

FRANK TROEH AGAIN TO FORE IN SHOOT

High Honors Tied in the 120 Registered Targets.

BECKER TROPHY IS WON

Vancouver Marksman Punched Out Winning Score at 37th Sportsmen's Tournament.

Once more Frank M. Troeh, the ace of ages in powder and shot circuits, was well to the front among the trapshooters in a convention at the Portland Gun club yesterday for the third day's barrage in the 37th annual Northwest Sportsmen's association tournament.

Troeh, in his eternal red sweater in 12-bore gun, tied for the high gun honors on the 120 registered targets, the first event of the day, while in the Becker trophy shoot the Vancouver marksman punched out the high score of 43 which won him the coveted trophy. On the 120 targets Troeh was forced to share honors with Frank Templeton, another local expert and consistent performer, who also turned in the handsome score of 116, placing him in a tie with Troeh.

Traps Kept Busy. From 9 o'clock yesterday morning until late in the afternoon the traps of the Portland Gun club were kept busy. The traps attracted not only sportsmen and strayed tendons towards afternoon for in order to make the day a big one Charles Dockendorf, one manager of the northwest division of the trapshooters' union, decided to crowd in three events which had been originally slated for this afternoon.

In the 120-bird event P. B. Dodele of Wells, Or., bumped off 115 blue-locks for second position while R. G. Lacey and Abner Blair, a couple of local experts, busted 114 each for third place. L. Cook was high professional with 116.

The 50-target northwest handicap event was won by E. G. Hawman of the local colony, who cracked the skein of 49 blue-locks. Frank Troeh won the Becker trophy handicap with a run of 45. This was another 50-bird event.

Shooters Tie for Medal. In the individual championship shoot, which was a 20-target affair, several of the shooters tied for the medal, and in the shoot-off R. W. Linder of Seattle, who grabbed the honor. The Multnomah medal was won by O. M. Jones, who plucked the feathers of 25 birds straight.

The three-man team trophy shoot was won by a Portland team composed of E. H. Keller, J. W. Seavey and C. E. Preston. Their aggregate score was 59 out of 60 targets. An Albany team composed of M. Rickard, R. Lacey and P. B. Dodele took second money with a score of 56, while a Portland team of Frank Troeh, W. S. Short and C. Sparks finished third with 57.

RELIEF FROM RATES ON FRUIT IS SOUGHT

Hearing to Be Held at Yakima Tomorrow.

RUIN DECLARED FACED

Apple Men of Northwest to Present Facts and Figures on Oregon and Washington Situation.

Relief from the present advanced railroad freight rates which threaten the prosperity of the apple, deciduous fruit and vegetable industries of the northwest, will be sought by Oregon and Washington growers at a hearing to be conducted by Henry J. Ford, special representative of the interstate commerce commission, who arrived yesterday in Portland. The hearing has been scheduled for Tuesday at Yakima.

Commissioner Ford arrived from California, where he held conference in Los Angeles and San Francisco on the effect of high freight rates on the fresh-fruit and vegetable industries. It was pointed out at these hearings that "if relief from the oppressive rates is not immediately forthcoming, the citrus, deciduous, apple, potato, onion and vegetable industries of California will be wiped out."

Situations Held Serious. Applesmen of the northwest will present facts and figures at the hearing tomorrow in an effort to show that the situation in Oregon and Washington is as serious as California and that the percentage increase in freight rates has placed the northwest perishable industries on the verge of ruin.

"The Pacific coast is the longest haul," said Commissioner Ford, who is registered at the Benson, "and the requests from the California and Colorado legislatures and the Washington commercial organizations have prompted the interstate commerce commission to hold the present hearings. The testimony presented will be informative to the commission and there is nothing in the way of a readjustment of rates either by the carriers or the commission."

It is pointed out that the Pacific coast states, being at a maximum distance from the eastern markets, and the perishable crops of heavy tonnage, being the hardest hit by the blanket increases, is the reason for the present survey into the fresh fruit and vegetable industries. The potato situation will be the subject of hearings to be held at Boise on May 14 and in Denver May 19.

Water Shipping Planned. Coincident with the hearings is the announcement that apple men of Oregon and Washington have formulated plans with the California Fruit Growers' Exchange for a fleet of fast fruit carrying refrigerated steamers, to move the apple and citrus crops from the Pacific coast to points on the Atlantic seaboard. A guarantee of 9000 carloads for the first year has been made by the Yakima Commercial club and the California Fruit Growers' Exchange in order to develop water routes as a means of escaping the excessive rail charges.

Representatives of the two industries, who have drafted the preliminary plans for the venture, declare that \$2,000,000 in freight will be saved on the 9000 carloads. A meeting has been scheduled for June to be held in Portland, for the purpose of taking definite action on the matter.

Pacific Defeats McMinnville.

In all of the previous games which Pacific has played she has lost on errors made in one inning during the game. P. I., the Korean pitcher for Pacific, has always out-pitched his opponent, and McMinnville boys have outbatted their rivals, but the hoodoo seemed to be operating against them. In the game with McMinnville, Pacific got 15 safe binges and turned the tables on Mac by scoring six runs in the sixth inning. P. I. struck out 13 men. The batteries were P. I. and Elliott; Yeates and Gowan.

SALEM, Or., May 8.—(Special.)—The Chemawa Indian school baseball team today defeated the State Penitentiary by a score of 8 to 3. The game was attended by a large crowd. Clyde "Red" Rupert, formerly of Portland, is captain of the prison aggregation.

Spike Baseballs Alleged.

MOBILE, Ala., May 8.—Spike baseballs have been discovered at the Mobile Southern association park, according to President Logan, who has taken the matter up with President Martin at Memphis and National Commissioner Landis at Chicago.

Salem 11, Albany 3.
