INTEREST TURNS TO REFEREE

Contract for Title Go in Conflict With New Jersey Rules.

NEW YORK, May 20.—Interest in the coming battle between Jack Dempsey and Georges Carpentier, now that both are settled in their permanent training camps, is turning to the selection of the referre. In the original contract signed by Dempsey and Carpentier there was included a list of six prominent boxing authorities from which the ref-erce was to be selected, with certain provisions, in case all parties were unable to agree. The shifting of the scene of the contest to the state of scene of the contest to the state of New Jersey tends to bring this clause of the contract into conflict with the New Jersey boxing rules, which state that the referee of a bout held there shall be named by the boxing com-

mission of that state,

If the New Jersey commission ad-heres to this rule, it would only be by co-operating with the principals and promoters that any one of the six referees named in the articles of agreement could serve. Followers of boxing incline to the opinion that the honor of being the third man in the ring will be reserved for a New Jerreferee rather than a man from distant section of the country.

### Dempsey or Carpentier?

F. HUNT, boxing follower and a member of the committee in charge of staging the Elks' boxing card, May 27-1 expect Dempsey to cart off the decision, but do not think he will do it without a fight. Unlike the majority of boxing followers, I do not expect the match to terminate in a knockout, and look for it to go the entire distance. Carpentler is no sap and will be there every minute.

Ralph Gruman, ex-boxer, and ref-are for Portland boxing commission —Dempsey should knock Carpentler out within four rounds. I do not rate Carpentier as a setup, however, but Dempsey is such a wonder that I hardly think the Frenchman will be able to weather the storm for many

William R. Smyth, president Interstate Baseball association—Carpen-tier is the most underrated boxer in the game. I pick Georges to win the the game. I pick Georges to win the fight, and won't be surprised if he knocks Dempsey for a goal, instead of being on the receiving end of a k. o. punch, as many fans think. Evans also had a round which he started by driving four balls out of bounds from the first tee. This is a famous "dog legged" hole, turning to the right, the boundary on the right to the line being a rampart, which forms two sides of a triangle. The safe and usual game is to drive straight down the course and their play a haif iron shot at right angles to the line from the tee. Only a very few long drivers have tried, and usually unsuccessfully, to carry the hazerd by driving across the base of the triangle.
