

WESTCOTT KNEW OF ROUSE, SAYS LAWYER

Knowledge of Pot of Gold Story Affirmed.

BERGDOLL CASE IS AIRED

Law Partner of Ansell Corroborates His Testimony Before House Investigators.

WASHINGTON, D. C., May 4.—Edward S. Bailey, law partner of Samuel T. Ansell, corroborated before a house investigating committee today Ansell's testimony that former Judge Westcott of New Jersey knew all about the story of "the pot of gold" before Grover Bergdoll, draft dodger, escaped.

He was questioned because of the emphatic declaration by Judge Westcott yesterday that the first he heard of the buried treasure was after Bergdoll had escaped. Mr. Bailey's testimony corroborated the Ansell testimony, denied by Westcott, that the judge went to the war department to see the secretary in the prisoner's behalf and remained some time without seeing him.

Testimony after Mr. Ansell had been subjected to a preliminary examination by Representative Johnson, democrat, Kentucky, Bailey related the gist of a conversation as to plans by which the lawyers hoped to obtain the release under guard of Bergdoll to recover his hidden fortune and in which the late Dr. Clarence Gibbonsey and Judge Westcott were participants.

Westcott Hit Retriever. "While Gibbonsey was explaining how Bergdoll had come to Washington with Judge Romig, his friend, and had obtained \$100,000 from the treasury department," said Mr. Bailey, "Judge Westcott said little, but certainly the impression made on me was that the judge was knowing something about it prior to our conference."

Responsibility for changing military plans, by which Bergdoll was permitted to stop over in Philadelphia to visit his mother, fell properly upon the shoulders of Mr. Gibbonsey, Mr. Bailey declared. It was from his mother's house that Bergdoll escaped, Mr. Bailey told the committee of a talk he had with Bergdoll at the Governor's Island prison, of the latter's tale of the gold and of the military plans for a speedy trip to find it. Mr. Bailey declared Gibbonsey took a personal interest in the prisoner and promised, in event of his acquittal, to take him to Philadelphia and try to make a man of him.

Dodger Release Attacked. During the long examination of Mr. Ansell, direct attack was made on the lawyer for accepting employment as counsel for an "infamous draft dodger." Mr. Johnson wanted to know if he would have defended Benedict Arnold or Judas Iscariot, and the witness said both were entitled to trial under the laws.

Luther Martin, an eminent lawyer, Mr. Ansell declared, represented Aaron Burr, while some of the greatest lawyers of their time, including former President Garfield, had defended Milligan, in the famous border state insurrection case in civil war days. Mr. Johnson insisted that as he had promised to stand responsible for the safe return of the prisoner, the former judge advocate-general of the army was in duty bound to do so. Mr. Ansell contended, however, that even if there had been an error of judgment the request for the man's release was made in good faith, and that under military regulations the authorities, and not the lawyers, were responsible for his safekeeping.

DISMISSAL IS REVERSED

Teacher Let Out Without Proper Hearing, Court Holds.

ABERDEEN, Wash., May 4.—(Special.)—Judge Sheeks in superior court at Montesano yesterday morning reversed the action of the school board of school district No. 70, at Aberdeen, City, dismissing last January Mrs. Laurena T. Andrus from the teaching staff. Mrs. Andrus was dismissed following charges of incompetence. Judge Sheeks held that she had been discharged with insufficient notice and without a proper hearing. Mrs. Andrus will now sue for four months' salary at \$120 a month.

BERLIN CABINET TO QUIT

Communication Returning the Counter Proposals to Berlin was Seen Today in the Invitation of the Allied Supreme Council to Have American Representatives among Its Members, as well as in the Reparations Commission and Council of Ambassadors.

An official statement of the American position is expected when the invitation is formally received here. In some administration quarters today doubt was expressed that the United States would consent to formal representation on the supreme council, but it was suggested that it was possible that an unofficial observer would be named to sit at the sessions, as the United States is vitally interested in the reparations settlement.

State department officers said today that the only information they had regarding proposals under consideration by the supreme council for a blockade of Germany was that obtained from press dispatches from London. They interpreted these to mean that the allies would undertake to blockade Germany upon the issue of the United States.

Comment on this question also was withheld, but it is understood the United States would look with disfavor on such a procedure if American commerce with Germany was to be interfered with in any way.

TERMS TO BE GIVEN TONIGHT

Final Details of Reparations Demand Are Worked Out.

LONDON, May 4.—(By the Associated Press.)—Setting the final details of the reparations question has been effectively accomplished and the allied ultimatum and the terms of the reparations commission to be handed to Germany will be signed by the supreme council tomorrow.

Premier Lloyd George will hand the ultimatum to Dr. St. Hamer, German ambassador, tomorrow night, while the reparations commission's terms will be mailed to Paris and turned over to the German commission in the French capital Thursday.

INDIAN SCENE LAID TO MRS. STILLMAN

Witness Recounts Meeting of Guide and Banker's Wife.

SECRET HEARING IS HELD

Attorneys for Plaintiff Again Try to Introduce Letters as Evidence in Divorce Case.

NEW YORK, May 4.—Testimony that Mrs. Anne U. Stillman and Fred Beauvais, an Indian guide, were seen together in the former's room at the Stillman summer camp in Grand Anse, Quebec, was given today at a secret hearing in the divorce suit brought by James A. Stillman, New York banker.

The alleged meeting was described by George Adams, 72, who claims to have witnessed through a hole in the window curtain. Mr. Stillman did not attend the hearing, but his wife sat with her attorneys. It was the first appearance in court proceedings of any of the principals.

Letters Marked as Evidence. Mrs. Stillman is charged in the complaint with having intimate relations with Beauvais, who is described as the father of her son, Guy. Her answer denies her husband's charges and accuses him of having had improper relations with a former chorus girl and with being the father of the woman's child.

The husband's lawyers made another effort to introduce evidence letters alleged to have passed between Beauvais and Mrs. Stillman. Some of these were marked for identification today after Bernard Kelly, for three years superintendent of the Stillman country place at Pleasantville, N. Y., had identified the handwriting as that of Beauvais. The question of their admissibility was decided later.

Mrs. Stillman's attorneys are expected to finish their testimony Friday and a date will then be set for hearing the defendant's witnesses.

Other witnesses today included Fred Adams, a carpenter, and the son of George Adams, and Edward Purdy, who is superintendent of the Stillman country home at Pleasantville. His testimony was devoted largely to a description of the buildings and property.

Mrs. Stillman came out of the hearing smiling and willingly posed for photographers.

U. S. TROOPS WITHDRAWN

SOLDIERS WHO MARRIED EUROPEANS ORDERED HOME.

Movement Interpreted by Germans as Prelude to Complete American Withdrawal.

COBLENZ, May 4.—(By the Associated Press.)—All American non-commissioned officers and men up to and including sergeants, who have married Europeans actually in the Rhineland, have been ordered home. The order affects about 500, who will sail with their wives from Antwerp May 12.

This, together with various movements of American troops, coinciding with the Knox resolution, is interpreted by the Germans as a prelude to the withdrawal of the American force. The American authorities state, however, that this is in accordance with instructions from Washington in November, when Secretary Baker was instructed to reduce the effectives. There are actually 14,000 American troops in Europe, including those at Antwerp, Cherbourg, Wabedon and other points. This is above the effectives provided for on May 1, when there were supposed to be only 10,000 American troops left in Europe.

PRESIDENT IN PROCLAMATION EXALTS SOLDIER DEAD.

May 30 Designated as National Holiday to Pay Homage to Defenders of Liberty.

WASHINGTON, D. C., May 4.—The annual Memorial day proclamation, setting aside May 30 as a holiday, was issued by President Harding Tuesday. It follows:

Whereas, this nation has been conceived in prayer and devotion by men and women who were moved under God to found a nation whose principles of right should form the lasting cornerstone; and whereas these principles purchased at the price of great sacrifice have been fostered by a worthy posterity; and whereas the great war has laid its costly demands upon our land; now, therefore, I, Warren G. Harding, president of the United States, do hereby proclaim Monday, the 30th day of May, a day already freighted with sacred and stimulating memories, a day of public memorial. I invite my fellow citizens fittingly to pay homage on this day to a noble dead who lived in homeland, beneath the sea or in foreign fields so that we who survive might enjoy the blessings of peace and happiness and to the end that liberty and justice, without which no nation can exist, shall live forever.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done in the District of Columbia, this third day of May, in the year of our Lord, 1921, and of the independence of the United States the 147th."

CLOTHING INQUIRY ASKED

PROBE OF WORKING CONDITIONS AND COSTS PROPOSED.

Borah Seeks to Determine Manufacturers' Relation With Open Shop Campaign.

WASHINGTON, D. C., May 4.—Investigation of the clothing industry and trade by the senate labor committee is expected to result in a resolution introduced today by Senator Borah, republican, Idaho. The scope of the inquiry would be broader than that recently proposed by Senator Moses, republican, New Hampshire, who asked an investigation into radical tendencies among the workers and into the Amalgamated Clothing Workers of America.

Under the Borah resolution, the committee would inquire not only into working conditions and unrest in the industry but their bearing on clothing prices and as to profits all along the line from the manufacturer to the retailer.

Inquiry also would be made into the Amalgamated Clothing Workers and "its relations in an early date, if any, with political organizations or quasi-political groups."

The same relations, if any, of the clothing manufacturers' associations would be looked into, together with these organizations' alleged connection with the so-called open shop campaign.
