

IRISH HOME RULE STARTS THIS WEEK

Partition Act Enforcement Is New Chapter.

PEACE OFFER REPORTED

Lord Mayor of Dublin Declares Walter Forest Said Britain Would Make Concessions.

DUBLIN, May 2.—A new chapter in Irish history will be recorded this week with the inauguration of the new home rule partition act. This will mark the end of the act of the union, under which Ireland has been governed from Westminster for 129 years. The week will also witness the inauguration of Lord Talbot, the new lord lieutenant, who is the first Catholic to hold that office in recent times.

Despite the importance of these departments the Irish people appeared today to wait them with the utmost indifference. Lord Edmund Bernard Talbot, who is now Viscount Fitzalan, was sworn in today as lord lieutenant and governor-general of Ireland. The ceremony, which took place in the Dublin castle, was attended only by high officials.

Lord Talbot Sworn In. Viscount Talbot arrived here today. Two motion picture photographers and the venerable keeper of the newsstand, whose privilege it has been for nearly half a century to welcome visiting royalties and the successive viceroys, were the only civilians permitted on the station platform to witness his arrival. Newspaper men also were excluded from the ceremony in Dublin castle.

Preparations to Be Hastened. Preparations for the approaching elections now will be hastened. The first election posters have been put up, exhorting the electors to vote for republican candidates. Three men posting election notices Saturday night were arrested in Blackrock, a suburb, where crown forces raided a house and seized election literature. Announcement was made today by John J. Farrell, ex-lord mayor of Dublin, that a peace offer to be made to the Irish republic.

Forest Declared Authority. Mr. Farrell said his authority was Walter Forest, member of parliament, who, on the authority of the Irish office, declared that the British government was prepared to accept the home rule in Ireland subject to Great Britain retaining control over the army and navy, the moment Ireland indicates her will to accept. Mr. Farrell added that Mr. Forest did not mention the exclusion of any portion of Ireland from the offer that the government was said to be willing to make and also that he did not refer to financial provisions.

SEVEN KILLED IN CLASHES Toll Taken by Police and Military Forces in Ireland.

CORK, May 2.—Seven persons were killed Sunday by the police and members of the military forces in clashes in counties Cork and Tipperary. In an ambush of crown forces in Kildorrey, County Cork, two Irish republicans were killed and five others captured, two of whom were wounded. A police patrol which was fired on from a house in Tipperary returned the fire, killing two men. One of them, James Maloney, is said to have been the son of J. Maloney, Sinn Fein member of the British house of commons from the south division of Tipperary. Three other fatalities occurred in minor clashes.

TWO PARLIAMENTS CALLS DUE North and South Ireland Sessions Are to Be Separate.

BELFAST, May 2.—It is understood the parliament for North Ireland will be summoned to assemble in Belfast the first week in June, the date to be announced in next Friday's Dublin Gazette. The Ulster nomination date is May 13 and the polling date May 24. There will be a separate summoning of the southern parliament to sit in Dublin in 14 days after the assembling of the northern parliament.

SENATE GETS ADDRESS COPY Borah Presents Communication From "Irish Parliament."

WASHINGTON, D. C., May 2.—Senator Borah, Idaho, presented today in the senate a copy of "an address to the American congress by the parliament of Ireland." Without objection Senator Borah's request that it be referred to the foreign relations committee and printed as a public document was granted. Copies had been sent previously to all newspapers in the United States by agents of the provisional Irish government.

VATICAN ENVOY UNLIKELY President Declares Appointment Is Not Contemplated.

WASHINGTON, D. C., May 2.—Appointment of an American diplomatic representative to the vatican is not under contemplation, said a statement issued today at the White House in

response to repeated inquiries as to the possibility of such an appointment being made. "Many inquiries have come to the president relative to a contemplated nomination of a diplomatic representative to the vatican," said the statement, "and the president has thought it best to answer all of them by the public statement that no consideration has been given to such a step, and there will be no occasion to consider it unless congress by the enactment of law provides for such representation. "The president does not intend that any such proposal has been made to congress."

BEBE DANIELS AGAIN FREE

Motion Picture Actress Says She Is Cured of Speeding.

Bebe Daniels, the popular screen star, is now out of jail, her sentence of ten days having been served, according to the mandate of the justice of the peace at Santa Anna, Cal. Miss Daniels is the owner of a high-powered car and her sojourn in the county jail came from being so indiscreet as to be caught traveling at better than 52 miles an hour by the speed cop. Miss Daniels spent her "ten days" in a cell, the same as any other prisoner, but with the company of her mother, who insisted on keeping her company. Bebe does not seem the least bit worried, according to those who have seen her in her latest picture at the Rivoli, "Ducks and Drakes," which is now playing.

FRUIT MEN GATHER DATA FOR HEARING

Conference Held With Oregon Commission.

LOWER RATES WANTED

Produce Growers and Shippers Join in Efforts to Get Better Tariff to Eastern Markets.

Fruit and produce growers and shippers held a conference with the Oregon public service commission yesterday to collect and arrange data for presentation to Henry J. Ford, special assistant to the interstate commerce commission, who will hold a hearing at Yakima May 10 on transcontinental rates on fruits and vegetables. The hearing will be one of a series on the same subject, whereby western shippers hope to obtain favorable tariffs to the eastern market that will admit of marketing that portion of last year's crop still held in the west, as well as this year's crop. Emergency rates were first asked that would aid in marketing fruit crops still unsold. Railroad representatives met in New York April 14 and 15 to consider this request but it was thought inadvisable to put in emergency tariffs.

LABOR MAKES NEW MOVE

British Strikers Propose to Keep Out Continental Coal.

LONDON, May 2.—With the miners' strike now in its second month, a movement was made today of a move by the labor interests to keep coal mined on the continent out of Great Britain. A statement issued by Robert Williams, general secretary of the transport workers, said: "The movement to prevent the British government utilizing foreign coal for bunkering purposes is being strengthened by the co-operation of the men employed at ports where the workers are affiliated with the transport workers' federation. An attempt to introduce foreign coal will lead to the stoppage of work in those ports and the national union of railway men will refuse to handle any coal brought from overseas."

BANK IN BOISE CLOSES

Overland National Said to Be Unable to Liquidate Loans.

BOISE, Idaho, May 2.—(Special)—The Overland National bank of Boise closed today and M. C. Wilson, national bank examiner, has taken charge of its affairs. Patrons of the bank were notified that it would not open pending the examination in process. Shrinkage of deposits and inability to liquidate loans was given as the cause for the present condition of the bank. Confidence was expressed that the assets of the institution when liquidated would pay the depositors in full. The capital stock of the bank is \$100,000 and the deposits announced in the last statement amounted to \$308,264.53.

DUTCH KEEP NOTE SECRET

Government Not Intending to Bar American Capital, It Is Said.

THE HAGUE, May 2.—The American government's recent oil note to the Dutch government has not been made public here. The fact that such a note was sent became known only through the receipt of a dispatch from New York by the Amsterdam Telegraph. The viewpoint of the Dutch government is believed to be in favor of "open-door" policies; that it does not desire to bar American capital from the East Indies, but contends that the United States only showed interest in the participation of Americans in the Djambi oil fields when negotiations between the Dutch government and the Batavia company had reached a stage where to break them off would have been unfair.

BREAD PRICES ARE CUT

Hood River Baker Reduces Under Portland Market.

HOOD RIVER, Or., May 2.—(Special)—While Portland bakery concerns, supplying the local market by motor trucks over the Columbia river highway, continue to retail their product here at 19 cents for small loaves and 15 cents for the large loaves, George Ertle, manager of a local bakery, has cut his price to a point that enables grocers to retail his product at 9 and 13 cents. Local milk dealers recently cut their price from 15 to 12 1/2 cents a quart.
