Growers Must Pick Cleaner Than Last Harvest.

WARNING SENT TO COAST

plainly what will happen if the coast growers attempt to deliver the same kind of goods on contract in the coming season. Warning is given that dirty picked hops will be rejected if tendered.

I. Topham Richardson, chairman of the Lorent Marchants' association, writes to The

Hop Merchants' association, writes to The Oregonian from London:

Oregonian from London:

"As chairman of our hop merchants' amociation I am desired to hand you copy of a resolution passed at a recent meeting of the association to which practically all the merchants have appended their signatures. I can only hope that such their signatures. I can only hope that such their signatures. I can only hope that such their signatures are recognizative opinion will have a straight and their signatures. I can only hope that such their signatures are recognizative opinion will have a straight and their signatures. I can only hope that such their signatures are recognizative opinion will have a straight and their signatures. I can only hope that such their signatures are recognizative opinion will have a straight and their signatures. I can only hope that such their signatures are recognized.

Local jobbing quotations:
SUUAR (sack basis)—Cane granulated. Spanish liberts are pround; best files there we remitted there we remain the remaining the remaining the remaining there we remain the remaining there we remain the their signatures. I can only hope that such their signatures. I can only hope that such their signatures a strongly representative opinion will have style, 4%c per pound.

BEANS—Small white, 4%c; pink, 7%c; the effect of inducing more care to be exercised in the gathering of the 1921

"This meeting of the Hop Merchants' association desires to record its dissatis-faction at the disgraceful manner in which the Pacific coast hops were delivered unontract this season, the percentage o eaf and strike being quite abnormal, evi-iontly owing to gross neglect in super-

Out-of-Town Orders Are Being Completed-Butter in Demand.

Eggs were firm, with most of the buy-rs offering 17 cents to country ship-pers. Resales were made on the street at 18 cents. The completion of out-of-town orders, together with decreased receipts, was responsible for the strength. of the market.

Cube butter continued firm at the 26-cent basis for extras, with further de-mand from the south. City print trade was reported good.

Poultry receipts are steadily increasing

and the market is becoming weaker, Light hens sold yesterday as low as 18 ents. The trade in country dressed meats is

atili unsatisfactory.

Quality of Berries Affected. There was a strong demand on the street for strawberries, but the trade was handleapped by the poor quality of

Wheat Supments are Ligner.

INCREASE IN BURLINGTON

DIVIDEND IS FACTOR.

Probable Success of French Government Loan Adds to Firmness of Liberty Bonds.

do B' pfd 14½

road earnings.

Other encouraging factors included an increase in the Chicago, Burlington & Wells Farso. 62

Quincy dividend, with resultant benefits to the Hill roads; the probable success of the new French government loan and indications that the administration had instituted measures to stabilize the international financial situation.

Apart from several of the more representative stocks, however, the list showed little evidence of outside support.

Raila oils, steels, equipments, shippings and coppers again encompassed much of the day's operations at extreme gains of 1 to 3 points.

Chief elements of weakness were the rubber and tire issues, as well as food special tires and several unclassified stocks whose dividend records were believed to be entiangered. Sales amounted to 595,000 binares.

Further withdrawals to meet federal descriptions.

be entiangered. Sales amounted to 202,000 sincres.

Further withdrawals to meet federal demands and June Interest and dividend payments forced call money from its opening rate of 7 to 7½ per cent in the final hour. Bank demand acceptances rose to 7 per cent, but time rates and commercial paper were unchanged.

Chicago 56 700.00 .44 E Cloudy terday by the Overbeck & Coaks company of Portland said:

"Wheat—The possibility of considerable wheat coming into this market before the end of the month, to which we called attention in May, was the dominant factor in today's market. The Chicago price for wheat yesterday was likely to relieve the tension in May, was the dominant factor in today's market. The Chicago price for wheat yesterday was the highest in the world and well above a shipping basis, so that it was but natural to assume that outside markets would take advantage of the disparity by diverting wheat to Chicago. Bids to arrive were reduced to 25 cents over July for No. I hard and 20 cents over July for No. I hard and 20 cents also over for No. I red for five and ten days' shipments. The seaboard reported 230,000 bushels sold for export to Holland, but said the foreign demand otherwise was very slow. The enthusiasim on the buying shipments. The seaboard reported 230,000 bushels sold for export to Holland, but said the foreign demand otherwise was all the foreign demand otherwise was very slow. The enthusiasim on the buying shipments. The seaboard reported 230,000 bushels sold for export to Holland, but said the foreign demand otherwise was very slow. The enthusiasim on the buying shipments are moisture was badly need of Fully was checked by reports of coplous rains over a large part of the bott, particularly in parts of Kansas and Missouri, where moisture was badly need of Country offerings show a slight dedend upon whether or not the rains relieve the crop situation in the southwest.

"Corn started sharply lower on larger receipts and selling of futures by received in bouses against cash purchases. Around midday the market displayed a firm tendency, helped by advices from St. Louis for the market displayed a firm tendency, helped by advices from St. Louis for the market displayed a firm tendency, helped by advices from St. Louis for th Five million dollar manufacturing plants The stability of Greybull can be appreciated in light

of the fact that it is the trading center for 40,000 acres of irrigated lands, and the site of the big oil refineries of the Standard Oil and Midwest Refining companies that have \$5,000,000 invested. It is also the division point on the C., B. & Q. Railroad. We unreservedly recommend
