

BIBLE QUOTED FOR AND AGAINST WOMEN

Deacon Question Debated at Presbyterian Assembly.

NO DECISION REACHED

Government Is Asked to Prevent Shipment of Liquor to Non-Christian Countries.

WINONA LAKE, Ind., May 26.—

Scriptural quotations were passed back and forth today as commissioners to the 123d general assembly of the Presbyterian church attempted to establish how much of a part women are to have in ecclesiastical government. A decision was finally reached to allow the presbyteries to take a referendum vote on the question of allowing women to be installed as deacons.

A report on the matter will be submitted at the next assembly.

The proposal brought a protest from Rev. Abraham Latham of Chester, Pa. He quoted from the Book of Acts in which he said the 12 apostles in calling for the appointment of deacons gave this injunction to the disciples:

"Look ye out, therefore, brethren from among you men of good report, full of the spirit and of wisdom whom you may appoint over this business."

"We have this for our guide, brethren," he declared, "and I believe that we should stick pretty close to the good book."

Immediately there were counter quotations from the book of Romans, as follows:

"I commend unto you, Phoebe, our sister, who is a deaconess of the church that is at Cenchreae, that ye receive her in the lord, worthily of the saints and that ye assist her in whatsoever matter she may have need of you."

Resolutions were adopted asking the United States government to find ways to prevent transfer of liquor from this country to non-Christian lands.

The Presbyterian board of foreign missions has a statement of good report of 1920, a net gain for the year of 160, according to the annual report to the general assembly as submitted by Dr. Robert R. Spear, secretary.

The general assembly was formally dissolved tonight by the moderator, Dr. Henry P. Swearingen of St. Paul. It had been in session since May 19.

DRIVE FOR FUNDS INDORSED

Southern Presbyterians Would Expend \$75,000 in Europe.

ST. LOUIS, Mo., May 26.—A campaign for a \$75,000 fund to be spent in France, Belgium and Czechoslovakia in the next year was indorsed at the closing session of the 51st general assembly of the Southern Presbyterian church today.

The assembly also forwarded to its synod a recommendation that October 12, which is designated as "reformation day," be set aside for a collection for relief work among Protestant forces of Europe. They voted an appropriation of \$100,000 to the salaries of each of the denomination's army and naval chaplains \$100 in the next year. It also was voted that a similar appropriation of not less than \$300,000 be established.

After refusing to act on a proposed indorsement of the Boy Scout movement, the assembly recommended and adopted a resolution commending the organization.

Opposition had developed from the assertion of commissioners that Boy Scouts occasionally conducted their activities on Sunday.

After approving a report to enlarge the duties of women assisting deacons, the assembly tabled a resolution providing for the appointment of women to act in an advisory capacity on the several executive committees.

STAGE AREA DESIGNATED

EXACT LOCATION LEFT TO AUTOMOBILE OWNERS.

Decision on Centralized Terminal May Be Reached Before Traffic Committee.

Location of the centralized automobile stage terminal probably will be decided at a hearing before the council traffic committee next Tuesday afternoon at 2 o'clock. All owners of automobile bus lines will be invited to attend this meeting. It was announced yesterday.

The special traffic committee was advised by City Attorney Grant that it should designate an area in which the terminal shall be located and its function should not be to designate a particular location for the terminal unless the automobile stage owners were unable to agree upon a location.

Acting upon this advice, the committee adopted the following restrictions:

"No stage line terminal shall be located in the district described as follows: Starting at the river on the south line of Hoyt street, west to the east line of Eighth street, south to the south line of Burnside street, west to the east line of Eleventh street, south to Yamhill street and east to the river. No terminal shall be located on Broadway from Madison street north to the Broadway bridge."

PERMANENT PEACE IS HOPE OF HARDING

Less Need for Further National Sacrifice Expressed.

LEGION HEARS ADDRESS

President Cites Memorial Day as Consecration to Deeds of Heroic Dead.

NEW YORK, May 26.—President

Harding in a memorial day message to the American Legion, made public tonight, expressed hope that the future would bring less need for further national sacrifices. The message follows:

"Americans have never been much given to the establishment of holidays and festive days. Perhaps our national life has been so short, and entirely within so matter of fact and practical a period of the world's history that we have been little moved by the sentiments that such occasions inspire. Yet, I think no nation has ever exhibited a national day of consecration that represented a more lofty and ennobling sentiment than does our national memorial day. To its observance I have always been full measure of sincere reverence and gratitude that a great people is ever to entertain for those who have made the great sacrifice in its behalf."

"War Demands Always Met. Memorial day marks our recognition of those who, from our national beginnings, have deserved the most that the nation could give of gratitude and appreciation. It reminds us that in every generation, from Lexington to the Argonne, our valorous sons have well deserved the highest tribute that a nation, fortified, defended, preserved could give to them. Whenever the demand has come, and wherever it may have called the sons of our proud land, it has always been answered. Though we have never been a militant or war-loving people, there has been no time when Americans did not rise to the full measure of the requirement which national honor and national safety imposed on them. When national safety was the cause, the response was always insistent and decisive. When civilization summoned and our sons were called to the other seas and soils, we saw the same promptness, the same zeal, the same devotion."

"Peace is Common Aim. On this memorial day of 1921 we stand, I trust, very close to peace achieved, to safety insured. May it be our common aim and purpose that in the coming years, our nation's aim and policy shall be directed to make certain that there shall be the least need for further sacrifices, greatest guarantees of the stability, the permanence and the inspiring character of those institutions of liberty to which our nation has been dedicated."

HAWAIIAN DANCER AT OAKS PARK OPENING TODAY.

"Jonka," with Hawaiian Troubadours.

"Jonka," dancer and singer with the Royal Hawaiian Troubadours, which features the opening of the Oaks amusement park today at the Oaks auditorium, is a type of beauty new to Portland.

Jonka is the type of Hawaiian that made possible the play, "The Bird of Paradise." She strums the ukulele and dances entrancingly. Her dancing is characteristically Hawaiian, as such as meets the approval of an American audience.

F. D. WHITING ARRESTED

REPUTED CANCER SPECIALIST ACCUSED OF QUACKERY.

Two Bereaved Husbands Complain of Death of Wives While Under Treatment by "Expert."

Treatments by F. D. Whiting, purported cancer specialist in the Broadway building, twice have ended with the death of patients, according to the complaints of two bereaved husbands to District Attorney Evans.

The machinery for the thrill-makers received its workout yesterday. Everything was in first-class shape at the close of the day, according to Manager Cordray, who was heels over head in applying the finishing touches.

The "Whiting solution" was the basis of the supposed cancer cure, treatments of which were quite expensive by reason of the fact that they were supposed to contain platinum, it was said.

Harold Jordan of Kenton, whose wife died last September, signed the complaint against Whiting. Dr. Henry Waldo Coe of the board of medical examiners was said to approve the action of the district attorney in the matter.

Jordan told Mowry that his wife had been afflicted by a reputable physician and that the doctor had told him she had less than six months to live. She went to Whiting, who was confident he could cure her in a brief time, said Jordan. She died within five months.

Another husband complained to the district attorney recently that his wife had died shortly after beginning treatment for cancer from the "specialist."

JURY FREES ASSAILANT

Man, Whose Attack Caused Stranger's Death, Not Indicted.

George Earl Adams, whose attack on a stranger who looked in the window of his home last Sunday night was called, "Hello, kid. You look good to me," to Mrs. Adams, resulted in the man's death, was not indicted by the Multnomah county grand jury, it was true bill being returned yesterday afternoon.

Hugh C. Bressler, the man who was killed, was thought to have been drunk. Adams told the grand jury that when the man came to the window of his rooms at 325 Front street and made the remark, his wife asked him to drive the stranger away. In doing so, Adams said he shoved Bressler along the sidewalk and he fell, striking the back of his head. A fractured skull caused the death.

PORTLAND FLAG URGED

George H. Himes Wants City to Adopt Official Pennant.

The city of Portland should have an official flag, according to George H. Himes, assistant secretary of the Oregon Historical society, who yesterday forwarded a communication to Mayor Baker, urging the mayor to take proper steps to have an official flag adopted.

Mr. Himes stated in his communication that the majority of cities in the United States had adopted official flags bearing the official city seal, and that Portland should do likewise. He also stated that every state has an official flag.

The communication has been referred to the city council for consideration.

NEW PHONE LINE IS UP

Trunk 25 Miles Long Completed by Forest Service.

A trunk telephone line 25 miles long has just been completed by the forest service from Medford to Butte Falls, according to C. M. Allen, telephone engineer, who arrived in Portland yesterday. The line will serve both the Crater and Umpqua national forests and will be of great assistance in forest protection work, said Mr. Allen.

Several hundred miles of telephone construction work is planned for the forests of Oregon and Washington this summer. The trunk line just completed is on poles and not on trees, which is the usual method in the forests.

Favorable reports have been received from several cities of the enthusiastic way in which forest protection week plans have worked out. The newspapers of the state have co-operated splendidly and have had much to do with the success of the week, according to J. D. Guthrie of the local office. Baker and Eugene were particularly successful in their forest protection weeks.

Those receiving sheepskins that evidenced their completion in a satisfactory manner of the college course were: William D. Burnett, Emerson B. DeVore, Ben G. Fleischman, Johanna H. Geysbeck, Edward G. Harlan, Ethel C. Hoffman, Ben C. Ivey, Walter R. Knack, David A. Leedom, Paul E. Powers, Alexander W. Robertson, Grover A. Samuels, Otis Leo Shea, Frank B. Soreghan, William G. Van Dersal and Metta D. Walker.
