

HOUSE SOON TO ACT ON KNOX RESOLUTION

Senate This Week to Pass on Tariff and Aliens.

ARMY BILL MAY PASS

Lower Branch of Congress is Expected to Dispose of Appropriation Tomorrow.

WASHINGTON, D. C., May 2.—The Knox peace resolution will be considered by the house and the emergency tariff bill and immigration restriction by the senate this week.

Adoption by the house of the peace measure is not expected before next week. The Knox resolution, adopted yesterday by the senate by a vote of 49 to 23, will be transmitted to the house tomorrow for reference to the foreign affairs committee.

Right of way in the senate this week will be given the emergency tariff and immigration restriction bills.

Penrose Gives Notice.

Chairman Penrose of the finance committee has given notice that he will call up the tariff bill Tuesday.

The army appropriation bill probably will be passed by the house Tuesday.

Following the army bill the house has a special rule pending for passage of the budget system bill.

Restoration to American shipping of the free-tolls privilege through the Panama canal is taken up this week by the senate interoceanic canal committee.

Tariff Bill Rates Prepared.

House ways and means sub-committee are completing their work on rates for the permanent tariff bill.

The work on the \$395,000,000 naval appropriation bill, passed by the house, is to be started this week by the senate naval committee.

Agricultural relief measures are being prepared by both senate and house agricultural committees.

Control bill the first in prospect for report.

The senate early this week is expected to adopt the resolution calling for a special committee to inquire into hospital and other conditions affecting former service men.

PARIS PAPER IS PESSIMISTIC

Little Cheer Found in Adoption of Knox Peace Resolution.

PARIS, May 2.—(By the Associated Press.)—News that the United States senate had adopted the Knox peace resolution was received here too late for extended comment.

The Journal des Debats alone commented on the resolution, finding small comfort in it.

"We hesitate to substitute pessimism, which nothing yet seems to justify," it said, "for the optimism which has been displayed here after Mr. Harding's inaugural address."

"We know as yet only the opinion of the majority of the American people, which undeniably is favorable to us. Two other essential factors—public opinion and the senate's attitude—remain almost unknown."

FRANK C. HAK PROMOTED

BANK AUDITOR GETS POSITION AS ASSISTANT CASHIER.

United States National Advances C. H. Lewis and John Boentje to Better Jobs.

Frank C. Hak, for the past two years auditor of the United States National bank, was promoted to the position of assistant cashier by the directors of that institution at their meeting Saturday afternoon.

Announcement was made by them that the honor was strictly one of merit, and followed the policy of the bank in recognizing its own faithful employees whenever there is a place to fill. All of the bank's officers have been chosen thus.

Mr. Hak has lived in Portland since 1910, coming here from the Yukon, Wis., where he was employed by the Marine National bank. He was for a time secretary of the Security Savings & Trust company, and later was identified with the old Lumbermen's National bank. Upon its consolidation with the United States national, he was employed as clerk, and from that position worked his way up the ladder to teller. Two years ago he was named auditor.

C. H. Lewis, formerly chief clerk, was promoted to auditor, and John D. Boentje to be chief clerk.

Baker.

BY LEONE CASS BAER. A MYSTERY play so told that it is unfolded and cleared up is occupying the attention of the Baker players this week. The piece is called "The Penalty of Sin," and besides tackling a bit of wisdom in its ending that the "wages of sin is death," the story itself is sufficiently mysterious to hold interest through four acts.

Walter B. Gilbert has seen to it that all the lights and colors and opportunities be betwixt a rone and man about town. A Japanese butler is peering through the keyhole and we hear a shot fired from the other side of the door. Darkness and a shift of locality takes us to the interior of Stanwix's rooms where he lies dead. From now on detectives and audience and players bend every energy toward locating the guilty man or woman. By turns every person who knew the dead philanthropist is accused and the crime fixed upon them. A process of elimination dwindles the suspects and just when it is looking mighty bad for the hero and the heroine and the heroine's mother and a few others, a new angle develops and totally new premises are presented. This adds further to the interest and saves the day for the suspects.

A mystery and its solving appeal always to the imaginations of an

DE LUXE TOUR OUTLINED

EASTERNERS COMING WEST FOR CONVENTION HERE.

Building Owners and Managers to Open Meet June 21; Side Excursions Planned.

That Portland will be the objective in June of one of the finest and most comprehensive scenic tours ever planned for eastern visitors to the west, is the news received in a letter from Dean Vincent, who is now in the east conferring with officials of the National Association of Building Owners and Managers, which will hold its national convention in Portland in June.

"One hundred and fifty or more of our convention visitors will come on the de luxe special train, which will leave Cleveland on June 9," said Mr. Vincent in his letter. "This special will go via the Grand Canyon of the Colorado and California points, with side excursions to points of interest, including Catalina island and the Santa Cruz big trees, arriving at Portland on the morning of June 21, the day the convention opens."

For their four-day stay at Portland an elaborate entertainment program is being arranged, including a cruise on the Willamette and Columbia rivers and a trip over the Columbia river highway, with a fishing and wild game dinner at Eagle Creek.

The special train will leave Portland on June 25, returning by way of Seattle, with side trips to Rainier national park and Glacier park points, and several days will be used in the Yellowstone national park, the trip to be completed at Cleveland on July 8. The special will carry three dining cars, a club car and a baggage car, with five drawing-room cars and three compartment cars.

In addition to this de luxe special, Mr. Vincent wrote that there will be another special train on June 18, bringing delegates direct to the convention. There will also be a California special and one from Seattle, bringing delegates from all points north. More than 170 reservations have already been made at local hotels, and it is estimated there will be between 500 and 600 delegates from all parts of the country, among them many capitalists from large eastern cities.

Mr. Vincent will not return to Portland before May 20, and is at present in Chicago.

GRANGE WANTS RECALL

LINN COUNTY COURT TARGET OF FARM ORGANIZATION.

Condition of Finances and Way in Which Roads Were Torn Up Causes of Action.

ALBANY, Or., May 2.—(Special.)—A resolution favoring the recall of the members of the Linn county court was adopted by the Linn county Pomona grange at its session Saturday at the Fairmount grange hall in North Albany. The master came before the Pomona grange, which is composed of members of the various granges of the county, upon a resolution adopted a few days ago by the Grand Prairie grange, which is composed of farmers residing east of this city.

Reports of the discussion of the resolution at Saturday's meeting indicated that the members of the court favored the recall of the members of the court because of the present condition of Linn county finances. It was discovered recently that the court in its expenditures had exceeded the amount limited by law, and that because the court had issued warrants in excess of its resources and the limited 6 per cent increase, and had thus incurred more indebtedness than the law permits, that several thousand dollars worth of warrants now outstanding are void.

Complaint was made against some members of the court because they had adopted a policy of road tearing, resulting in tearing up a great many roads preparatory to permanent improvement, and leaving them in that condition. In other words, that the court undertook far more road work than it could finish and hence that many roads have been left in a torn-up condition or else graded and graveled which makes them impassable in winter.

There have been rumors of recall for the past two or three weeks here, but this is the first time it has reached any concrete form.

Whitney Chorus Sings Three Hundred Boys Give Concert at Centenary Church.

A concert was given by the Whitney Boys chorus at the Centenary W. M. B. Church at 7:03 o'clock Sunday night. The church gallery was well crowded as well as the entire lower floor, while a few hundred were turned away.

Three hundred boys sang under the direction of Professor H. E. Whitney, their director. This chorus was built up within four months from three boys to 400. Boys came from states as Wichita and Vancouver, Wash., as well as about 15 units locally.

Several members of the Rotary club acted as sponsors of the chorus. Master Harold Benson acted as chairman. Next Sunday night the same group of boys will give a concert at the Methodist Episcopal church, south Union avenue and Multnomah street, with Kenneth Ruddy as chairman.

49 SAVED FROM WRECK French Steamer Tsintien Is Lost on Rocks in China Seas.

VANCOUVER, B. C., May 2.—The rescue of 49 persons constituting the crew of the French steamer Tsintien, wrecked on the rocks of Lummock island in the China seas, was reported by the steamer Monteville, arriving here Sunday from Shanghai.

The Tsintien sank 40 minutes after the last boat load of her crew had been taken off by the Monteville's crew working in a severe storm.

MILITARY GLORY ON WANE

Workers Oppose Naming Ships Ludendorff and Hindenburg.

BERLIN.—Workmen engaged in construction of ships in several German seaports have petitioned the German government to abandon the policy of naming new ships after famous generals in the war or men who won renown for military service before the war.

The petition says the principles of democracy are undermined by such "glorification of military characters" and that such procedure ill-becomes the servants of the new republic. The unions have threatened to quit work unless the practice ceases.

It was this feeling which caused workmen recently to atop the launching of the 1400-ton ship "Gritz," named after the German admiral. Protest also was made against the launching of the "Ludendorff" and the "Hindenburg" although the former Field Marshal von Hindenburg still enjoys some popularity with the union workmen employed in the sea trades.

The dockworkers and shipyard workers unions generally are bitterly anti-militarist and take advantage of every opportunity to demonstrate their allegiance to the principle of democratic government. They have frequently delayed ship building operations or stopped them altogether by strikes involving "political questions."

Former sailors of the German navy and some former officers have been supporting the unions in their anti-militarist position.

College Gift Discussed Rockefeller Foundation Officials at Willamette University.

SALEM, Or., May 2.—(Special.)—Dr. Wallace Buttrick, president of the general education board of the Rockefeller foundation, and Treasurer Arnett, a member of the board, Saturday conferred here with members of the board of trustees and friends of Willamette university.

Satisfaction was expressed by the eastern men at the condition of the institution, although a few suggestions were made as to keeping the books in the business office. Both men are from New York City.

Conditions on which the gift of \$250,000 was offered by the foundation to Willamette for endowment purposes were discussed and President Deffeny announced that the university had already obtained more than \$500,000 of the \$550,000 which the college must raise as a part of the agreement by which it will receive the Rockefeller gift.

SALEM CLASS IS LARGEST 167 to Receive Diplomas at High School Graduation Exercises.

SALEM, Or., May 2.—(Special.)—The Salem high school will graduate the largest class in its history this year, according to an announcement made here by Superintendent Hug. The graduating class for 1921 includes 167, of which 67 finished their work earlier in the year but will receive their diplomas.

Among the students selected to take part in the graduation exercises are Robert Littler, class orator; Lelith Kuhn, high scholarship student; and Ava Miller, elected by the faculty.

TAX COMMISSIONER HOME Frank Lovell Says Price Slump Hit Farmers Hard.

SALEM, Or., May 2.—(Special.)—Frank Lovell, state tax commissioner, returned Sunday from eastern Oregon, where he visited seven counties in connection with his department. Counties visited by Mr. Lovell included Umatilla, Union, Wallowa, Baker, Grant, Harney and Malheur.

Mr. Lovell said many of the livestock men and wheat growers had been hard hit by the recent slump in prices, but that they were not discouraged, and were looking ahead to an improvement in present conditions.

49 SAVED FROM WRECK French Steamer Tsintien Is Lost on Rocks in China Seas.

Teeth You Love to Show

Find out how millions get them

This offer is to women who desire to look their best. To men who find that tobacco stains, etc., make their teeth look dingy. To young folks who know what beauty lies in glistening teeth.

It is to all who have learned that old methods are wrong. And that, despite the tooth brush, teeth discolor and decay.

Teeth are clouded by a dingy film. At first it is viscous—you can feel it. It clings to teeth, gets between the teeth and stays.

Old ways of brushing do not effectively combat it. Much of the film remains. Then night and day it may do ceaseless damage. Most tooth troubles are now traced to film, and those troubles have been constantly increasing.

It is the film-coats that discolor, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal.

Science combats it Dental science, after long research, has found ways to combat film. Able authorities have amply proved them. Now leading dentists, here and abroad, advise their daily use.

These effective methods are embodied in Pepsodent.

Pat. Off. Pepsodent REG. U.S. PAT. OFF.

The New-Day Dentifrice

The scientific film combatant, approved by modern authorities and now advised by leading dentists everywhere. Each use brings five desired effects. All druggists supply the large tubes.

ONLY ONE TUBE TO A FAMILY

FREE to those who care. If you send the coupon we will mail a 10-Day Tube. Watch the effects in your mirror. Feel them 20 times. Then you will realize what this new method means to you and yours. Enjoy these delightful results for ten days, then decide.
