns to relieve the distress in those countries.

Mr. Piper is in New York and sent the message home following appeals to the headquarters of the organization that is endeavoring to obtain relief throughout the United States in the interest of the starving peoples.

According to Mr. Piper, cable messages had been received from northern China and from the near east at headquarters of the China famine fund, and the near east relief committee, carrying the latest information regarding the world's most deplorable situations. He said that of late there had been political changes in the near east which made accessible large areas for Constantinople (evidently meaning areas that can be reached from there) and which for a time have been inaccessible.

Relief Ship Will Sail.
Mr. Piper said America had been urged to send supplies immediately and that a ship had been assigned to leave the Pacific coast for the Turkish capital about June 15 with these supplies.

War Still Near East.
According to information in the hands of Mr. Handaker, there have been continual fighting between the Turks and the Greeks and the Armenians and bolsheviks in a considerable portion of the territory which has been cared for by near east workers.

OREGON COLLEGES VIEWED

ROCKEFELLER FOUNDATION
OFFICIAL IS ON TOUR.

All Institutions Receiving Aid or
About to Get Assistance Are
Being Surveyed.

An inspection of Oregon colleges receiving, or in line to receive, assistance from the Rockefeller Foundation is being made by Dr. Wallace Buttwick, chairman of the general education board of the Foundation, assisted by Trevor Arnett, secretary.

Dr. Buttwick will make no definite statement, but night regarding the progress of his survey in the state, but it was learned that the investigation was directly connected with the Rockefeller foundation's plan to increase teachers' salaries in those colleges which could partially assist in this movement.

The work of the Foundation seems to favor denominational or quasi-denominational institutions, as state in its list of beneficiaries. At present, Reed college and Willamette university are receiving yearly allotments from the Foundation sum set aside for increasing teachers' compensation.

Dr. Buttwick is chairman of a committee which is being organized into similar divisions for handling endowments to other branches of education. He will visit Tacoma tomorrow, returning to Newberg and McMinnville on Tuesday, after which they will leave for Denver.

ALLEGED THIEF ARRESTED

Ralph Miller Causes Apprehension
of ex-Bousmate.

Two chums, Paul Venable and Ralph Miller, met last night for the first time in two years, and as a result Venable is in the city jail charged with larceny. Two years ago the two men occupied a room together here, and one day Venable and Miller's purse disappeared simultaneously.

Miller, who is 27 years old and a waiter, was arrested in connection with the theft of the money. He was held in the Mount Scott Park cemetery, where the two-year-old warrant was dug up.

MONTANA PAPER QUILTS

PRINTERS' DEMAND FOR 44-
HOUR WEEK IS BLAMED.

Walla Walla Pressmen Threaten to
Strike Unless Reduction in
Hours is Granted.

MILES CITY, Mont., May 1.—Suspension of the Evening Montanan with the issue of Saturday was announced last night by the independent printing company, which also publishes the Daily Morning Star.

In announcing the suspension, J. F. Scanlan attributed it to demands for increased wages by compositors, culminating in the demand for a 44-hour week. Seven members of the independent company's force will be affected by the suspension.

WALLA WALLA, Wash., May 1.—Walla Walla pressmen Saturday gave proprietors of the two daily papers until midnight last night to sign the new wage scale calling for a 44-hour week at the same scale as the 48-hour week, but later the pressmen abandoned their plans for an immediate strike.

Proprietors of both papers signed a 44-hour week with job printers, effective at midnight.

GRAND FORKS, N. D., May 1.—Thirty-seven pressmen, bookbinders, printers and their assistants are not expected to return to work tomorrow here at Grand Forks, Minn., as a result of their demands for a 44-hour week having been rejected by the employers in a majority of shops.

BETTER, CHEAPER
MILK IS PROMISED

School Children Are to Get
Benefit of Reduction.

MORE MILK BEING USED

Campaign of Directors Results in
Greater Consumption and
Lowering of Price.

Portland school children will receive richer and cheaper milk in unlimited quantities as a result of the stand taken by the school board, led by W. F. Woodward, director, and the co-operation of the milk distributors of the city.

Under the former scale school children were paying from 4 cents upward for milk with not under 3.2 percent butterfat.

As a result of the step taken by the milk concerns the school board is carrying on a campaign to encourage milk drinking among the students in the schools. Some schools have increased their daily milk consumption by almost 100 percent as the result of talks by Mr. Woodward.

The milk at the 3 1/2-cent rate will be supplied by the Oregon Dairymen's Co-operative league, which is working in harmony with the Dairy council, representing the other distributors, in the work in the schools.

The move to encourage the use of milk in the school cafeterias came about when J. E. Dunne and F. W. Anderson, representing the Dairy council, appeared before the school board several weeks ago. The matter was taken under consideration by Frank L. Shull, school board president, and a resolution was drawn up favoring the proposition if the milk should contain not less than 4 per cent butterfat could be guaranteed.

Officers are installed for the Oregon Branch of Law Fraternity, now fully organized. Installation of officers for the recently organized George H. Williams senate of Delta Theta Phi, national honorary law fraternity, was held at the Oregon Yacht club Saturday night.

Officers installed were: Ben J. Pieschman, dean; Frank B. Soreghan, vice-dean; John R. Meigs, master of the rolls; Hubert L. Barzee, clerk of the exchequer; Charles Raymond, master of the ritual; Victor J. Penzinger, tribune, and Onco C. Roehr, belliff.

Other members of the local senate are Catlin E. Fish, Clifford A. Fish, C. Marie Cogswell and H. W. Wietzinger Fletcher.
