Construction Waits on Fill.

Although there has been no previous announcement of the construc- STREET CAR IS HELD UP tion, the Port of Portland commission is already depositing material dredged from the berth of the new 15,000-ton drydock at St. Johns onto the property of the Peninsula Lumber com-Railroad company's Willamette river terial being pumped there.

Stretching south from the property line of the railroad system the Penintends landward to the Willamette boulevard, the boundary line being on such an angle that the frontage on the boulevard is about 2000 feet. The STORM HITS TWO STATES average depth of the site between the river and boulevard is 1760 feet.

Log Storage Provided.

On the south half of the property is located the present mill and its various adjuncts. In front of the plant is the 1000-foot dock, which, last night resulted in the death of the inner side as well, really represents 2000 feet for the accommodation of vessels. Extending from the main railroad artery into the property to the dock is a standard-gauge track that not alone serves for mov- scores of cattle and destroyed a numing cargo into position for loading, ber of farm structures. No lives were but provides means as well for discharging any character of cargo from inbound hips directly into cars for delivery inland. In connection with plans for the second unit provision is made for another dock at the north end of the tract, which will add approximately 1000 feet of berthing

The new arrangement on the river side will afford the company space for the storage of 15,000,000 feet of railroad employes today by refusing logs and, as the first unit is up-stream from the site of the second to accept a 20 per cent reduction in unit, all logs found in the timber Their announcement was made at a for cutting in the new plant can be tives and company officials. shifted into storage there by the assistance of the current.

Unit to Be Model.

In carrying out the construction details not the slightest interference Aliens Must Get Citizenship Papers is necessary as regards the existing since the various structures will be located toward the north end of the site, much of the intervening space reserved for storage. In every bill 164, forcing allen atterneys to respect the second unit is to be a obtain their first citizenship papers model lumber manufacturing plant, within six months after it becomes (Concluded on Page 14, Column 2.) effective.

TEN HURT WHEN ONE

None Seriously Injured, According to Reports; Damage to Railroad Property Also Light.

EUGENE, Or., May 20 .- In a colision between the outgoing Southern Pacific Coos Bay passenger train and a freight train in the Eugene yards this morning ten people were injured, but none very seriously. The colli slon occurred when the passenge train went through an open switch train standing on the track. The injured are:

C. J. Griffith, messenger, cut or forehead and sprained back; Joseph Hastings, conductor, brulsed arm Engineer Deninney, bruises; Mrs Wharff of Marshfield, lip cut slightly; Mrs. Christiansen, 2303 East Sixth avenue, Spokane, bumped nose; Ernest Kitzler, 246 Burnside street, Portland bruised knuckle. V. E. Daugherty. news agent; Donald Milliken, North Bend; Barbara Naughton, North Bend, minor bruises.

Neither train was badly damaged railroad officials estimating the loss at \$200.

POACHER SUSPECTS FIGHT WITH OFFICERS

REVOLVER AND FISH GAFFS USED IN STRUGGLE.

Charlie Straight and Bill Freeman Charged With Angling in Clackamas River.

A flerce struggle in which a revolver and fish gaffs were used preceded the arrest of two alleged no terious peachers on the Clackama: iver yesterday, according to word received by Carl D. Shoemaker, secretary of the state fish commission The battle ended only when one o the deputy fish wardens fired a shot Melting Snows Fast Swelling directly at one of the poachers, who it was said, was attempting to his

him with a pike pole. The prisoners were Charlie Straight and Bill Freeman. They were arrest d, while operating in the Clackamas river, by Deputy Fish Wardens Johnson and Murphy. Their boat, a net and seven chinook salmon were seized by the wardens.

According to the message received by Shoemaker, the two men resisted arrest and tried to upset the officers boat and run them through with their gaffs. The fight waxed warm unti Johnson pulled a gun and fired point blank at Freeman, who, he said, was wielding a gaff. The bullet whizzed past the hand holding the gaff and the implement was dropped.

The two men were charged with fishing illegally in the Clackamas river, a closed stream; with fishing without a license and with not having their corks numbered. They will come up for hearing before Justice Noble at Oregon City Tuesday

PROFITEER HUNT PLANNED Lenroot of Wisconsin Wants to Run

Down Guilty Ones. WASHINGTON, D. C., May 20 .- The senate committee on agriculture today ordered a favorable report on the Lenroot-Strong resolution, authorizing a general survey of agriculture and related matters by a joint commission of the serate and house, to be composed of five members from

each body, three of them republicans and two democrats. "Let's find out just who is profiteering," said Senator Lenroot, urging tederal action on his resolution and indorsing the suggestion of President Harding for some government agency to give publicity to costs and profits in various lines. Publicity, with fair price findings, he edded, would be more potent than any

legislation. Senator Gooding, republican, Idaho, said the proposed joint commission should be in sympathy with agricul-
